

Senate Adds New Rule

The Women's Student Government Association Senate added a new rule Wednesday to its regulations concerning dormitory guests.

A coed's guest may stay out until 11 o'clock on weekdays if the coed is willing to relinquish one of her own 11 o'clock permissions to her guest, according to the new rule.

Joan Hutchon, Senate advertising committee chairman, said her committee will be made up of a coed from each dormitory unit and one for all the cottages. The committee publicized this week's WSGA elections.

Members were in favor of the suggestion that senators donate blood to the Red Cross drive Nov. 14 and 15.

There will be keen competition among dorm units, sororities, and independent women's organizations as they vie for honors. As the season progresses, interclass games will be added to the schedule. Near the end of the program, outstanding players from some of the sports will be chosen to perform in all-star games.

Kalson Wins Essay Contest, Free Vacation

Every now and then, while leafing through a magazine, you come upon a contest which attracts your attention. It catches your eye mainly because of its fabulous list of prizes, and the misleading simplicity of its contest form.

A typical lead to winning a million dollars or a trip to a much-publicized resort is, "Complete this sentence in 25 words or less..." A few short words concerning the product advertised begins the sentence which the contestant must finish.

Phyllis Kalson, a 6th semester advertising major, entered such a contest sponsored by the makers of Catalina bathing suits, and won third prize.

Miss Kalson completed the sentence, "The new 1950 Catalina bathing suits are my favorite swim suits because..."

The 25 words which she used gained her a four-day trip to either Nassau, in the Bahama Islands, or Havana, Cuba, with all expenses paid. Miss Kalson will have the best accommodations available at whichever resort she chooses to stay, at the British Colonial Hotel in Nassau, or at the Hotel Nacional in Havana.

Pan-American Airways will fly Miss Kalson from her home city, Pittsburgh, to her destination and back.

As yet Miss Kalson does not know exactly when she will take her trip, but she says "probably during Christmas vacation."

Counseling Service Asks for Tutors

Frank Simes, director of counseling service, yesterday requested tutors for men in the dorm areas.

Some tutoring has been conducted in past semesters but an attempt is now being made to assemble a master list of tutors so that the program can be systematized and enlarged. These tutors may be used for DIR students also.

Tutors in chemistry and mathematics are especially needed. All interested men may contact John Hannes, counselor for the West Dorm area, or Cy Rubinfeld, counselor for the Nittany-Pollock area.
