### **Open Vote** Motion Is **Postponed**

By BOB FRASER

A proposal to require all or-A proposal to require all organizations represented on All-College Cabinet to release results of all popular elections was postponed last night for one week by a 17 to 2 vote of All-College Cabinet

Carolyn Barrett who asked Cabinet to consider the amend-ment, said that the "most frequent comment made in defense of withholding election figures is that a candidate may be hurt if she loses either by a large majority or a slim margin."

She said that these were not grounds to withhold information

from the public.
Only Marvin Krasnansky, Daily
Collegian edtior, and David Stab-ler, Agriculture Student Council
president, voted against the postponement.
"Basic Principle"

The motion to postpone cabinet action was a subsidiary motion by Edward Shanken, Liberal Arts Student Council president, which superceded a motion to postpone the proposal indefinitely

Krasnansky argued that the re-vealing of election figures was a "basic democratic principle" and that if All-College election returns are made public, women's election returns should be made

The original motion to consider such an amendment was passed by a vote of 15 to 4.

Yvonne Carter, vice president of WSGA said the obligation is to the women students to reveal such information, not to All-College Cabinet. There has been no widespread desire to learn the results, she said.

#### Churchill Holds Lead

According, to early returns from yesterday's national elections in England, former Prime Minister Winston Churchill and his Conservative party are running ahead of incumbent Clement Attlee.

The Conservatives, pre-voting favorites, gained four seats in the first 120 districts to report.

All-College Cabinet last night approved a recommendation requesting the College Board of Trustees to appoint two more student representatives - the All-College Secretary Treasurer and the President of Women's Recreation Associa-

tion—to sit on the Athletic Advisory Board. The vote was 11-7.

The recommendation was passed after a long debate between Stanley Wengert, Interfraternity ley Wengert, Interfraternity Council president, and Marvin Krasnansky, Daily Collegian editor. Wengert contended that the board was doing a good job, and the increase in student representation would be a slap at the tation would be a slap at the board. He said three votes out of 13 is no more voice than five of

3 Students on Board

At the present time, the board is made up of three student representatives, four faculty members, elected by the College Senate, five members of the Alumni Association elected by the Alumni Council, and one representative of the board of trustees who must be an alumnus.

Krasnansky claimed that ath-

letics were student affairs, therefore needing more student representation. He said the two additional students would give a better cross section of student opinion on athletics. He also pointed out that there are, at the present time, no women representatives to the board, but women still pay a \$9 Athletic Association fee each semester.

Preferential Seating System Krasnansky also reported to the cabinet that the board had in-structed Harold R. Gilbert, graduate manager of athletics, to investigate a preferential seating system for the arrangement of a flashcard system.

In other cabinet action last night, an amendment to the All-College Constitution stating that Tribunal, men's judicial body, shall consist of five seniors, four juniors, and one sophomore repwas unanimously

Cabinet also unanimously approved the election committee's recommendation that campus political parties expenditures be increased from \$100 to \$150 for each party. Personal donations were increased from \$20 to \$35. The Nov. 15 election date was also approved, as were this Sunday's date for opening nomina-tions for class officers, Oct. 28 for final nominations, and Nov. 12 for the opening of party cam-
