

Churchill Wins Prime Ministry

LONDON, Oct. 26—(AP)—King George VI restored Winston Churchill to the prime ministry tonight as the victor in a hard fought election which ends six years of socialist Labor rule, Churchill pledged to work for better times.

The Conservative Party led by Churchill won 319 or more seats in the 625-seat House of Commons, and thereby majority control and the right to name the new government. However its popular vote was about one percent less than that of the Laborites in yesterday's general election.

Oldest Since Gladstone

With five seats still unaccounted for, Clement R. Attlee's Labor Party had 293 seats, the Liberals five and others three.

Churchill, 77 next month, returns to No. 10 Downing street as the oldest prime minister Britain has had since Liberal William Gladstone, 85, resigned in 1894.

The new cabinet probably will take office Monday. The new Parliament will meet Wednesday to elect a speaker. It will hold its first formal session Nov. 6.

Labor Gets Most Votes

The Labor party polled the highest popular vote ever given a single British party, but lost the contest because many of its whopping majorities came in the normally Labor voting industrial areas. Conservative strength was more evenly spread.

Labour's popular vote for 615 districts was 13,871,123 compared to 13,655,021 for the Conservatives. The Labor Party had held the previous high record for the popular vote with 13,295,736 in the February, 1950, poll.

U.S. Jets Down Two Red MIGs

U.S. EIGHTH ARMY HEADQUARTERS, Korea, Saturday, Oct. 27—(AP)—American jets shot down two more Russian-made MIG-15's Friday in the continuing series of flashing dogfights over northwest Korea. Three Red jets were reported damaged.

Ground action slowed while sub-committees bargained at the Panmunjom truce talks, but some Allied gains were made in western and central Korea.

From naval headquarters came a belated report that the U.S. heavy cruiser Helena and the destroyer escort Ulbert M. Moore were hit by Red shore batteries off the northeast coast. One sailor was killed and two were wounded aboard the destroyer escort Oct. 17, four were wounded aboard the Helena Oct. 22. Both ships remained in action.

Fuel Technologists To Report on Research

Staff members in the Department of Fuel Technology at the College will report on research projects at the sixth Technical Conference of the Central Pennsylvania Coal Producers' Association which opens at the College Tuesday.

More than 125 operators are expected to attend the meetings which will open with demonstrations in the Coal Combustion Laboratory.

Leonides Elections

Leonides will not release figures on Thursday's election returns according to Muriel Amsel, election committee chairman. She said the policy was decided by Women's Student Government Association last spring and Leonides would abide by the decision.

U.S. to Send Weapons To Yugoslavia

WASHINGTON, Oct. 26—(AP)—The United States has agreed to send modern American weapons to Communist Yugoslavia to help arm the country against the possibility of outside attack, officials said today.

They said American and Yugoslav authorities, after weeks of secret negotiations, have agreed on the terms of a military aid pact which will govern the flow of these weapons.

A formal signing ceremony is scheduled to take place in Belgrade "within a few days."

This is the first time in the post-war period that the United States has agreed to send American arms to the government of a Communist nation. It is deemed necessary, however, to support Yugoslavia's stand against the Kremlin and encourage similar independence in Soviet satellite nations.

Brig. Gen. John W. Harmony, American military attache in Rome, is to head the American military mission in Yugoslavia, it was learned.

Marshal Tito, Yugoslavia's leader, accepted this condition after Gen. J. Lawton Collins, American Army chief of staff, assured him during a visit to Belgrade last week that the American military group would not roam indiscriminately throughout Yugoslavia.

\$1418 Collected For Olympics

The Women's Recreation Association and Blue Key, junior men's honorary, collected \$1418.19 for the Olympic fund at the Michigan State football game, Harold R. Gilbert, graduate manager of athletics, said yesterday.

After donating 10 per cent of the College's contributions to the general fund, the remainder will be divided among track and field, gymnastics, and boxing, Gilbert said.

Donation boxes for the fund will be at the Corner Room and the Nittany Lion Inn until Dec. 1. The 1952 Olympics will take place Feb. 14 to 25 in Oslo, Norway and July 19 to Aug. 3 in Helsinki, Finland.

Gilbert is a member of the United States Olympic committee as the representative from the Olympic boxing committee. Eugene Wettstone, gymnastic coach, is on the Olympic gymnastic committee, and Charles Werner, cross-country and track coach, is on the Olympic track committee.

Churchill's Return Applauded

LONDON, Oct. 26—(AP)—Return of Winston Churchill was applauded throughout most of Europe tonight as a boost for Western world leadership and the prospects of a United States of Europe.

Even those politically opposed to Churchill conceded he would be welcomed into the high councils in Washington to bolster the Western leadership in the diplomatic see-saw with Russia.

Continental newspapers and politicians said they expected the new British Prime Minister to revive the drive for unification of Western Europe on the U.S. pattern of states, one of Churchill's pet postwar projects.

Communists saw it as a victory for the United States. The French Communist newspaper Ce Soir said Churchill's return meant "an aggravation of the imperialistic belligerent American policy".

In Germany, which Churchill helped bring to its knees in unconditional surrender when he was Britain's wartime leader, his return was hailed as a favorable sign.

Government circles in Western Germany talked mainly of his "positive attitude" towards European unification, a project strongly favored by chancellor Konrad Adenauer's coalition regime.

Seminar to Be Held By Sanitary Engineers

A Sanitary Engineering Seminar, sponsored by Sigma Epsilon, local sanitary engineering honorary, will be held at 7 p.m. Monday in 102 Main Engineering.

Two movies entitled "Pipeline to the Clouds" and "Clean Streams" will be shown at the seminar.

The seminar will be open to the public and will be of special interest to all civil engineering students, Edward Edgerly, president of Sigma Epsilon, said yesterday.

Reds Give up 38th As Demarcation Line

MUNSAN, Korea, Saturday, Oct. 27—(AP)—Communist abandonment of the 38th parallel as demarcation line somewhat brightened Korean cease-fire prospects today.

The line which the Reds did suggest at Friday's sub-committee meeting in Panmunjom was quickly rejected by the United Nations negotiators "because it does not provide military protection for our troops."

However, Red failure to insist on the old 38th parallel boundary was the most important development since the truce talks began last July 10.

For the first time it lifted the issue out of the political arena and placed it where the UN said it always belonged—in the military field. The Reds and the UN discuss the issue further at Panmunjom at 11 a.m. today (9 p.m., Friday, EST).

Replying to a United Nations proposal for a buffer zone, the Communists Friday suggested a demilitarized zone up to 15 miles south of the present battle front. This would require the Allies to give up such territories as the "Iron Triangle," Heartbreak Ridge, and the Punchbowl, all won at great cost.

The Allied rejection could not dim the wave of optimism that swept the UN Advance Camp at Munsan. The way was open for further dickering, more give and take which could lead to a solution of the issue.

Hillel Hebrew Course Will Begin Thursday

A short course in Hebrew reading, writing, and conversation will be given at 7 p.m. Thursday evenings beginning Nov 1 at the Hillel Foundation. This class will meet weekly and is open to all students and faculty members on campus without fee or registration.

In the six weekly sessions of the course, students will study reading and writing Hebrew, as well as Hebrew conversation.

Psych Test Results Available for Coeds

All freshmen women in education, home economics, liberal arts, and physical education who took the psychology tests during Orientation Week may have their results interpreted now, M. L. Zeigler of the Student Advisory Service announced yesterday.

Students may request an appointment at the Psychology Clinic Annex at the rear of Women's Building.

Two Year Term Set for Reserves

WASHINGTON, Oct. 26—(AP)—The Army said today that, under present plans, organized reservists who have been called to arms must serve 24 months and that members of organized reserve units will be released as individuals, not in units, after they complete the term of duty.

Many of the units were only partly up to strength when called up and had to be built up with troops from other sources. Such sources, including the draft and replacements, will be used to continue the unit designations.

Members of National Guard units now on active duty will likewise be released individually after 24 months' service.
