

Allies Drive Two Miles, Insist on Buffer Zone

U.S. EIGHTH ARMY HEADQUARTERS, Korea, Wednesday, Oct. 31—(P)—Allied forces jabbed two miles behind the Communist central Korean defenses at Kumsong Tuesday and carved out short gains on both eastern and western fronts.

In the center of the line around Kumsong, newly reinforced Chinese troops threw two light probing attacks at Allied units perched on high ground southeast of the city. Both attacks were repulsed.

For the second straight day the Red air force avoided combat with Allied planes. Pilots sighted about 60 Russian-built MIG fighters during the day but apparently the Reds were under orders not to fight.

MUNSAN, Korea, Wednesday, Oct. 31—(P)—The United Nations command took an unyielding stand today for a "shock absorber" zone in front of the main UN defense lines as the price of a cease-fire in Korea.

Allied tempers were wearing a little thin after six fruitless sub-committee sessions failed to solve the issue of a buffer zone between the opposing armies.

Maj. Gen. Henry I. Hodges, Chairman of the Allied sub-committee, said the only thing the Reds were offering was to pull back from worthless and indefensible territory while asking the Allies to withdraw from nearly 95 per cent of the active front.

Grange to Initiate Sixty Students Tonight

Grange initiations of the first and second degree will be conducted for about 60 students by the Baileyville Grange at 7 tonight in 100 Horticulture Building.

All College students interested must join now or wait until next semester.

Thanksgiving Day

WASHINGTON, Oct. 30—(P)—Though President Truman has not yet proclaimed Thanksgiving day, it will be on Nov. 22.

A Congressional act of 1941 fixed the fourth Thursday in November as the day to be observed.

The World At a Glance

LONDON, Oct. 30—(P)—Prime Minister Churchill cut both the size and the pay of Britain's new cabinet tonight.

He promised that more economy in government will come, including "large reductions in the use of ministerial motor cars."

The biggest pay slash was taken by Churchill himself.

WASHINGTON, Oct. 30—(P)—Princess Elizabeth and her husband will get a rousing—though maybe a damp—welcome tomorrow on their first visit to the U.S. The President, Mrs. Truman, and Margaret will be at the airport at 4 p.m. (EST) to meet Elizabeth and Philip, Duke of Edinburgh.

BUFFALO, N.Y., Oct. 30—(P)—Ten men were believed dead tonight as the result of one of Buffalo harbor's worst distasters—the explosive collision of a Great Lakes freighter and a barge loaded with gasoline.

Three bodies have been recovered. The U.S. Coast Guard said the latest count showed seven seamen were missing.

Postal Card Rate to Double

WASHINGTON, Oct. 30—(P)—A bill to abolish the penny post card and to raise postal rates \$117,000,000 a year was signed today by President Truman.

Beginning next Jan. 1 post cards will cost two cents.

The new law does not change the three-cent rate for ordinary first class letters or affect existing air mail rates. It also authorizes a rise in the cost of special delivery stamps from 15 cents to 20 cents beginning Jan. 1. Charges for most post office special services, such as insured and registered mail and C.O.D. deliveries, will also be increased.

Atomic Bomb Tests Continue in Nevada

LAS VEGAS, Nev., Oct. 30—(P)—Another of America's lethal atomic bombs flashed in the desert against a bright dawn today and gave observers a man-made display of fireworks that rivaled the aurora borealis.

The deadly beauty was dropped by an air force B-29 from an extremely high altitude, probably 30,000 feet. It burst in red and white glory at an altitude of about 1,000 feet above the floor of the Yucca Flat test site.

The reaction that followed the rising mushroom and the great cloud, provided a display of colors ranging from gray and brown to royal purple and baby pink.

This third and largest detonation in the present series of tests by the atomic energy commission was witnessed by hundreds of

military observers and at least five wide-eyed congressmen. Troops, moved into Camp Desert Rock for army maneuvers in connection with atomic weapon tests, were not involved in the operation.

It was believed that today's atomic display was perhaps the final AEC tune-up before the army maneuvers, which will test with ground troops the tactical capabilities of smaller atomic weapons.

LSA Opens Series Of Bible Studies

The first of a series of Bible study groups, sponsored by the Penn State Lutheran Student Association, will be held at 7 tonight at the Lutheran Student Center, 412 W. College avenue. The topic of the discussion, led by Prof. Barbara Schick, will be "Ephesians."

"One Task of the Church" will be discussed at 7 p.m. tomorrow. Pastor Edwerth Korte will lead the discussion. Pastor Donald Raup will lead a discussion on "Practical Christianity" at 7 p.m. Friday.

Sake, the national beverage of Japan, is made from fermented rice and contains from 12 to 15 percent alcohol.

Yeagley to Speak At PSCA Meeting

Dr. Henry Yeagley, associate professor of physics, will speak on "Science and Religion" at the Penn State Christian Association round table at 8 tonight in 304 Old Main.

This will be the second in a series of talks on science and religion sponsored by the group.

The round table committee decided to have the series after the first talk on the subject by Dr. Conrad Fernelius, professor of chemistry, provoked much discussion two weeks ago.

Joan Hutchon and Merritt Dinage will be in charge of the meeting.

7 Letters to aim for in sports...

GABMONT by Manhattan

You can't beat the Manhattan Gabmont sportshirt for up-to-the-minute style... and it has all the built-in comfort that every smart college man demands. The Gabmont is made of washable gabardine that lets you save on cleaning bills. Comes in a variety of good-looking colors. And it will serve as an extra dress shirt because it has long sleeves and can be worn with a tie. \$5.95*
