## Red China Hopes for UN Seat Blasted; Soviet Deal 4 Defeats

PARIS, Nov. 13—(AP)—The United Nations assembly today slammed the door of its Paris session on Red China, whose conduct was denounced by Secretary of State Dean Acheson as being far below "the general level of barbarism."

Handing its fourth stinging reversal of the day to the Soviet bloc, the assembly voted 37 to 11 against considering any proposal to seat the Communist Chinese regime.

The assembly acted after Acheson's brief part in a day of vigorous debate had constituted one of the most scathing indictments of Red China ever heard in the UN.

**Guilty of Aggression**  
In other setbacks to Russia the assembly:

1. Voted 30 to 8, with 13 abstentions, to consider Nationalist China's old charges that Russia aided the Red Chinese and is guilty of aggression.

2. Decided 47 to 6, with two abstentions, to take up the United States-British-French proposal for an impartial international commission to investigate whether present conditions make it possible to hold genuinely free elections in all Germany and unite the country.

**Disarmament Plans**  
3. Voted 44 to 5, with four abstentions, to hear Yugoslavia's complaint of hostile activities by Russia, Bulgaria, Hungary, Romania, Czechoslovakia, Poland, and Albania.

The assembly also decided, without discussion, to debate the rival disarmament plans of the three big Western powers and of the Soviet Union.

Finally, it decided, on Egypt's suggestion, to postpone a debate on whether to put the question of Morocco on the agenda.

## Effort to Solve Iranian Dispute Ends in Failure

WASHINGTON, Nov. 13—(AP)—An American effort to settle the Anglo-Iranian oil dispute ended in failure today, with the State Department announcing that "no new basis" for an agreement is in sight.

Iran's prime minister, Mohammed Mossadegh, intends to leave by plane for Tehran Thursday.

He has spent three weeks in Washington while American mediators tried unsuccessfully to find a compromise. The international quarrel began when Iran nationalized huge British oil interests in its territory.

Although no solution was found, the State Department expressed belief that "progress has been made." It added in a statement: "The United States continues to hope . . . that the two parties will be able to find a mutually acceptable basis for a satisfactory settlement, and will continue to do everything possible to assist them to this end."

Earlier today the International Monetary Fund extended an \$8,750,000 credit to Iran to help tide it over the financial crisis created by the dispute.

## School of Fish Stops Truman's Atlantic Swim

KEY WEST, Fla., Nov. 13—(AP)—President Truman abandoned his daily swim in the Atlantic Ocean today when a school of large fish, possibly barracuda, swarmed to within 30 yards of him.

Swimming close to shore, he scrambled out of the water when secret service men spread the alarm.

The President himself was never in any danger, but his Army aide, Major General Harry H. Vaughan, and David Bell, assistant to special counsel Charles S. Murphy, had to be hauled in by secret service men in a rowboat.

## Taft Won't Carry GOP Fight to Pa.

HARRISBURG, Nov. 13—(AP)—Sen. Robert Taft (R-Ohio) said today he has no plans at present to carry his fight for the GOP Presidential nomination into Pennsylvania's primary election next year.

He told newsmen however he feels most Keystone Republican leaders are maintaining an "open-minded" attitude regarding his Presidential aspirations.

Taft made the statement after arriving here for a speech before the annual convention of the Pennsylvania Council of Republican Women.

"At the present time I have no intention of going into any primary outside of Wisconsin and Ohio," Taft said, but added quickly: "I do not want to make that binding, of course."

The Ohio senator was a luncheon guest of top Republican leaders shortly after his arrival. Attending the luncheon were M. Harvey Taylor, state Republican chairman; G. Mason Owlett, GOP national committeeman from Pennsylvania; former U.S. Sen. Joseph Grundy, of Bristol, Sen. Edward Martin (R-Pa.), and several women Republican leaders.

Gov. John S. Fine was unable to attend because of a heavy cold. Sen. James H. Duff is the only Pennsylvania Republican leader who has openly committed so far to a presidential nominee. Duff is actively backing Gen. Dwight D. Eisenhower for the GOP Presidential nomination.

## Truce Talks Approach Breakdown

MUNSAN, Korea, Wednesday, Nov. 14—(AP)—The Korean armistice talks looked dangerously close to a breakdown today with debate over the stalled buffer zone issue growing hotter.

Tempers ran hot at a non-stop five-hour session by subcommittee negotiators in the Panmunjom conference tent Tuesday. One allied delegate, Rear Adm. Arleigh Burke, emerged with a hoarse voice, even though the Red negotiators did most of the talking.

While no progress was made, the opposing sides scheduled a 21st meeting for 11 a.m. today (9 p.m. Tuesday, EST).

An Allied spokesman, Brig. Gen. William P. Nuckols, refused to comment when a correspondent asked whether the talks were deteriorating.

However, Nuckols did say that the Communist delegates became more impatient and their tempers grew shorter as the 20th session wore on without stopping for the customary lunch hour.

The United Nations command in a release after Tuesday's meeting said "little doubt remained that the Reds want a cease-fire to become effective as soon as agreement is reached on the buffer zone."

U.S. EIGHTH ARMY HEADQUARTERS, Korea, Wednesday, Nov. 14—(AP)—Allied infantrymen hurled back swarms of drum-beating, bugle-blowing North Korean Reds who attacked Allied positions Tuesday south of Kosong on the eastern front.

Clearing skies enabled Allied airmen to roar back over North Korea in strikes at Communist supply lines and front line troop positions.

## Democrats Oppose Party Loyalty Plea

HOT SPRINGS, Ark., Nov. 13—(AP)—Anti-Truman Democrats came back fighting today against House Speaker Sam Rayburn's call for party loyalty to the Democratic nominee in the 1952 Presidential election.

Rayburn—an old friend of President Truman—irritated some of the chief executives by pulling the loyalty issue out of the back room into the front parlor of the Southern Governor's conference.

Gov. James F. Byrnes of South Carolina, who once served as Truman's Secretary of State, challenged Rayburn's loyalty plea. He declared the South owes its loyalty to the country and not to any party or political candidate.

## Egypt Won't Compromise With Western Powers

CAIRO, Egypt, Nov. 13—(AP)—About 100,000 Egyptians paraded silently in Alexandria today and Premier Mustapha Nahas Pasha vehemently attacked Western powers in a bitter outpouring of anti-British feeling on the nation's independence day.

"We will obtain our rights or perish in the struggle," declared the premier in a speech to about 3,000 cheering supporters at the shrine to Saad Zaghloul Pasha, a nationalist leader who made the first bid for Egyptian independence 33 years ago today.

Nahas Pasha shouted a slogan of no compromise in the contest to oust British troops from Sudan and the Suez Canal Zone:

"Struggle, fight, fight, patience, patience, resistance, resistance, no hesitation, no bargaining, ahead with no retreat."

True to the government rule that the demonstration would be allowed if there was no shouting, the marchers were silent but carried slogans declaring, "by the name of God we will defeat England," and "get out, you dirty British."

A bigger parade is to be held tomorrow in Cairo in memory of 20 Egyptians the government says have been killed in recent clashes with the British.

The government relaxed the ban on demonstrations imposed last month when it cancelled the 1936 treaty with Britain for defense of the canal and the 1899 treaty for joint rule of Sudan.
