PARIS, Nov. 15—(AP)—Yugoslavia asked the United Nations today to order off Soviet satellite troops stationed along her borders and restore calm to the Balkans.

Edvard Kardelj, Yugoslav foreign minister, told the UN Assembly that Hungary, Romania, and Bulgaria are keeping 25 divisions—almost half their total of 53 divisions—in frontier positions menacing his independent Communist nation.

# U.S. Plane Found with 36 Killed

CHAMBON-SUR-LAC, France, Nov. 15—(AP)—A U. S. Air Force flying box-car, lost two days in swirling snow, rain, and fog, was found crashed and burned today on the snow-mantled Mont Dore Range. All the 36 Americans aboard were killed.

The C-82 plane apparently had missed by only about 50 feet a defile leading to a 5,000-foot-high plateau, where an emergency landing might have been made.

U. S. Air Force headquarters in Germany said the names of the dead will be announced Saturday, after the customary notice is given to next of kin.

The victims were 29 airmen enroute from Frankfurt to Bordeaux to establish a U.S. motor pool, a soldier returning to Bordeaux from leave in Germany, and the crew of six.

First to reach the plane was a French military ground party that followed a course plotted from a faint clue.

# Dr. Warner Calls Oath 'Ineffective'

GREENVILLE, Pa., Nov. 15—(AP)—Dr. J. C. Warner, president of Carnegie Institute of Technology, declared today American colleges and universities can keep their own houses in order against subversive elements without legislation.

Dr. Warner, addressing the annual honor convocation at Thiel College, referred to a Senate-passed bill now pending in the House which would require Pennsylvania's school teachers and public employees to take anti-Communist oaths.

Describing the proposed bill as "useless and ineffective," Dr. Warner stated:

"I do not know of a single subversive engaged in the Communist conspiracy who has been weeded out by application of the non-Communist oath. We must weed them out by intelligent action in our own organizations and institutions."

# Coeds Stage Riot At Alabama School

MONTGOMERY, Ala., Nov. 15—(AP)—Release of "pent-up" energy in an over-crowded dormitory was suggested today as a possible cause of rioting by women students at the Alabama State College for Negroes.

Dormitory halls were littered with broken bottles and several rooms flooded with water early this morning. No one was reported injured and police who investigated made no arrests.

The Dean of Women, Miss E. L. Gipson was quoted by detectives as saying the demonstrations were caused by "resentment over certain rules and regulations." There was no elaboration.

# 'Fair Deal' Guaranteed By Truman

KEY WEST, Fla., Nov. 15—(AP)—President Truman guaranteed today the Democrats will have a "Fair Deal" platform in 1952 and brushed aside suggestions of a "Big Four" conference on world peace.

And he gave ground for renewed political speculation by returning a flat no comment to a question whether he has any intention of supporting General Dwight D. Eisenhower for the Democratic presidential nomination.

Truman left no doubt he will demand that the party go down the line for civil rights, labor, and other controversial domestic legislation which has met a cool reception in Congress.

The President also:

1. Condemned as horrible and the most uncivilized thing that has happened in the last century the reported slayings by Chinese and North Korean Reds of American and other war prisoners in Korea. He said he has not had an official report on it as yet, however.

2. Expressed hope of ultimate acceptance by Russia of a U. S.-sponsored proposal for reduction of armies and arms, including atomic weapons under a system of constant inspection.

3. Said he intends to get to the bottom of any malfeasance or misconduct by government employees, but defended the vast majority of federal workers as honorable.

# Truman Brands Red Slaughter 'Horrible'

KEY WEST, Fla., Nov. 15—(AP)—President Truman joined other leaders yesterday (Thursday) in branding the reported Communist slaughter of some 5,500 American prisoners of war in Korea as horrible.

The President spoke out at his news conference at Key West, Fla., as shock waves of revulsion and anger spread across the nation and echoed in foreign capitals.

Some Congress members called for swift atomic revenge against the Chinese Reds; others demanded to know why the story of the atrocity killings was kept secret so long.

Expressions of indignation and horror came from delegates to the United Nations General Assembly in Paris, coupled with demands for UN counter-action.

At his Florida vacation spot, Truman refused to say whether the reported murders would hasten the day when the A-bomb or other atomic weapons might be unleashed against the enemy in Korea.

Both the Pentagon high command and the State Department were clearly taken by surprise when news tickers and radios broadcast the story as disclosed by Col. James M. Hanley, chief of staff.
