

WSGA to Investigate Frosh Rule-Breaking

The problem of freshman women going to fraternity houses will be investigated by a Women's Student Government Association committee appointed by the senate Wednesday.

Reports of widespread violation of the regulation forbidding freshman women to go to unauthorized fraternity affairs caused the senate to investigate the advisability of continuing the rule and its enforcement.

At present, freshman women are only permitted to go to house parties approved by the Dean of Women's office. Some houses have been approved for second semester women this year but none for first semester coeds.

Gilroy on Judicial

Esther Beck will head the committee. Other members are Ann Cunningham, Louise Glud, Janet Herd, Joan Hutchon, Elizabeth Johnson, and Carolyn Pelzar.

The senate approved Kathrine Gilroy as a replacement for Mrs. Virginia Preuss Alecht on Judicial. Mrs. Alecht is now student teaching.

Nancy White, chairman of freshman council, reported that the council felt freshman customs were too long. They recommended that next year's customs be more strictly enforced. The council favored joint enforcement by men and women and the wearing of namecards.

Big-Little Sister Tea

Miss Beck, chairman of the coed coordinating committee, announced that the junior-senior faculty reception will be strictly informal this year. The affair will be held April 30 in Simmons Hall.

The Big-Little Sister tea will be held the first week in February in Atherton Hall.

Train Fare Cut Canceled

Due to an insufficient number of travel requests, the 28 per cent reduction in railroad fares offered students by the Pennsylvania Railroad for the Thanksgiving holiday has been canceled.

In order to obtain the reduction, it was necessary that at least 25 persons, all leaving at the same time for the same destination, sign up. Fifteen students sent in requests for Philadelphia, 12 for New York, five for Trenton, N. J., one for Newark, N. J., and one for Lancaster.

Although the discount will not be given to Thanksgiving travelers, if enough people are interested in getting the reduced rate for the Christmas holidays, the same plan will be in effect, Edward Shanken, chairman of the student transportation committee, said. Any students who wish to take advantage of the plan, should leave notes to that effect in his box at the Student Union desk in Old Main, Shanken said.

Studies Show Guilt Falls On In-laws

According to the findings of a California sociologist and his wife, the ever-present crop of mother-in-law jokes has some basis.

Dr. Judson Landis, associate professor of family sociology at the University of California, reports in the current issue of Collier's that 50 percent of the in-law trouble is caused by mothers. This figure is based on interviews which Dr. and Mrs. Landis conducted with 500 married couples.

Sisters-in-law, who escape much of the humorist's venom, were next in line for blame in 13 percent of the cases. Fatherly interference causes friction 11 percent of the time, while brothers interrupt the smooth workings of the family in about six percent of the cases, Dr. Landis says. A combination of family members gets the blame in the remaining 20 percent of the cases.

A fact that may cause some injury to the masculine ego is that a wife may have her aches and pains, but in the emergency she will meet the situation better than will her husband.

After his investigations, Dr. Landis concluded that a bride will resent her mother-in-law even though that lady be angelic.

Have you been tempted to shoot your roommate, fraternity brother, or math prof? Then use the gun that made presidents out of Vice Presidents Teddy Roosevelt and Vice President Andrew Johnson.

Drop Dead

Or rather the replicas of these famous pistols. Ethel has them to decorate your wall, a fraternity fun room, or a den. Frankly, you'll have to have a hole in your head to pay good money for them when you can get the real thing at some auction for \$75 or \$100.

Brand 'em girls: 15c a letter.

For you who like a milder form of recreation, Ethel offers a goodly stock of initials you can adhere to your luggage, cigarette lighter, compact, wallet, or any other personal article. These are really handsome: black initials on a gold backing. They come in two sizes: 15 cents for the neat small ones; and 25 cents for the large display initials.

Personalize your car for 45c.

If your names begin with any of the 26 accepted letters of the alphabet, come in. For 45 cents you can personalize any article with three initials. The effect is smarter than most engraved jobs. And it's so easy... just stick them on. They'll never come off. Put three initials on the door of your car and doormen will open the door for you instead of waving you toward a used car lot.

Send a different Christmas Card

While we're getting personal, may I also suggest that you stop in now for Christmas cards. As usual, you can expect the unusual at Ethel's... cards that express your personality. Not the run of the mill type you receive five alike on every Christmas. Choose a price to fit your budget from \$1.25 for 25 cards.
