

Truce Delegations Meet To Ratify Peace Line

MUNSAN, Korea, Nov. 27—(AP)—Communist and United Nations truce delegations meet today to ratify formally a cease-fire line—a blood-crusted milestone in efforts to end Korea's shooting war.

But a rough road, flagged with a 30-day deadline, lies ahead in the drive for a truce armistice.

Ratification of the provisional cease-fire line by the full five-man delegations at the Panmunjom conference tent was scheduled for 11 a.m. (9 p.m. Monday EST). It was expected to be only a formality.

Crack Deadlock Monday

The two-man subcommittees of each side were called to a meeting 60 minutes earlier to sign the document ahead of the full delegations.

Staff officers of both sides cracked the four-months old cease-fire deadlock Monday night when they reached agreement on the final areas in dispute along the snowy 145-mile fighting front. The front was inked-in on two 14-foot maps.

Must Settle in 30 Days

The line agreement Monday night and the ratification today will not end the fighting. By agreement hostilities continue until the three remaining armistice issues—each pregnant with controversy—are decided.

By terms of the negotiators, if complete settlement is not reached within 30 days, they must start over again by redrawing the cease-fire line to reflect battle changes.

Kefauver Eyes '52 Presidential Nomination

LOS ANGELES, Nov. 26—(AP)—Sen. Estes Kefauver, the lanky crime buster from Tennessee, said today he wouldn't mind becoming the Democratic candidate for President.

Questioned at a news conference about his political plans, he added:

"I am not interested in running for vice-president."

The Senator described revelations of corruption in the Bureau of Internal Revenue as "very shocking" and said they undoubtedly will have an effect on the 1952 national elections. "The effect will depend on how quickly the situation is cleaned up," he said.

As to a Republican nominee for the Presidential race, Kefauver commented: "I'm beginning to believe it will be Senator Taft unless General Eisenhower declares himself."

Kefauver, here on a lecture tour, will receive an honorary Doctor of Laws degree at Pepperdine College.

Income Tax Bill Dead

HARRISBURG, Nov. 26—(AP)—The Senate shunted the income tax bill back into committee tonight—but this time to its official death.

U.S. OK's Armament Meetings

PARIS, Nov. 26—(AP)—The United States quickly agreed today to an Arab-Asian proposal for closed-door meetings of the Big Four powers on disarmament—but pointed out that the Russians turned down a similar plan in 14 weeks of talk in Paris last spring.

Soviet Foreign Minister Andrei Vishinsky was silent on the Arab-Asian idea. He told newsmen he was thinking it over.

But the fast American acceptance was seen by some U.N. delegates as putting Moscow on the spot. These diplomats pointed out Russia may have to agree to some disarmament discussions with the United States, France and Britain or take the responsibility for a breakdown in arms talks at this U.N. assembly.

U.S. Ambassador Philip C. Jessup lost no time in the 60-nation political committee answering the formal resolution submitted this morning by Iraq, Syria and Pakistan and concurred in by India. This calls for the representatives of the United States, France, Britain and the Soviet Union to meet as a sub-committee under the chairmanship of Assembly President Luis Padilla Nervo of Mexico and attempt to work out a common ground for disarmament, or at least make a start on it.

Final Pa. Turnpike Link Completed to Ohio

NEW CASTLE, Pa., Nov. 26—(AP)—Pennsylvania's famed turnpike chained its last link today with dedication of a final 67-mile stretch to the Ohio border.

The new link gives the Keystone State a superhighway 328 miles long, with seven tunnels piercing ridges of the Appalachian mountains.

The western extension of the turnpike, designed eventually to join a similar express highway across Ohio, was dedicated at a point where the four-lane roadway ends in an Ohio cornfield.

"MAMA"

SEOUL, Korea, Nov. 27—(AP)—Communists hurled eight savage attacks through the deepening snows of the Korean front Monday.

It could have been the last heavy ground fighting prior to agreement on a provisional buffer zone between the Red and Allied forces—but the future course of the conflict in Korea was dominated by a big "if."

Battling in snow and below freezing temperatures, the United Nations yielded some ground in the west and center but held fast on hill positions on the eastern front, the U. S. Eighth Army communique said Monday night.

In the air, 17 U. S. Sabre Jets engaged nearly 60 Russian-supplied MIG's over North Korea and damaged two. The Fifth Air Force said no Sabres were lost in this encounter.

Other Allied fighter planes strafed and bombed Communist troops in a mass 240-sortie attack around "Little Gibraltar"—the western front hill position which U.N. forces battled 41 hours to save last weekend.

Although the Eighth Army did not disclose the identity of the Allied troops who defended that four-crowned height, a Canadian public information officer announced details of recent action on that front. (The implication was that Canadians were among the defenders.)

Lowell to Head ESA

KEY WEST, Fla., Nov. 26—(AP)—Roger Lowell Putnam, former mayor of Springfield, Mass., was picked by President Truman today as his new economic stabilization czar.

Selection of Putnam, 57-year-old president of the Package Machinery Company of Springfield, was announced by Presidential Secretary Joseph Short.

Putnam will succeed Eric Johnston as administrator of the Economic Stabilization Agency Dec. 1. Johnston resigned Nov. 15 to return to his post as president of the Motion Picture Association at the end of November.

Iranians Give Head Vote of Confidence

TEHRAN, Iran, Nov. 26—(AP)—Premier Mohammed Mossadegh won a clinching vote of confidence, 36 to 0, in the Senate today and a final go-ahead on his plans for immediate national elections.

But he got a warning from the floor of troubles ahead and a new sample of rampant disorders in rioting by 200 Communist-led teen-age girls. The rioters fought police, firemen and troops with teeth and fingernails.

Judging Teams Go to Chicago

Four teams are representing the College in the intercollegiate judging contests of the International Livestock Exposition in Chicago. The stock show opened Nov. 24 and will end Dec. 1.

Dr. William L. Henning of the animal husbandry staff is coach of livestock judging, and Prof. P. Thomas Ziegler, also of the animal husbandry department, is meats judging coach.

Dr. Stephen M. Raleigh of the agronomy department is coach of the crops judging team, and Dr. Arthur J. G. Maw of the poultry husbandry faculty is coach of the dressed and live poultry and eggs team.

Three show horses from the College will also be entered in the stock show. Director ULC, 3-year-old stallion, and Lynda Hope, 3-year-old mare, both grand champions at the Illinois, Ohio and Indiana state fairs and the Eastern States Exposition, will be accompanied by Lisa Farcour, a 3-year-old Belgian mare.

Fraternity Group Photos Scheduled

Fraternity group pictures for the 1952 LaVie will be taken this week and next week. The fraternities are asked to be at the Penn State Photo Shop at the time specified in the letters sent to them last week.

Fifteen people in the National Student Association and LaVie group pictures can not be identified. All students in the pictures are asked to visit the LaVie office in 412 Old Main, where the pictures will be posted until Friday.

The main above-board opposition is non-Communist but is strangled by having to support Mossadegh's one great popular issue: oil nationalization.

Mossadegh's National Front party held only seven of the 136 seats in the Majlis (lower house of Parliament) when he rode to power last April on the oil nationalization decision of Parliament. Shah Mohammed Reza Pahlavi was forced to accept him as Premier.

The voting for Majlis members was expected to start in a day or so as a popular test of Mossadegh's oil policies. These have driven the British out but have depleted Iran's treasury through loss of oil royalties.

National elections normally take about three weeks. Although the Senate vote was unanimous, 24 members were absent. The Majlis gave the frail old premier a vote of confidence yesterday, 90 to 0, with 15 others present but abstaining.

SAM to Meet

The student chapter of the Society for the Advancement of Management will meet at 8 p.m. tomorrow in 107 Main Engineering.

Robert K. Meredith, director of safety for the West Virginia Pulp and Paper Co., will speak on industrial safety.
