

Fire --

(Continued from page one)

latest check from home." Another tried to enter the building to get his almost-completed thesis, which he had been working on for half a year.

As the crowds lined along College avenue and Pugh street watched the fire, many noticed the ironic sign in the window of Morrell's—"Fresh Roasted Peanuts." Students, filled with mob excitement, shouted with delight as flames flashed and water from the hoses sprayed spectators through the tin and wood roof. Part of the roof finally collapsed.

Many, however, pitched in to carry groceries and equipment out of the Economy Store and Lion Studio. Others helped move furniture from the apartments in the building next to Calder Alley. After the fire was under control, at about 12:30, coffee from nearby restaurants was carted around to the firemen.

The amount of damage was \$75,000, according to Fire Chief Tom Sauers. Very little was rescued from the students' apartments. Only a laundry case and an unpacked suitcase laying in the street gave evidence that the skeletal second story was once occupied.

Eisenhower to Speak

President Milton S. Eisenhower will be principal speaker at the annual banquet of the Interstate Milk Producers' Cooperative in Philadelphia tonight.

Foreign Group Visits Campus On U. S. Tour

Six-Japanese women completed a week's visit to Penn State yesterday as part of their tour of the United States to study labor methods which might be helpful in their native land.

The women are all trade union representatives in Japan and are making the trip under the auspices of the Labor and State Departments.

The visitors are studying progress in trade unionism and standards of living for workers in this country. Their trip is a part of a long-range program of having teams from foreign countries visit the U.S.

Anthony S. Luchek, in charge of labor education at Penn State, said this visiting group, composed entirely of women, shows Japan's attempt to have women take an active part in the affairs of their country. Before World War II their women were left in the background.

'Engineer' on Sale Today

The November issue of the Penn State Engineer will go on sale today at the Student Union and the Corner Room. It will sell for 20 cents per copy.

The issue is dedicated to Harry P. Hammond, retiring dean of the School of Engineering.

Student Union--

(Continued from page one) construction, such as the General State Authority program on campus.

It was pointed out in Washington recently that 96,296 tons of steel were included in allocations of critical materials for schools, colleges, and libraries, and the U.S. Office of Education had requested NPA to authorize 192,000 additional tons of steel.

While the amount authorized will provide for continuance of 2314 projects in progress on Oct. 1, it was explained that there are 2293 pending applications for authorization to commence construction and for allocation of critical materials for which steel requirements total 166,500 tons. This is in addition to the amount of steel allocated by the NPA for construction of school, college, or library buildings for the remainder of 1951 and the first quarter of 1952.

Johnston --

(Continued from page one) and in 1940 ran for U.S. Senator from Washington.

Six schools, including Lafayette College and Boston University, have given Johnston honorary L.L.D. degrees. He has accepted honorary B.A.'s from his alma mater, the University of Washington, and Tufts College, the University of Southern California, and the State College of Washington.

Loyalty Oath--

(Continued from page one)

ation of University Professors, while affirming their vital interest in preventing the spread of communism in and out of places of education, respectfully urge the disapproval of the loyalty-oath bill. They would welcome an opportunity to demonstrate their loyalty to the nation and the commonwealth through subscribing to the oath which the constitution of Pennsylvania requires of senators and representatives and all judicial, state, and county officers. They believe, however, that the present bill, considered as a whole, goes beyond a loyalty oath and has dangerous tendencies."

PSCA to See Movie

The Penn State Christian Association freshman council will meet at 7 tonight in 304 Old Main to see the movie "Make Way for Youth." The regular Wednesday night meeting has been canceled.
