

Smith Names Production Crew for 'Tartuffe'

Warren S. Smith, director of Players' presentation of "Tartuffe," has released the names of the production staff for the Moliere costume comedy which opens Friday night at Center Stage.

Tickets for the play, which Players will perform Friday and Saturday evenings for the next eight weekends, are on sale at the Student Union desk in Old Main.

The costume designing is done by Charles Schulte.

Mesrop Kesdekian is the technical director and designer and Michael Forgacs serves as stage manager in addition to his role of the Officer in the play.

Eleanor Pupo is manager of the property crew, which consists of Mary Kormanik, Phyllis Suckenik and Ruth Fine.

House manager Don Barton is assisted by Bill Nudorf, Roland Johnson, Joe Marko, Ann Moore, Evalyn Horwin, Sally Johnson, Mary Ann Kitzmiller and Dpris Hartranft.

Ruth Harding is costume manager. Her crew is made up of Ruth Ann Tranter, Ann Walker, Pat Jenkins, Ray Witherow, Wilma Jones and Ruth Springman.

Sound manager Robert Durr is assisted by Jo Palmer, Tom Alston and Roberta Reiss.

Adele Gillespie is make-up manager with a crew of Jane Osman, Barbara Silberman, Myron Cole, Leanne Golden and John Price.

Yvonne Badwey serves as bookholder as well as playing Flipote in the play; Nancy May is in charge of wigs; and George Jason is the one-man crew of light manager Frank Baxter.

The advertising crew headed by Fran Dektor consists of Ruth McSparran, Sally Johnson, Luella Martin, Doris Golub, Mary Ann Kitzmiller, Estelle Sklar, Ted Matlow, Howard Boleky, Tom Owens, John Hernick, Bill Nudorf, Bill Raymond, Faith Gallagher, Mary Beth Bommer, Hal Walz and Frank Kelly.

Pollock Council To Investigate Phone Facilities

A motion was made before the Pollock Council at last night's meeting to have the council check telephone facilities for the area.

Various complaints have been received concerning the time it takes to make a call. The Public Welfare Committee is to investigate and report its findings at next week's meeting.

The arrival of the holidays has brought the usual parties and dances. The east dorm area is having three social events in the next two weeks.

On Dec. 10 the annual Splinterville Revue will be given. No admission will be charged. The Windcrest Children's Christmas party will be held on the afternoon of Dec. 14 and the same night there will be a square dance at the TUB.

Ag Constitution Changes Made

The Agriculture Student Council amended its constitution by a 30 to 2 vote last night.

The first amendment stated that the number of representatives shall be one for each fifty undergraduate students enrolled in a department with no department having less than one representative. The second stated that the staff of each department not represented in the council by an organization will appoint to the Council the number of representatives required.

Walter Trainer, custodian of Hort Woods, brought before the council a plan for a parking lot on the west side of the area opposite Beaver Field. The plan was approved by trustees but not authorized by President Eisenhower. It was defeated by the Council 7-25.

The Council proposed a new plan be made at the discretion of Trainer. This plan and others must go through the Council before any work is done on the project.

Wengert, Allison To Attend Confab

Stan Wengert, Interfraternity Council president, and John Allison, IFC secretary-treasurer, will represent the Penn State fraternities at this year's National Interfraternity Conference.

The conference, which will be held Friday and Saturday at Old Point Comfort, Va., is designed to discuss fraternity problems. It is merely an advisory group, however.

Charles E. Pledger, of Washington, D.C., has succeeded the late Arthur R. Warnock, Dean of Men emeritus, as chairman of the NIC.

Marin to Give Paper On Research Study

Dr. Joseph Marin, professor of engineering mechanics, will present a paper concerning creep properties, of materials written by himself and Yoh-Han Pao, research assistant at the engineering experimental station, to the American Society of Mechanical Engineers this week in Atlantic City.

The paper represents a research study of properties which are of importance in industrial and military equipment operating at high temperatures. Funds for the research were furnished by the Research Corp. and the Office of Naval Research.

Curie Lecturer

Dr. Gladys Emerson

Food Specialist Will Address Chem Society

Dr. Gladys Emerson, head of the Department of Animal Nutrition at the Merck Institute for Therapeutic Research, will present the annual Marie Curie lecture at 8 p.m. tomorrow in 119 Osmond.

The Marie Curie lecture is sponsored by the Palladium chapter of Iota Sigma Pi, women's national honorary chemistry society. The lecture is open to the public.

In her lecture Dr. Emerson will discuss some aspects of vitamin B-12 research conducted at Merck Institute. She will include their studies with stress (thyrotoxicosis), pregnancy and lactation.

Preceding the lecture, Iota Sigma Pi will hold an initiation banquet at the State College Hotel.

Those to be initiated are Evelyn Black, senior, medical technology; Helen Brown, senior, chemistry; Monica Hearn, senior, bacteriology; Zeldia Hurwitz, senior, pre-med.

Rosalind Lynn, graduate, home economics; June Odza, senior, medical technology; Dorothy Pfahler, junior, chemistry; Susan Stormer, senior, pre-med; Phyllis Szolack, senior, pre-med.

Mrs. Norma Gruver, president of Palladium chapter, said that the society's annual scholarship award will be announced at the lecture.

The award is given to an outstanding senior woman who has a minimum of twenty credits in chemistry and a chemistry and all-College average of 2.0 or above who gives evidence of promise in her field.

Inkling Deadline

Today is the deadline for material for Inkling, campus literary magazine. Contributions of prose, fiction, or poetry may be turned in at the Student Union desk in Old Main.

Borough Approves Video Operation

Plans for a system of television operation in this area have been approved in principle by the State College Borough Council.

The Television Cable Co. was given permission to proceed with its own plans of organization and start securing equipment and materials.

A reception tower set up on one of the higher places in the community to pull in the signals to be transmitted to sets in homes will probably be used.

Adjustments on the license fee, insurance, and the performance board will have to be approved before operation may start.

Grad Assigned to Duty

Pvt. William F. Craig, a graduate of the College with a degree in agriculture, has been assigned to duty with the 101st Airborne Division.

Lt. Keller, '50 Grad, Gets Bronze Star

First Lt. Robert S. Keller, a graduate of the class of 1950, has been awarded the Bronze Star for outstanding heroism in Korea.

Lt. Keller suffered an arm injury last April 17, his fourth day in action as a tank platoon leader.

After his injury, Lt. Keller was taken to Tokyo where he underwent an operation. Late in May he was transferred to another hospital and when examined hurriedly by a physician was permitted to check out and return to Korea.

He rejoined his group north of Seoul June 1, and remained at the front until Sept. 30 when he was ordered home for additional treatment for his injured arm.

After another operation at Fort Campbell, Ky., Lt. Keller was sent home on 30-day furlough.

In explaining his examination in Tokyo which permitted him to return to Korea, Lt. Keller explained, "Since the doctor didn't ask to see my arm, I failed to show it."

Awarded Medal

First Lt. Robert S. Keller

Two Groups Plan \$8000 In Awards

More than \$8000 in scholarships, available to both undergraduate and graduate students, has been offered to college students by two groups.

The James F. Lincoln Arc Welding Foundation is holding a contest for undergraduate engineers "to encourage them to use imagination and ingenuity in developing an engineering project in their own field." Awards totaling \$6750 will be made to contestants submitting the best papers on design of machines or structures. Rule booklets may be obtained by writing to the James F. Lincoln Arc Welding Foundation, Cleveland 17, Ohio.

Ten awards to college graduates in the middle Atlantic states will be among the 132 financial aid awards to be offered this year by the Harvard Business School.

The awards will provide a maximum of \$2600 to married students and \$2000 to single students who show "promise of developing business leadership."

Application forms may be received by writing to the Director of Student Financial Aid, Harvard Business School, Boston 63, Mass. The deadline for application is May 1, 1952.

U.S. Civil Service To Accept Forms In Five Fields

Applications for U.S. Civil Service examinations in the fields of chemistry, physics, mathematics, metallurgy, and engineering for student aid (trainee) positions will be accepted in the commissions' Washington office until Dec. 4, 1951.

The student aid trainee program with positions paying yearly salaries of \$2650 and \$2875 offers sophomore and junior college students in these fields the opportunity to participate in various federal agency training programs while they are still in school.

Examination qualifications require applicants to pass a written test and to have received one-half of the total credits for a bachelor's degree in their specialized field for jobs paying \$2650. Jobs paying \$2875 require three-fourths of the total credits for a bachelor's degree in the specialized field in addition to a written test. Age limits, except for veterans, are from 18 to 35.

More detailed information can be obtained from the college placement service.

Stanford Offers Journ Stipends

Applications for graduate scholarships in journalism for the 1952-53 academic year are now being received by the Institute of Journalistic Studies, Stanford University announced yesterday.

Requests for additional information should be addressed to the Director, Institute for Journalistic Studies, Stanford University, Stanford, Calif.

The awards, in memory of former students at Stanford, are the Charles Samuel Jackson, Jr. Fellowship, the Melville Jacoby Fellowship (awarded to a student preparing to work in the Orient), and the Stanley Stemmer Beaubaire Scholarship.

Former Student Assigned Overseas

First Lt. Lorna I. Zettle, a former student at the College, has been alerted for overseas shipment, probably to Salzburg, Austria, in February.

At present, Lieutenant Zettle, Women's Army Corps, is the duty officer of the Communications Center, Signal Section, at Fifth Army Headquarters, Chicago.

After graduation from Lock Haven State Teachers College in 1941, Miss Zettle completed graduate courses in education at the College.

Arts and Crafts Exhibit to Open

Display articles donated by friends of the late Amy Gardner, former head of the Home Art department, will be featured in the arts and crafts exhibit held in 220 Home Economics tomorrow through Saturday.

Paintings, metal work in silver and copper, examples of weaving, ceramics, and fabric designs will be included in the exhibit.

The contributions, in addition to Christmas greens and cookies, will be on sale during the three day exhibit for the benefit of the Amy Gardner Memorial Garden fund.

The garden, dedicated to the memory of Miss Gardner who died in the summer of 1950, will feature long-leaf evergreens.

Ten Students In Accounting Sign Contracts

Under the accounting internship program, ten accounting students at the College have recently signed employment contracts to work for the first half of their eighth semester with public accounting firms.

Students who will work are Fred Brahler, Michael Chaffier, Ralph Cosgrove, Julian Gordon, Elmer Loisch, Phil Lurie, Bernard Pollack, Joan Puchalski, Donald Reese, and Charles Schutte.

The salary for internship jobs is approximately \$250 a month. This is slightly less than the pay that a college graduate starting in accounting receives, Kenneth Nelson, accounting professor in charge of the program, said.

New York, Philadelphia, Pittsburgh, and Chicago are the cities in which students are signed to work.

The accounting internship program, set up at the College last year, was one of the first such programs in the country. "No college had such a program in operation before last year to our knowledge," Nelson said.

This project was started so that students might have an opportunity to apply their theoretical knowledge to actual accounting practice. CPA firms are enthusiastic about hiring students from the program, Nelson said.

The winter internship program is largely confined to public accounting jobs, while the summer program is primarily for industrial and governmental jobs.

Fourteen students participated in last year's winter and summer internship programs.

Students desiring to participate in this program fill out applications at the time of pre-registration for the second semester of their junior year or before. Advance planning of course schedules is necessary to get into this program, for no normal graduation requirements are waived to permit the acceptance of an internship job.

Firms desiring to employ students through this program interview students at the College.

11 Frosh Women Remain in Lounges

Only 11 freshman women are still living in dormitory lounges, according to Cordelia L. Hibbs, assistant to the Dean of Women in charge of housing.

At the beginning of the semester there was a total of 69 women living in the lounges of Grange, Atherton, Simmons, and McElwain Halls. That number was reduced gradually to 20 by the middle of October. Women were placed in rooms vacated by student withdrawals and by students practice teaching.

Of the remaining 11, six are in McElwain, three in Atherton, and two in Simmons. These women will be placed as soon as rooms are available, Mrs. Hibbs said.

German Club to Meet

The German Club will meet at 7 tonight in the McElwain study lounge.

After a short business session, two German exchange students will speak to the group.
