

New York Sets Engineers' Test

New York state is accepting applications for tests for several hundred engineers to assist in its program of highway construction. Successful candidates who pass the examination for professional and technical assistant will be eligible for permanent appointment as senior engineering aides at a starting salary of \$3237. Students who are due to receive degrees in engineering in June 1952, are eligible to take the examination on Jan. 12. Information and application blanks for the examination can be obtained from the College placement office or from New York State Department of Civil Service, 39 Columbia street, Albany, New York. Applications must be on file by Dec. 10.

Pirates Will Stick With Branch Rickey

PITTSBURGH, Nov. 27—(AP)—President John W. Galbreath of the Pittsburgh Pirates, denying reports of a rift among owners of the club, said today, "We're going to sink or swim with Branch Rickey." The statement was in reply to a report there has been a crackup among the owners over loss of \$300,000 the last season. The story was that Tom Johnson and Bing Crosby, Galbreath's partners, have had enough and want to get out and that a syndicate is bidding to buy the club.

Famed Names—

(Continued from page one) responding to cities, such as Cleveland, DuBois, and Syracuse. Others have had cars named after them, Ford, Nash, and Olds. Then there are those whose names sound like trees. For example, Chestnutwood, Rose, and Cherry. Other names which might be considered unusual are Cashdollar, Cloud, Comfort, Conquest, Copy, Course, Courtless, Crow, Cylinder, Dart, Dash, Fairfield, Fairweather, Feather, Fees, Few, Firestone, Flood, Folk, Gatehouse, Guest, Guy, Harp, List, Mailman, Moon, Mountain, Snow, True, and Wax. In the student directory you can go from High to Low, from Summer(s) to Winter, from Old(s) to New. It would seem that nearly everyone is attending the College, but alas, we have a Romeo and no Juliet.

Student Employment Fills 9 Holiday Jobs

During the Thanksgiving holiday the Student Employment office answered 46 requests for student help. The jobs, which were nearly all temporary and part-time, were filled by only nine students, according to Shirley Smith, employment office assistant. The holiday spirit was not lacking, as the employment office received two calls from townspeople asking for help in contacting any students who would like to share Thanksgiving with them. Both of the callers were successfully assisted by the office.

Phi Beta Kappa, 175 Years Old, Plans Celebration

Plans are being completed for the celebration of the 175th anniversary of the founding of Phi Beta Kappa. Reservations for a banquet are being made at the Nittany Lion Inn for Dec. 5. A. O. Morse, provost of the College and foundation member of the local chapter, will be the speaker.

Members of the society in the State College area who are not connected with the local chapter are asked to send their name, their college, and the date of their initiation to Elsa C. Lisle, secretary, in care of the Pattee Library.

The information is requested whether the member desires to join the local chapter or not, Miss Lisle explained.

15 Students Enroll For Polish Course

Fifteen students, including two graduate students, have signed up for a beginning class in Polish next semester. William B. Edgerton, professor of Russian, who will instruct the class, said that enough students have signed up, and the course will probably be scheduled. It first must be approved by the German department and the School of Liberal Arts.

Other students interested in taking beginning Polish may still sign up with Virginia Opoczenski in 427 McElwain Hall.

Fellowship Record Tests To Be Given January 18

The fellowship record examination will be given Jan. 18 in 15 Plant Industries. Candidates will take a general test of academic ability at a morning session and one of seven advanced tests in specific fields in the afternoon. The testing time for each test is about three hours.

Bolduc Attends Military Confab

Col. Lucien E. Bolduc, professor of military science and tactics, recently returned from an infantry conference at Fort Benning, Ga., designed to increase student interest in combat arms. Col. Bolduc was one of the Second Army area representatives to the confab. Questions of changing military doctrines and their preparation were among the topics discussed at the conference, Col. Bolduc said. Discussions were also held on summer camp policies, distinguished military student and graduate programs, changes in tables of allowances, and training literature and aids, Col. Bolduc added. Similar conferences were also held at the artillery school, the anti-aircraft artillery school, and armored school.

Campus Interviews on Cigarette Tests

No. 29...THE HYENA

Hysteria reigned from the moment he heard the details of those quick-trick cigarette mildness tests. First he giggled... then he guffawed... wound-up rolling in the aisle! He knew that the "single sniff" test or the "one puff" test didn't prove anything! Millions of smokers have reached the same conclusion — there's just one test that really proves cigarette flavor and mildness!

It's the sensible test... the 30-Day Camel Mildness Test, which simply asks you to try Camels as your steady smoke — on a pack-after-pack, day-after-day basis. No snap judgments! Once you've enjoyed Camels for 30 days in your "T-Zone" (T for Throat, T for Taste), you'll see why...

After all the Mildness Tests...

Camel leads all other brands by billions

You'll be riding high...
