

Sororities Earn Highest Average

Sorority women had the highest average, 1.82, for the spring semester, 1951, according to figures released by the Office of the Registrar. Second in standing were All-College women, whose average was 1.68. Both of these groups also took first and second place scholastically in the fall semester, 1950-51, when sorority women averaged 1.78, and all-College women averaged 1.61.

Non-sorority women, all-College, non-fraternity men, all-College men, and fraternity men captured third through seventh places, respectively, with averages of 1.61, 1.48, 1.44, 1.42, and 1.38.

The ten highest averages attained by sororities and fraternities were: Zeta Tau Alpha, 2.00; Phi Sigma Sigma, 1.94; Sigma Delta Tau, 1.93; Alpha Xi Delta, 1.92; Alpha Zeta, 1.90; Alpha Gamma Delta, 1.88; Alpha Epsilon Phi, 1.86; Delta Theta Sigma, 1.86; Alpha Omicron Pi, 1.85; and Kappa Alpha Theta, 1.85.

The figures and letters in the extreme left and right columns indicate the standing of the group among other fraternities and sororities, the numbers being used for fraternities, and letters for sororities.

Religious Speakers Scheduled

Four speakers, representing the Protestant and Jewish traditions, have already been secured for this year's Religion-in-Life Week, to be observed at the College Feb. 17 to 21.

Newman Club, the Catholic group, is still seeking two speakers to represent its faith.

Jewish speakers are Rabbi Arthur Lelyveld, national director of Hillel Foundations, and Will Herberg, noted Jewish philosopher and author.

Representing Protestantism will be the Rev. A. T. Mollegem, Virginia Theological Seminary, and Rev. Prof. John DiHenberger, Columbia University.

The Religion-in-Life Week committee, headed by Ralph Cash and Jane Montgomery, is planning an opening dinner on Feb. 16 to introduce all speakers. In addition to the main speakers, each student religious group is asked to invite one speaker of its own faith to participate in the week's program.

Sponsored by Inter-Religious Council, composed of local ministers and religious counselors, Religion-in-Life Week is observed annually during National Brotherhood Week.

Nittany-Pollock Town Council Men Will Hold OK's 3 Moves Talent Show

The second annual "Splinterville Review" talent show for Nittany-Pollock area men, will be held at 7:30 p.m. Tuesday at the TUB.

The idea for sponsoring a talent show for area men, similar to the All-College talent show held later in the year, was innovated by the Barons last year. The Barons, social organization for men of the Nittany-Pollock area, plans the show as an activity of the area.

Although no admission will be charged for the show, donations will be collected. These donations will be used by the Barons for sponsoring a Christmas party for Windcrest children. The Barons held a party last year, and passed out gifts and candy to the children.

The show will be open to anyone; not only to area men as was erroneously believed by many last year.

Co-chairmen of the show are John Eller and John Pagonis.

Morse Speaks To Honorary

A. O. Morse, provost of the College, at a Founders Day banquet of the local chapter of Phi Beta Kappa Wednesday night suggested members honor Phi Beta Kappa's 175th anniversary by making "love of wisdom the helm of our students' lives in 1952."

Morse pointed out that vocational competence is an important part of education, but it is not enough.

To improve the situation, Morse suggested a sincere review of the objectives of subject matter and the establishment of a program to arrive at the objective agreed upon.

In conclusion Morse said that "the tremendous problems which beset us can be worked out only gradually through education, that we must not lose sight of the ultimate objective or the unlimited potentialities of the human mind and spirit but at the same time we must not neglect those everyday practical steps which lead to the goal."
