

Tucker to Play For Mil Ball

By JOHN SHEPPARD

"It's Tommy Tucker Time," the familiar phrase that heralds a night of top musical entertainment, will introduce one of America's big name orchestras when Tommy Tucker appears at Recreation Hall tonight for the Military Ball. Dancing will be from 8:30 to 12:30.

The young maestro made his debut as an orchestra leader a year after entering the University of North Dakota. Tommy and a group of classmates played at dances during their summer vacations as a means of making money. After graduation they decided to ride along together, and did so in a remarkable rise to the top of the musical heap.

Tommy's knowledge of music probably accounts for more of the band's successes than he himself admits. Throughout his youth and college days, during the time he was almost constantly occupied in playing or studying music, Tommy never had the slightest intention of leading a band.

Young Songstress

Though his mother and father were able musicians, and Tommy played the cornet at the age of 12, then majored in musical theory at college, he no more intended to become a bandleader than to become a Yogi. But he did become a bandleader since the course of events carried him in that direction.

Also featured with the Tucker unit is Karen Rich, a vivacious young songstress, who sings with a deep, rich voice that does justice to torchy numbers as well as to jump tunes and ballads.

Red, white, and blue decorations will add a patriotic touch to the affair.

Charles A. "Rip" Engle, head football coach, will crown one of the five finalists queen of the ball.

Honor Guard

The array of feminine pulchritude that will vie for the crown includes Joan Brown, Patricia Day, Joan Deeg, Katherine Nicoll, and Mary Oehlschlager.

During intermission at the dance, the candidates will be escorted to the bandstand by an honor guard from Pershing Rifles, Arnold Air Society, Scabard and Blade, and the Quarterback Society. Cadet Col. Jack Enterline, Air ROTC, will act as master of ceremonies and will introduce the finalists.

Each finalist will receive a

bouquet of red roses and a rhinestone necklace, bracelet, and earring set. The queen will be presented with a silver crown engraved with the emblems of the Army, Navy, and Air Force.

Judges who will select the queen are Lt. Col. Jack Dieterle, professor of air science and tactics; Col. Lucien Bolduc, professor of military science and tactics; and Capt. John Woodbury, professor of naval science and tactics.

Grand March

A receiving line, which will form at the door of Rec Hall at 9 p.m., will be made up of Cadet Col. Edward Hartnett Jr., Army ROTC; Midshipmen Cmdr. Frederick Rodgers, Navy ROTC; and Cadet Col. Enterline. Dr. B. A. Whisler, head of the Department of Civil Engineering, will represent the College. The three judges will also be in the receiving line.

The grand march at the formal dance will start at 10. Intermission will follow, and the queen will be crowned about 10:30.

A period of 56 days is used in checking the weight of pigs.

Coeds Break WRA Records

Records were toppled last night in the WRA intramurals when Barbara Benck and Claire Lewis topped previous swim times and the individual basketball scoring honor for the season was set by Dottie Rose.

Miss Lewis swam the 50 yd. back crawl in 38.9 seconds to top the 39.1 seconds record set in 1949. Miss Benck's time for the 25 yd. breast stroke was 18.2 seconds which broke the record she set in 1949. The team honor went to Thompson which accumulated 38 points. Delta Delta Delta was second, Atherton placed third, and Kappa Kappa Gamma took fourth.

Miss Rose paced Alpha Gamma Delta to a 57-6 win over Phi Sigma Sigma with 34 tallies. Kappa Alpha Theta took Alpha Xi Delta 27-15. This leaves the two winners tie for the League VII title.

tively and actually, than she knew. She was not to realize for several years the problems which this situation would produce.

But the fermentations of 200 years had reached a new point of climax. A manifest destiny, which had not been well understood at all by the men who coined the phrase so many years before, was beginning to take concrete form.

The world has changed vastly in these ten years. The nations which that day became our sworn enemies are now becoming our partners and, perhaps, our friends. A new enemy force threatens the world.

And the name of Pearl Harbor has become a generic phrase to describe something which the New America does not intend to have happen again—anywhere.
