Schlesinger To Analyse Leftist Aims

Possible dangers in the United States' turning its back to the socialist countries will be discussed Tuesday night when historian Arthur Schlesinger Jr. speaks on the topic, "Can We Work with Socialism to Beat Communism?"

Schlesinger, third Community Forum speaker, will explain the differences between socialism and communism, the record of socialism in Europe since the war, and the two streams of thought that flowed from Karl Marx—one toward the police state and the other toward a belief in constitutional processes.

The third ticket in the season book will be taken at the door of Schwab Auditorium. Single tickets will be sold Tuesday at the Student Union desk in Old Main for \$1.20. Because of conflicting schedules the forum will begin at 8:30 p.m. instead of 8 p.m., as marked on the tickets.

The youngest historian to win the Pulitzer Prize, Schlesinger is, at the age of 33, the author of "The Vital Center," "The Age of Jackson," and "Orestes A. Bronson: A Pilgrim's Progress." He is currently at work on "The Age of Roosevelt."

New York Herald Tribune reviewers called Schlesinger "a man with a clear-cut philosophy of history which he expounds with great force and sustains with a wealth of illustration." Allan Nevins of the New York Times said his books were "full of vitality, rich in insights and new facts, and casting a broad shaft of illumination."

Now associate professor of history at Harvard, Schlesinger was graduated summa cum laude from there in 1938 and spent the next year at Cambridge, England, on an inter-university fellowship.

To give the public a chance to meet Schlesinger a coffee hour will be held following the lecture at the Allencrest Tea Room. An admission of 25 cents will be charged.

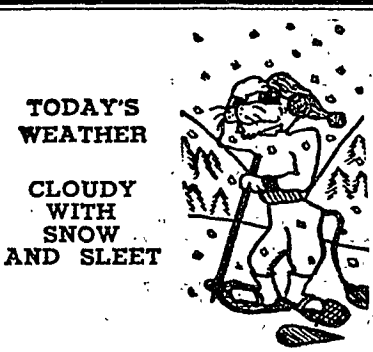

Applications Due For Scholarships

Applications for scholarships offered by the College must be returned by 12 noon today to the office of the chairman of the Senate committee on scholarships and awards in 101 Osmond Laboratory, in order to be eligible for consideration.

According to Dr. Robert L. Weber, chairman of the committee, there are 66 scholarships and 40 student loan funds available to students. He said that the number of requests for these aids is in excess of the number available. Therefore, the committee gives preference to upperclassmen and to those applicants who have been on campus for one or more semesters.

TUB Jam Session For Sunday Canceled

Jack Huber, director of the weekly jam sessions at the TUB, announced yesterday that there will be no jam session tomorrow. Huber said more time was needed to organize a group of musicians. Next Sunday, however, he hopes to have a Dixieland jazz band.

Officials Begin To Detail Oath Administration

HARRISBURG, Jan. 4—(AP)—State education officials have started to figure out the details of administering the law requiring some 277,000 public workers to take a loyalty oath.

Dr. Francis B. Haas, state superintendent of public instruction, said today he plans to meet soon with his legal advisors to iron out the specifics of the law's administration.

Passed by the 1951 legislature, the law requires all public employees in Pennsylvania—including school teachers—to take an oath stating they are not members of a subversive organization or subversives themselves.

Employees refusing to take the oath will be subject to immediate dismissal.

No Faculty Comment

Faculty members interviewed about the loyalty oath act felt that due to the many changes to the original bill it would be better to withhold comment until actual copies of the act were received and discussed.

Mimeograph copies of the law are being made and will be sent to those persons inquiring about it. Requests should be addressed to the Legislative Reference Bureau, State Capitol, Harrisburg.

Eisenhower Named Cancer Drive Head

President Milton S. Eisenhower yesterday was named chairman of the 1952 fund-raising campaign of the Pennsylvania division of the American Cancer Society.

Announcement of President Eisenhower's selection was made by Dr. H. Fred Moffitt, division president, who said "we are fortunate to obtain a man of his experience and diversified talents to lead our drive," the Associated Press reported.

President Eisenhower was not available for a statement.

Students May Claim Clothes Lost in Fire

Cleaning Plant Ready to Receive Insurance Claims

Students who had clothes either damaged or destroyed at the State College Dry Cleaning Works during the Gentzel fire may now pick up their garments, or claim damages at the plant, 1004 W. College avenue, according to Harry G. Ellis, part owner of the firm.

Ellis estimated that 400 garments were in the plant at the time of the fire. About half of these were destroyed while the others were only damaged by smoke or water. Total damage to the plant will probably run as high as \$3000 including equipment and garments, Ellis added.

Garments which were damaged will be returned to the students, now that they have been re-processed. Students whose clothes were lost should come to the plant to file insurance claims.

Ellis said that the garments just have last names and no addresses on them, so it will be necessary for students to pick up their own garments since none can be sent out or delivered.

Cabin Party Scheduled

A cabin party is being sponsored by the Canterbury Club today and tomorrow at the Penn State Christian Association's cabin. The group plans to cook their own meals and return to the campus Sunday morning.

Cagers Entertain Colgate; Wrestlers Open at Lehigh

Lion Streak Threatened By Engineers

By JAKE HIGHTON

As Penn State's season-opening wrestling opponent, Lehigh University poses a strong threat to the Lions' 11 match dual meet winning streak. The match is scheduled for 8:30 tonight in Bethlehem.

Hardly to be considered a "breather," Lehigh, EIWA runner-up last year, comes into tonight's bouts with two tuneup victories to its credit already. The Engineer matmen defeated Cornell 20-10 and whipped both Pitt and West Chester STC in an open tourney.

Tipoff

The Nittanies hold a 22-10 edge over Lehigh in the series which dates back to 1912. State broke a four-year Lehigh grip on the dual meets two years ago and advanced the string to two straight with a 22-6 win last year.

Results of the Penn State-Lehigh wrestling match in Bethlehem will be announced at the conclusion of tonight's Penn State-Colgate basketball game in Recreation Hall. Daily Collegian reporter Jake Highton, who will be on the scene in Bethlehem, will telephone results to Rec Hall.

be a tipoff as to how the Lions, Eastern champions and possessors of an 8-0 unbeaten dual season last winter, stack up after the loss of two EIWA champions and three other letterwinners.

With such a tough season-starter as Lehigh, this match should

CIO Delays Threatened Steel Strike

ATLANTIC CITY, Jan. 4—(AP)—The CIO Steelworkers Union bowed today to President Truman's request to delay any immediate threat of an industry-wide steel strike.

The union's specially-summoned convention voted to shelve its walkout plans for a 45-day period starting next Monday, the day the government's Wage Stabilization Board starts hearings in the steel-wage case.

By the end of the 45 days it is expected the WSB will have come out with a recommended solution for the union's unsettled demands on the steel industry.

In Washington, President Truman said in a statement: "I am very glad to hear of the postponement of the steel

PITTSBURGH, Jan. 4—(AP)—Lack of scrap metal closed five open hearth steel furnaces at U.S. Steel plants in Pittsburgh today.

Three other U.S. Steel furnaces shutdown earlier at Gary, Ind. The situation also is serious in Buffalo, Cincinnati and eastern Pennsylvania.

Commenting on the situation, a U.S. Steel official said:

"We've been operating on a hand-to-mouth basis and can't continue. There is no scrap metal on the floor. We are loading from cars right into charging buggies."

strike. The nation's defense effort cannot afford an interruption of steel production and I am confident that the postponement will enable the parties, with the help of the Wage Stabilization Board, to reach a fair settlement."

Philip Murray, head of the CIO and the Steel Workers Union, recommended the course of complying with Truman's plea that

Players Cancel Tartuffe Performance for Tonight

Players' fourth weekend performance, of "Tartuffe," scheduled to be presented last night and tonight at Center Stage has been canceled due to the illness of a member of the cast.

The Moliere comedy will resume at Center Stage next Friday and Saturday nights.

Refunds for tickets purchased for last night's or tonight's show can be obtained at the Student Union desk in Old Main or at the door of Center Stage tonight. Tickets may also be exchanged for future weekend performances.

Dodd Threat To Lions' New Win Streak

By DAVE COLTON

Penn State's Steel Bowl championship cage team runs up against one of the top scorers in the East when they host Colgate University at 8 tonight in Rec Hall.

Bill Dodd, the Red Raiders' junior center, broke the school's scoring record last winter with 410 points in 23 games. This season in nine games he has averaged about 17 points per contest.

The visitors also have the fourth best man in the nation in assists. Al Antinelli of Geneva, N. Y. ranks among the country's best in setting up teammate scores. Antinelli, and another freshman cager, Dick Lalla, also played football for Colgate.

Slight Favorites

Colgate will have an opportunity tonight to even the all-time series with the Lions. In the long cage relations between the two schools, State has won 16 and lost 15. Last season the rivals split decisions with each team winning on the opponent's home court. Colgate won in Rec Hall, 55-52, but Coach Elmer Gross' squad won the Hamilton contest, 58-7.

State will enter tonight's encounter slight favorites. The Lions have won four of five games, while Colgate had a 3-6 mark until its game with Bucknell at Lewisburg last night.

1st Mate Aids Stricken Ship's Lonely Captain

LONDON, Jan. 4—(AP)—The first mate of the British rescue tug Turmoil boarded the broken freighter Flying Enterprise today to help her lonely captain make fast a towline. But fog, rain squalls, and rising winds once again delayed the operation.

The mate, Kenneth Roger Dancy, 27, climbed over the taffrail of the wallowing ship in heavy seas.

He was the first man to be seen aboard by Capt. Kurt Carlsen since the captain ordered his crew of 40 and 10 passengers to abandon the hull-cracked ship in a hurricane seven days ago.

Capt. Carlsen was following a tradition of the sea. He was still in good spirits despite five vain attempts by the Turmoil to throw him a line during the day.

The tugboat skipper, Capt. Dan Parker, said he is "confident I can get a tow rigged if we get a break in the weather" now that there are two men instead of one aboard the stricken ship.

Radio messages from the tug and the U.S. Destroyer John W. Weeks—standing by to give aid—said the ship had dropped a little more to her side from a 60-degree list and seas were breaking over the exposed main deck and deckhouse. But she still was buoyant and possibly can be towed to Falmouth Harbour, 300 miles to the East.

Grad Test Applications

All applications for the graduate record examinations to be held on campus are due at the Educational Testing Service, P.O. Box 592, Princeton, N.J., by Jan. 18. Bulletins and application blanks for the exams, which will be held Feb. 1 and 2, 1952, are available in 207 Buckhout Laboratory.
