

## 90 Scholarship Entries Made

Approximately 90 applications for scholarships have been received by the Senate committee on scholarships and awards, according to Dr. Robert L. Weber, chairman of the committee.

Weber said the applicants will be interviewed by the committee next Monday, Tuesday, and Wednesday nights. The recommendations of the committee will be presented to the College Senate at its next meeting, Feb. 7.

Winners of the scholarships will be announced by the Senate, probably immediately after its meeting, Weber said, but he indicated that the President's office may hold up the announcement until this year's Honors Day.

Weber said that more applications were received this year than in any other. Last year's total was approximately 65, he said.

### Mining Engineers

Job opportunities in the mining field will be discussed at a meeting of the Penn State chapter of the American Institute of Mining and Metallurgical Engineers. The meeting will be held at 7:30 p.m. Thursday in the art gallery of the Mineral Industries building.

## Christmas Club Collects 7500 Greeting Cards

A total of 7500 old Christmas cards have been received by the Christmas Card Club, a student campus organization, the club said yesterday.

The largest number of cards have been turned in by students, while faculty members of the College and townspeople have also contributed.

The club, with an original goal of 10,000, is collecting the Christmas cards which are to be turned over to the Children's Hospital in Pittsburgh for use in physical therapy work. The club is now trying to obtain as many cards as possible.

Cards may be turned in at 106 Sparks from 8 a.m. to 5 p.m. or by calling extension 2439 and having a member of the club pick them up.

The campaign will be in effect until Jan. 12.

Education makes a people easy to lead, but difficult to drive; easy to govern, but impossible to enslave—Attributed to Lord Brougham.

## Van Zandt, Prexy Confer on UMT

President Milton S. Eisenhower yesterday met with Rep. James E. Van Zandt (R-22nd dist.) to discuss co-ordination of Universal Military Training programs with ROTC programs at colleges and universities.

Van Zandt, a member of the armed forces committee of the House, consulted with Eisenhower because of the latter's position as president of the Association of Land Grant Colleges and Universities.

Following his meeting with Van Zandt, the President addressed a meeting of the faculty of the School of Education in 304 Old Main, and headed a roundtable discussion on the goals of the School of Education and the major impediments to the goals.

### January Graduates

January graduates may obtain their graduation invitations and announcements now at the Student Union desk in Old Main. Receipts must be presented.

### AEPH Donates \$10

A contribution of \$10 was made to the victims of the Gentzel Building fire by Alpha Epsilon Phi sorority.

The Daily Collegian had reported that the donation had been made by Alpha Epsilon Phi fraternity.

The first anthracite coal was accidentally discovered in 1791 by Philip Ginter, a hunter, near Shaup Mountain, Carbon County, Pennsylvania.

## 19 Ag Men Enroll In Short Course

Nineteen men are enrolled in the General Farming short course in the School of Agriculture, A. I. Beam, director of short courses, announced yesterday.

Upon completion of the four week course Jan. 31, many of the students will remain on campus to enroll for either Dairy Farming or Livestock Farming short courses during February.

Three replacements for THE COLONIAL for next semester. Phone 3938.

# HUGHES COOPERATIVE PLAN for MASTER of SCIENCE DEGREES

### PURPOSE

To assist outstanding BS graduates in obtaining their Master of Science Degrees while employed in industry and making a significant contribution to important military work.

### ELIGIBILITY

June 1952 graduates receiving BS Degrees in the following fields:

- Electrical Engineering
- Electronic Engineering
- Physics
- Mechanical Engineering
- Aeronautical Engineering

Those chosen to participate in this plan will be from the upper portion of their graduating classes or will have evidenced unusual technical ability. They must also have evidenced imaginative ability and possess personality traits enabling them to work well with others.

### CITIZENSHIP

Applicants must be United States citizens who can be cleared for "Secret," due to their work at Hughes Research and Development Laboratories being of a classified nature.

### PARTICIPATING UNIVERSITIES

The University of California at Los Angeles and the University of Southern California will participate in this program, and candidates for Master of Science Degrees must meet entrance requirements for advanced study at these schools.

### PROGRAM

Under this Cooperative Plan, starting June 1952, the following schedule of employment at Hughes is arranged:

Full time—from June 1952 to Sept. 1952

Half time—from Sept. 1952 to June 1953

Full time—from June 1953 to Sept. 1953

Half time—from Sept. 1953 to June 1954

Under this arrangement it is possible for a recipient to receive 3/8th of a normal year's salary each year and to attend

a university half time during regular sessions working on his Master's Degree.

### SALARIES

Salaries will be commensurate with the individual's ability and experience and reflect the average in the electronics industry. Salary growth will be on the same basis as full-time members of the engineering staff. In addition, the individuals will be eligible for health, accident, and life insurance benefits, as well as other benefits accruing to full-time members.

### TRAVEL AND MOVING EXPENSES

For those residing outside of the Southern California area, actual travel and moving expenses will be allowed up to 10% of the full starting annual salary.

### TUITION

Tuition at either UCLA or USC, covering the required number of units necessary to obtain a Master's Degree, will be paid by Hughes Research and Development Laboratories.

### NUMBER OF AWARDS

Approximately one hundred Cooperative Awards shall be made each year, if sufficient qualified candidates present themselves.

### SELECTION OF CANDIDATES

Candidates will be selected by a committee of representation composed of two each from the University of California at Los Angeles, the University of Southern California, and the Hughes Research and Development Laboratories.

### DATES FOR APPLYING

Informal applications should be mailed prior to January 30, 1952. The Laboratories will then forward formal applications, which should be returned, accompanied by up-to-date grade transcripts, by February 15, 1952. Selections will be made during the month of March.

## J. Paul Sheedy\* Switched to Wildroot Cream-Oil Because He Flunked The Finger-Nail Test

NONE of the girls were wild about this Wildcat. His hair looked like something the cat dragged in! "I'm feline mighty low," he told his Paw. "Every Tomcat, Dick and Harry on campus has dates but me!" "Yes, Siam aware of that, son. You need Wildroot Cream-Oil hair tonic. All the cats are using it because it's non-alcoholic. Contains soothing Lanolin. Relieves annoying dryness. Removes loose, ugly dandruff. Help you puss—I mean pass the Finger-Nail Test." So Paul got Wildroot Cream-Oil, and now he's the most popular Persian at school. Purr-haps it's what you need! Take some small change out of your kitty and pussy-foot it to the nearest drug or roller goods counter for a bottle or tube of Wildroot Cream-Oil. And ask fur professional applications at your favorite barber shop. Hurry—meow is the time!
