

Women's Debate Managers

—Photo by Rosenberg

Marian Ungar, (l), third semester journalism major, has been appointed women's debate manager by Clayton H. Schug, debate coach.

Miss Ungar will fill the vacancy created by the January graduation of Lois Pulver, with whom she is shown. Miss Pulver held the position for the past three semesters.

Miss Ungar has been on the debate squad for the past two semesters. Last May she won second prize in the John Henry Frizzell Extempore Speaking Contest, sponsored by the College.

At last year's grand national debate tournament, held during spring recess, Miss Ungar won the grand national championships in address reading and declamation. She also took second place in the oratorical division.

California Government Jobs Open

Permanent positions with the California state government are being offered to civil engineering seniors, the California State Personnel Board has announced.

Applications must be filed by Feb. 2. A civil service examination will be held March 1 to qualify 1952 Graduates for junior civil engineer. Facilities have been set up to give the examination on or near the campus.

Civil engineering students graduating in February may apply for immediate employment on a temporary basis without waiting for the examination. Such students should attach a letter to this effect to their applications, and may specify in what part of California they prefer to work.

Seniors may qualify for the California positions while still on campus, but must submit evidence of graduation or its equivalent before actual appointment.

Descriptions of the examination and application forms are available at the placement office or the State Personnel Board, Sacramento 14, California.

Modern Art Exhibit

Mrs. C. Conde Kennedy, of the New York Graphic Society, will bring to the campus today and tomorrow a number of color reproductions and prints of paintings by modern masters. The collection will be on display in the Home Economics Living Center.

"Most people judge others by the company they keep, or by their fortune."—Rochefoucauld

Hillel Plans Orientation

A full program of activities, planned especially for new students on campus for the first weekend of the new semester, has been announced by the Hillel Foundation.

Sabbath eve services will be conducted by Rabbi Benjamin Kahn, director of the foundation, at 8 p.m., Feb. 1.

A reception to enable new students to meet leaders and other students of the foundation will follow the service.

The social committee is sponsoring a mixer with dancing, refreshments, and entertainment at 8:30 p.m. Saturday, Feb. 2.

An informal record concert, sponsored by the music committee, will be held at 3 p.m., Feb. 3, in the foundation lounge.

"The Roosevelt Story," another in the series of cultural films sponsored by the Foundation, will

be shown at 7:30 p.m. Feb. 3, in the Hillel auditorium.

This official film biography of Franklin D. Roosevelt, awarded first prize for the picture "doing the most for world peace and neighborliness," was taken during the late president's life.

Narrated by a variety of voices, including that of Mr. Roosevelt himself, the film will be open to the public.

Cast Tryouts to Begin For 'Connecticut Yankee'

Tryouts for parts in Thespians' spring musical show, "A Connecticut Yankee," will be held Feb. 3, 4 and 5 in 409 Old Main.

The Rodgers and Hart musical-comedy success requires a large cast, and there are openings for singers, actors, dancers, musicians and acrobats. Students are also needed for production crews.

Control Board To Open Early

The board of control for students who must make changes in their first phase registration schedules will begin functioning Jan. 30, at 1:30 p.m., Robert M. Koser, assistant to the registrar, announced yesterday.

Actual final phase registration will begin Jan. 31 at 8 a.m. The board of control will sit until 12 noon, Feb. 2, when registration ends.

The board of control, Koser emphasized, may be passed up by students who have no changes to make in their first phase registration. After obtaining their registration envelopes from their advisors, they may proceed directly to Recreation Hall, he said.

Registration Ends

The location of the various sections of the board of control will be enclosed in the registration envelopes, he said. Students making changes through the board will be required to have their revised schedules approved by the board of control checkers in the basement of Willard Hall before completing registration in Recreation Hall.

Registration for students now on campus will end Feb. 1, at 5 p.m. All new students coming to the campus for the spring semester will register from 8 a.m. to 12 noon, Feb. 2.

Two Cards Dropped

Students will be required to register according to the alphabetical schedule listed on the spring time table, Koser said. Individual students may have the time of registering changed only by presenting a legitimate excuse to Cyrus Bissey, fee assessor, in 4 Old Main. Excuses will be issued on the same basis as regular class excuses.

Two cards included in the fall registration have been dropped, Koser said. The religious preference card is included only at alternate registrations and the auto registration was a special poll included last fall.

Students registering after 12 noon, Feb. 2, will be required to pay the regular late registration fee of \$10.

Petroleum Engineers

To See Oil Films Today

Three films dealing with oil will be shown at 3 p.m. today in 229 Mineral Industries for petroleum engineering students.

The titles of the films are "Prospecting for Oil," "Oil From The Earth," and "Ten Thousand Feet Deep."

The films, sponsored by the Petroleum Engineering Society, are provided by Shell Oil Co.

College Puts Students on Probation

Several students have been placed on disciplinary probation as the result of recent hearings before the College disciplinary committee, the Dean of Men's office revealed yesterday.

Four students received probation sentences because of involvement in a drinking party in one of the dormitories. Eight others were placed on probation after having been convicted by local authorities of stealing traffic signs.

Another case involved a student who attempted to bring firecrackers on campus. This is a violation both of a state law and a College regulation. The student was apprehended when a package of firecrackers addressed to him broke open accidentally at the Post Office and postal officials notified the College.

One case resulted in the probation of a repeated violator of parking regulations. The violator had appeared before Tribunal several times. Tribunal finally recommended the case to the committee, which warned the student that future violations could lead to his dismissal from the College.

Students placed on disciplinary probation may not participate in any extracurricular activity, although they may continue to be members of any organizations without taking any active part in their activities. The students are not allowed to hold any office or committee membership in the organization. Such a probation also becomes part of the students' records.

The disciplinary committee is composed of H. K. Wilson, dean of men; Wilmer E. Kenworthy, director of student affairs; the dean of the school in which the student is enrolled; and a representative of the student government.

Pennsylvania farmers get a million-an-a-third dollars a year for honey.
