\$30,000 Fire Fails to Cancel Finals at DuBois

Final examinations will go ahead as planned at the DuBois Undergraduate Center despite a \$30,000 fire which damaged two floors and the auditorium.

Center officials made emergency housing preparations yesterday.

About 100 students watched the city's entire fire department fight the blaze, which started about 6:45 p.m. and lasted four hours. Nobody was injured, but firemen helped the custodian, Eugene Young, and his wife escape down a fire ladder from the third floor where they were trapped by smoke.

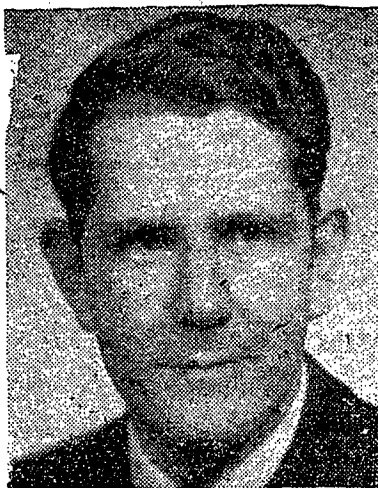

Young had discovered the fire in the auditorium and turned in the alarm. The cause of the fire is still undetermined.

Klisanin to Be Delegate

William Klisanin, a pre-law student at the College, has accepted an invitation to be a delegate to the third national conference of the United States National Commission for the United Nations Educational, Scientific and Cultural Organization.

In addition to Klisanin, Robert Alderdice and Clair George were invited to the conference. Both are unable to go because of previous commitments.

The conference will be held at Hunter College in New York City Jan. 27 through 31 with the theme "The Citizen and the United Nations: The Struggle for Peace, Freedom and Advancement."

Klisanin served as one of five U.S. college students who worked with the State Department in planning the youth division of the conference last Dec. 26 through 30 in Chicago.

In 1950, Klisanin served as

president of the intercollegiate model UN General Assembly at Lake Success. He retired last December as president of the Middle Atlantic Region of the International Relations Club.

In 1950 and 1951 Klisanin was vice-president in charge of international affairs of the Pennsylvania region of the National Student Association. He is chairman of the NSA at the College at this time.

The conference in New York this month purposes to bring together leaders representative of American life who will consider ways to improve national understanding of world affairs and to promote understanding of them, particularly through the UN and its agencies.
