

'People Act' Broadcast Gets Letters of Praise

From 48 states, Alaska, and Canada, letters of praise and inquiry for the radio program "The People Act" have been arriving at the program's national headquarters in State College.

President Milton S. Eisenhower is chairman of the national committee for "The People Act." The broadcast is a cooperative undertaking of the Ford Foundation's Radio Workshop and the Columbia Broadcasting System.

Ray H. Smith, educational director for "The People Act," reported that more than 800 letters have been received. He said the majority of the writers display a genuine interest in the program.

To Visit Tupelo, Miss.

The six-week-old Sunday night broadcast tells by recording the stories of people who worked together to solve major problems in their communities.

For the seventh broadcast this Sunday at 10:05 p.m., "The People Act" program will visit Tupelo, a town of 10,000 in northern Mississippi. The story will reveal how an area dependent upon one crop created the "Tupelo Plan" to achieve new prosperity through model farms and diversified industry.

425 Requests Received

At the close of each program, listeners are invited to write to the national headquarters in State College for recordings or printed copies of the broadcast. They also may ask where help can be obtained in solving problems in their communities.

Smith reported that 425 requests have been received for scripts and/or recordings. More than 125 persons asked for more information to help them with problems in their own communities. The remaining mail included 17 suggested stories for future broadcasts, and 75 miscellaneous letters.

Amendment --

(Continued from page two) the poll would actually be the governing body. He also said that he felt it was dangerous to make the poll a necessity.

In answer to Lehman's statements, Olmsted said that the poll would be called for only upon the petition of ten per cent of the student body, and therefore would be a good indication that the problem in question needed additional study. He further pointed out that the poll would not be binding on cabinet.

The amendment must be read and discussed at two more cabinet meetings before a final vote can be taken. A three-fourths vote is required to pass the proposal.

Attacked as 'Football'

Olmsted said he proposed the amendment so as to avoid any more controversies like the one over the Student Union fee. He said the poll was suggested instead of a referendum because it would be less expensive to conduct and that it would give a more representative reaction of student feeling.

The proposal was immediately attacked as a "political football" by Clair George, president of the Board of Dramatics and Forensics. He said the amendment added nothing new to the constitution since article I, section 9 provides that "any member of the faculty, administration, or student body may attend and present to cabinet any matters which concern student welfare" and that cabinet is required to take action on the matter within 30 days.

Hower to Manage Riding Club Show

Earl Hower has been appointed to replace George Reese as manager of the Penn State Riding Club horse show to be held May 3 and 4, Donald Duncan, president, has announced.

The horse show will include horsemanship, hunter, jumper, pleasure, and western style classics. A special feature of the show will be the intercollegiate modified Olympic competition.

Morgan and Arabian horses will be judged for confirmation.

Pivot Staff to Meet

The Pivot staff for the spring issue will meet at 8:30 p.m. Monday in 239 Sparks.

'Peoples Act' Head

Raymond H. Smith

Brewster to Speak On 'Labor' at ICG

Dr. R. Wallace Brewster, professor of political science, will speak on "Labor Problems" at the Inter-collegiate Conference on Government at 7 p.m. Monday in 313 Willard.

Dr. Brewster's talk will cover the Taft-Hartley Act, the Fair Employment Practices Commission and Health Insurance. A discussion and business meeting will follow.

Dr. M. Nelson McGeary, head of the Department of Political Science, will speak on the Hoover Report recommendations Feb. 25.

Thoroughbred horses have smaller red blood cells than other horses.

ONLY PLACE in town that makes key chain Photoscopes of your girl in full color. Penn State Photo Shop Saturdays 1-5 p.m.

RIL Week --

(Continued from page one) vices in the manner of different religious traditions, will be held at 12:30 p.m. Monday in Little Theater, basement of Old Main.

The purpose of these worship services will be to show students how the different faiths worship God, the Rev. Peabody said.

Programs Available
 Fraternities and dormitories will have fireside discussions at 6:30 p.m. Monday. Dr. Dillenberger of Columbia University will preside at a general meeting in Simmons Lounge at 8 p.m. to discuss "Religion and the Transformation of the Moral."

Complete programs for RILW can be picked up in dormitory lounges and will be given out at the various religious services tomorrow.

Explaining the purpose of RILW, the Rev. Peabody said, "This is an inter-faith program in which all religious groups are invited to participate."

Nine Students Report Losses in Gentzel Fire

Nine of the 15 students who asked for assistance as a result of losses in the Gentzel fire have turned in their insurance reports to Daniel DeMarino, assistant dean of men.

Noon today was set as the deadline for turning in these reports. Six men of the 15 have not reported.

The money collected in the fire fund and merchandise donations from some local stores will be distributed to the students who have reported.

Radio Guild Tryouts

Tryouts for the new Radio Guild production, "Apolcalypse," to be presented Feb. 28, will be held at 7 p.m. Monday in 304 Old Main. The production will be one of the guild's "Thursday at 8" programs.

Frosh Flunk --

(Continued from page one) provided for the establishment of the College, and that the original name of the College was "Sylvanian Heights."

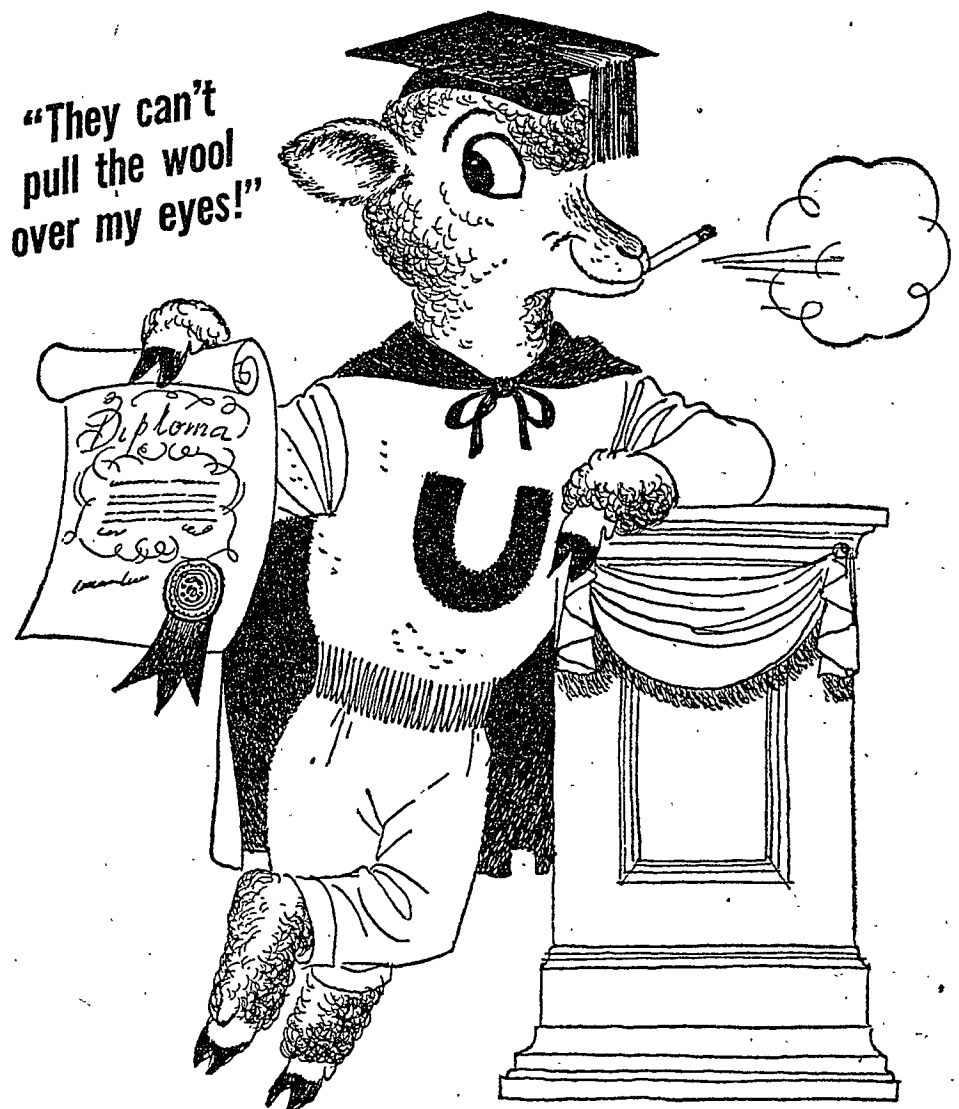

The question missed most often was "From what famous island did the first willow tree come?" Answers to this one included Haiti, Malta, Cuba, Treasure Island, Philippine Islands, Canary Islands, England, Long Island, Naval Island, and Siberia. Only one frosh had the correct answer, St. Helena.

One student indignantly complained that the answer was not in the Student Handbook and upon checking he was found to be right.

"So the other students can get the good seats," was the answer one frosh gave to the question "Why are frosh required to sit in one section of the stands during athletic events?"

Campus Interviews on Cigarette Tests

No. 33...THE SHEEP

They tried to fool him with the "quick-trick" cigarette mildness tests—but he wouldn't go astray! We know as well as he there's only one fair way to test cigarette mildness. And millions of smokers agree!

It's the sensible test...the 30-Day Camel

Mildness Test, which simply asks you to try Camels as your steady smoke, on a day-after-day, pack-after-pack basis. No snap judgments. Once you've tried Camels for 30 days in your "T-Zone" (T for Throat, T for Taste), you'll see why...

After all the Mildness Tests...

Camel leads all other brands by billions
