

Woman Principal

IRENE WILLIAMS, of New Delhi, India, shows some of her handiwork to Elinor Forman. Miss Williams is studying industrial education at the College. She previously was principal of a women's vocational school in India.

Educator from India Attends Penn State

The principal of an industrial school in New Delhi, India, has enrolled at the College so that she may help her native people learn more about industry.

Irene A. Williams, principal of the Industrial Vocational Training Institute for Women, the only school of its type in India, is now studying industrial education at the College under a scholarship through the Economic Cooperation Administration.

Miss Williams believes that there is a definite need for women to take an active part in the industrial life of her country, and hopes that facilities for teaching industrial education will be expanded.

Before she enrolled at the College last month, the Indian educator spent four months traveling through eight states and the District of Columbia to see American industrialization in theory and in operation. She visited industrial concerns, craft centers, farms, public schools, colleges, and government agencies.

Miss Williams was impressed by the organization of the industrial education curricula in public high schools and colleges, the school-community-employer cooperation in the industrial education field, and educational methods employing shop work and the use of audio-visual aids.

Her English name puzzles the persons she meets on her travels, Miss Williams says, explaining that they seem a little bit disappointed "when I tell them that I inherited it from my grandfather who adopted Christianity years ago."

"But they always seem satisfied to use my English name when I add that my middle name is 'Anandabai,'" the Indian principal adds.

Lions to Sponsor Neffs Mills Group

The Belleville Lions Club will sponsor the Neffs Mills Players in their presentation of the three act comedy, "John Loves Mary," at 8 p.m. Friday in the Belleville Community Hall.

Heading the cast are Ellen Troutman, who recently appeared in a College extension production, and Tony Bowman, a graduate of the Drama department at the College.

General admission is \$1 and reserved seats are \$1.50. Tickets are available from Lions Club members or at Taylor's Drugstore in Belleville.

Dauids Publishes Acoustics Paper

Dr. Norman Davids, associate professor of engineering at the College, in collaboration with E. G. Thurston and R. E. Musser, has recently had a paper published in the Journal of the Acoustical Society of America.

It is entitled, "The Design of Optimum Acoustic Arrays."

APhiO to Hold Second Mixer

Alpha Phi Omega, national service fraternity, will hold its second open mixer for new members at 7 tonight in 3 Sparks. Richard Schuler, vice president, has announced.

Schuler said 50 students attended the first mixer last week and 25 attended the first pledge meeting Monday.

The aim of Alpha Phi Omega, Schuler said, is to increase service to the College and the community. The organization has pledged 500 hours of work to the borough in cooperation with the State College Commerce Club. The group also aids in Boy Scout counseling and provides services to the College, he added.

Applications must have had affiliation with the Boy Scouts and a desire to serve, Schuler said.

Co-Edits

Sororities Plan Ribboning

Sorority rushees may sign preferential cards until noon today in the Dean of Women's office in 105 Old Main.

Each rushee may list her first and second choice sorority. The Dean of Women's office will match the rushee's preferences with the bid lists turned in by sororities today.

The office will make up lists of acceptances for each sorority. All preferences will be kept confidential.

Sororities will distribute written bids to the rushees at 5 p.m. today. Ribboning will follow at 7 tonight.

Women's Debate Squad

All members of the women's debate squad will meet at 7 tonight in 2 Sparks.

Meeting Canceled

Tonight's meeting of the Women's Student Government Association's House of Representatives has been canceled because of sorority ribboning.

Pi Kappa Alpha Holds Founders' Day Event

Pi Kappa Alpha held its annual Founders' Day dinner Monday night at the fraternity house. Guests included H. K. Wilson, Dean of Men, and Gary Steiner, field secretary from the national office of the fraternity. Dean Wilson spoke briefly.

The local chapter was the 49th chapter established. The fraternity, founded on March 1, 1868, at the University of Virginia, has 104 chapters at present.

Are you Engaged?

Everyone getting married should have the booklet "Plan Your Perfect Honeymoon." A copy is yours without obligation. Just write a note to Jan Devine, Rural Route 12, Cresco, Pennsylvania, today... or soon.

Campus Interviews on Cigarette Tests

No. 36...THE OTTER

A usually mild-mannered and easy-going lad, he really made the fur fly when he realized the trickiness of most of the so-called cigarette mildness tests! He knew there was one honest test of cigarette mildness. Millions of smokers everywhere know, too — there's one true test!

It's the sensible test... the 30-Day Camel Mildness Test, which simply asks you to try Camels as your steady smoke — on a pack-after-pack, day-after-day basis. No snap judgments! Once you've tried Camels in your "T-Zone" (T for Throat, T for Taste), you'll see why...

After all the Mildness Tests...

Camel leads all other brands by billions
