Taft Quits N.J. Primary

WASHINGTON, March 20—(AP)—Sen. Robert A. Taft of Ohio today quit the New Jersey Republican Presidential primary and brought immediate claims by his opponents that he was afraid of being licked there by Gen. Dwight D. Eisenhower.

Taft's defensive move came almost simultaneously with word from Eisenhower that he may shortly come to press the advantage he gained in primaries in New Hampshire, where he defeated Taft in a direct test, and in Minnesota.

Eisenhower said in a statement issued at Paris that Minnesota Republicans' huge write-in for him was "forcing me to re-examine my personal position and past decision" not to come home until he has a clear-cut call to political duty.

President Truman told his news conference at Key West, Fla., that the decision is up to the general, that he can come home whenever he feels it is proper and safe for him to do so.

Ike Considering Return

PARIS, March 20—(AP)—Pleased by primary returns, Gen. Eisenhower now is considering giving up his European command and returning home before the Republican convention to campaign actively for the Presidential nomination.

"The mounting numbers of my fellow citizens who are voting to make me the Republican nominee are forcing me to re-examine my personal position and past decision," the general said today.

McKinney Rebuked

KEY WEST, Fla., March 20—(AP)—President Truman slapped down his own party chairman in virtually unprecedented fashion today, saying the Korean War has nothing at all to do with his decision whether to run again.

Only yesterday, Chairman Frank E. McKinney of the Democratic national committee had told reporters here that in three days of conferences he had gotten the impression from Truman that the President may not "choose to run" if a satisfactory peace is arranged in Korea.

Taft Called Poor Loser

NEWARK, N.J., March 20—(AP)—Gov. Alfred E. Driscoll, obviously nettled, said today Senator Taft was a poor loser and had dropped out of the New Jersey primary election because of "setbacks in New Hampshire and Minnesota."

The governor said this was the reason for Taft's abrupt withdrawal from the April 15 Presidential preference poll and not, as Taft had put it, because Driscoll had "broken his word."

The Ohio Senator in quitting the contest this morning said Driscoll had promised to remain neutral but had "reversed his position" in announcing his support on Monday for Gen. Eisenhower for the GOP nomination.

Senate Ratifies Jap Peace Pact

WASHINGTON, March 20—(AP)—The Senate ratified the Japanese peace treaty today six and one-half years after the end of World War II. The vote was 66 to ten.

The treaty formally ends the war between Japan and the Allies and recognizes Japan's full sovereignty over her home islands.

By voice vote, the Senate also ratified two security pacts—one with the Philippines and one with Australia and New Zealand.

After some debate, the chamber later voted 58 to nine to ratify a security treaty with Japan granting the United States the right to post military forces in and around Japan for the maintenance of peace anywhere in the Far East, including Korea.

However, Senator Watkins (R-Utah) said he thought the pact was being rushed through too fast and said he might file a motion for reconsideration.

Chairman Connally (D-Tex.) of the Senate Foreign Relations Committee sought to have President Truman notified immediately of the Senate's action, but Watkins blocked the move. Unanimous consent is required for immediate notification. Otherwise it is done the day following the vote.
