Truce Deadlock

MUNSAN, Korea, Tuesday, April 8—(AP)—A dawdling deadlock in the Korean armistice negotiations failed to dampen persistent rumors today that the truce talks were headed toward a climax.

147,000 Workers Idle

By The Associated Press
Some 147,000 workers in the communications and steel industries were idled Monday by strikes or the threat of a strike. In communications, 97,000 workers were off the job in walk-outs. In steel, an estimated 50,000 workers were laid off as the companies began banking furnaces in preparation for a threatened nationwide strike.

Wages are at issue in all the disputes.

A critical test that could boom or bust the political trial balloon sent up by supporters of Gov. Adlai Stevenson holds the center of the stage today in the Illinois presidential primary.

Stevenson is pitted by proxy against Sen. Estes Kefauver in the Democratic phase of the contest, while on the Republican side Gen. Dwight D. Eisenhower is cast in the same write-in role against Sen. Robert A. Taft.

Write-in campaigns have developed for both Eisenhower and Stevenson, although Stevenson has attempted to discourage such efforts in his behalf. He is running, unopposed in the primary, for re-election as Governor of Illinois.

In Paris, Sen. Henry Cabot Lodge Jr., of Massachusetts, na-

tional Eisenhower campaign manager, told newsmen the five-star general would have "well over 500 delegates on the first ballot"

if the Republican convention were held now. For nomination, 603 votes are needed.

Campus Interviews on Cigarette Tests

No. 39... THE FLYCATCHER

"THEY HAD ME BACKED UP TO THE WALL!"

He's fast—he's smart—he covers ground—he's a real varsity outfielder! The 'quick-trick' cigarette mildness tests were almost too hot to handle, but he didn't make an error. He realized that cigarette mildness can't be judged in slam-bang fashion. Millions of smokers throughout America know, too, there's a thorough way to judge cigarette mildness!

It's the sensible test...the 30-Day Camel Mildness Test, which simply asks you to try Camels on a day-after-day, pack-after-pack basis. No snap judgments! Once you've tried Camels for 30 days in your "T-Zone" (T for Throat, T for Taste), you'll see why...

After all the Mildness Tests...

Camel leads all other brands by billions
