

WRA Aquacade To Feature Color

Color will be the keynote in the 12th annual Women's Recreation Association aquacade which begins at 8 tonight in White Hall and will close after the second performance tomorrow night.

"Rainbow Rhythms" is the title of this year's show, which is written, directed, and sponsored by members of the WRA Swimming Club.

Free tickets for both performances must be obtained from participants. Each swimmer has six tickets to distribute, three for each show. Four tickets will go to women and two to men.

Titles of the acts contain the names of, or a reference to, colors. The opening number is entitled "The Old Master Painter" and was written and directed by Marcia Ferguson and Joanne Graves. Featured swimmers are Donna Bane, Mary Cherney, Barbara Felt, Patricia Gilbert, Sara McMillan, and Martha Rojahn.

The first color to gain prominence will be green. "Green Eyes" was written and directed by Nancy Jarden and will have Eleanor Gwynn, Nancy Maloy, and Gayle Wismer as performers.

A darker hue will be in the spotlight in "Deep Purple." Ross Bannard, Mary Deemy, Miss Jarden, and Donna Norris will perform in the scene directed by Helen Davis.

An old favorite, "Rhapsody in Blue," will set the mood for the third scene of the same name. In this scene Barbara Wilson will direct the performance of Frances Crawford, Sally Diehl, Barbara Holzka, Carolyn Klein, Jane Larpentour, Marie Wagner, and Diane White, and will swim in the number herself.

Nancy Lusk wrote and directed "Autumn Leaves," which features swimmers Sandra Dahlinger, Nancy Fisher, Ann Hillburn, Doris Humphrey, Frances Knox, Joan O'Connor, Dorothy Osterhout, and Patricia Prichard.

Jane Evans, June Leighty, Carol Pulley, Lynn Thompson, and Louise Waltz will be in the spotlight of "The Moon Was Yellow." Miss Gwynn is in charge of the routine.

The seventh and eighth numbers are duets. "That Old Black Magic" stars Miss Lusk and Patricia Colgan, and "Flamingo" features Miss Davis and Miss Benck.

"Hawaiian War Chant" will supply the comic relief in the show. Miss Graves and Miss Ferguson will swim in the comedy written by Miss Wilson.

The whole array of color will be depicted in the finale, "Over the Rainbow." Miss Colgan and Joy Schiller were co-directors.

Elizabeth Alleman, Nancy Bietsch, Sylvia Crum, Lillian Duvall, Barbara Ehrenfeld, Elaine Focht, Evelyn Foler, Anne Green, Marcia Heig, Barbara Kilmer, Betty Lou Lentz, Mildred McCowan, Sandra Naylor, Barbara Pick, Margaret Powell, Betty Rice, Miss Thompson, Stefannie Todd, and Barbara Wynn will be in the spotlight at the close of the show.

Greenhorns to Sail Across Seven Seas

By BARRY FIEN

It's one thing to go around the world in a 30-foot sailboat, the smallest ever to attempt the feat. But when you've never sailed a boat before, people may begin to question your sanity.

John Shakely, an alumnus of the College and of Sigma Phi Alpha fraternity, is now in Florida preparing to take his peapod across the seven seas.

He has just purchased his sturdy galleon, the "Skool," and with a companion, who never sailed a boat either, is getting ready to embark just after the typhoons quiet down, which will be sometime this summer.

Shakely is a fun-loving fellow who used to keep three and one-half foot snakes, lizards, and various crawling and jumping animals in his room at school.

He's been planning the trip for about six years. He intends to spend three years sailing around the world collecting material with which to write a book.

Little things don't stand in the way of John Shakely and his stalwart companion. John quit his

job and his friend quit college to make the trip.

On the voyage Shakely will enjoy the true comforts of a Penn State student. He says he'll carry only "philosophy books and liquor." What food he'll require he intends to obtain through various and sundry means from islanders.

Our later-day Harbortons will weigh anchor at Elkton, Md., and follow a course through the Panama Canal, the South Pacific, Australia, the Suez Canal, and Mediterranean areas.

You've got to know Shakely to realize the significance of the venture. Imagine natives all over the Pacific singing "Hail to the Lion!"

His book, should his 30-foot boat successfully battle 60-foot waves, will no doubt make interesting reading.
