

U.S. Guards Kill 1, Squelch Pusan Riot

PUSAN, Korea, Wednesday, May 21 (AP)—U.S. soldiers Tuesday stamped out a rebellion in a big Pusan prison camp, killing one red prisoner and injuring 85 in a wild battle lasting nearly three hours.

It was the first bloody prisoner uprising on the Korean mainland. It came as the U.S. Eighth Army disclosed that two minor revolts had been squelched without bloodshed on nearby Koje Island last week.

Harriman Hits GOP Candidates

W. Averell Harriman hit at both major Republican candidates yesterday and bid for labor's support in his own campaign for the Democratic presidential nomination.

At a Boston news conference, Harriman had these things to say about the leading GOP contenders:

Gen. Dwight D. Eisenhower—"No experience on the domestic side . . . He has embraced the policy of the Republican party which has blocked progress in this country."

Foreign Policy Experience—Sen. Robert A. Taft of Ohio—"Taft and I disagree on practically every issue, domestic and international."

The 60-year-old foreign aid chief also pictured himself as the only candidate with more experience in international affairs than Eisenhower, and he told newsmen: "We can't have a progressive foreign policy and a look-back policy at home."

Meanwhile, Eisenhower said he does not aspire to the presidency and would accept the nomination only out of a sense of duty. He made the comment during a farewell visit to the Hague, in Holland.

Eisenhower Leads Race—With the Republican convention just seven weeks away, The Associated Press tabulation shows Taft leading Eisenhower 375 to 337 in the nation wide race for delegates to the national conclave. Nomination requires 604 delegate votes.

In the nation's capital, Taft appeared certain to pick up the six District of Columbia votes. The Ohio senator's candidates were elected in 10 of 12 precinct meetings as delegates to the district-wide June 5 convention at which the national delegates will be elected for the area.

Servicemen Get Pay Increases

WASHINGTON, May 20 (AP)—More than three million men and women in uniform got a raise today when the White House announced that President Truman has signed a bill increasing military pay and allowances by 484 million dollars a year.

Everyone from buck private to five-star general gets a four per cent boost in base pay beginning this month.

The increases were voted by Congress to help offset higher living costs. They apply to all ranks in the Army, Navy, Air Force, and Marine Corps, including retired personnel.

While the bill was in Congress the senate voted to give an extra \$45 a month combat pay to participants in the Korean fighting and veterans of the action there. This section was eliminated from the final version of the bill, but it may be considered again in separate legislation.

House and Senate passed the pay bill May 15.

Grange to Meet Tonight

The Penn State Grange will hold its last meeting of the semester at 7 tonight in 100 Horticulture. Officers for next year will be elected.

Koje is the main prison camp for hard-core Communists. They staged two riots and kidnapped the camp commander, General Dodd, recently.

Reds Defy Orders—The Pusan fighting broke out at a prison hospital enclosure where both Communist and anti-Communist prisoners are treated.

The Army said a small group of fanatical Reds who served as hospital attendants defied orders to leave the compound for transfer elsewhere.

Combat-seasoned U.S. infantrymen went into the compound to get them, and the fighting erupted. The infantrymen were armed, but they fired no shots in the battle of clubs and fists.

Used Riot Tactics—One soldier was injured slightly. About half of the 85 prisoners injured received only minor hurts, the Army said. It did not say how the one prisoner died. Possibly he was bayoneted.

For two and one-half hours the fighting swirled across the compound. The soldiers used riot tactics in rounding up the prisoners.

The Army gave few details, and correspondents were not permitted to enter the camp, known as Compound 10. It was not known whether the prisoners were North Koreans, Chinese or both.

Senate Passes Appointment Of McGranery

WASHINGTON, May 20 (AP)—The Senate approved tonight President Truman's appointment of Federal Judge James P. McGranery of Philadelphia to be attorney general.

The nomination of the 56-year-old jurist to succeed J. Howard McGrath in the Cabinet post was confirmed by a vote of 52 to 18.

Action had hung fire since April 3 when President Truman named McGranery just after he had let McGrath out of the Cabinet in a follow-up to McGrath's firing of Newbold Morris as government corruption investigator.

Senator Ferguson (R-Mich.) and Senator Watkins (R-Utah) led the opposition to McGranery's nomination. They assailed him as a man of "most questionable" integrity, ability and veracity.

Chairman McCarran (D-Nev.) of the Senate judiciary committee and other Democrats spoke out in high praise of McGranery, a former member of the House.

McCarran described McGranery as an "honest, sincere, God-fearing, fair official" and predicted he would have "a great administration" as attorney general.

Japanese Assert Reds' Stay Illegal

TOKYO, May 20 (AP)—A Japanese Foreign Office spokesman today described the position of the Russian mission staff, as "very delicate" and no longer has a legal right to be here.

The old Russian Embassy itself is in a virtual state of siege. The gates are closed.

Technically, Russia is still at war with Japan. Russia refused to sign the treaty of peace at San Francisco.

Foreign Minister Katsuo Okasaki told the Foreign Affairs Committee of the House of Councilors Senate that the Russian mission virtually has ceased to enjoy diplomatic privileges.

If Russia reaches no agreement with Japan within six months, Japan would be in a position to inform the Russians their welcome had ended.

Repatriation Stalls Korea Truce Talks

MUNSAN, Korea, Wednesday, May 21 (AP)—Allied negotiators Tuesday told the Communists voluntary repatriation of prisoners was based on United Nations principles from which there could be no retreat.

The statement was met by a storm of new Red charges which Vice Adm. C. Turner Joy, chief UN delegate, termed the most "vicious, degrading propaganda" since the truce talks began 10 months ago.

More storm clouds gathered as the negotiators headed back for Panmunjom and a meeting at 11 a.m.

New disorders in Allied prisoner of war camps were almost certain to be seized upon by the Communists as fresh ammunition for

Adm. C. Turner Joy

the daily charges that Red prisoners are given "barbarous" treatment.

Gen. Nam Il, the North Korean who heads the Communist armistice team, called the UN team liars at Tuesday's bitter 62-minute session. Joy replied that Nam Il's statements were "fraudulent and hypocritical."

Nam declared that recent Communist-led outbreaks in the Koje Island prisoner of war compounds "have killed and buried the myth that our captured personnel refuse to be repatriated."

A recent allied screening of prisoners and civilian internees showed only 70,000 of 170,000 were willing to go to the Reds of their own free will.

The Communists want all their soldiers back regardless. This is the issue that blocks the signing of a Korean armistice.

Korean Casualty List

WASHINGTON, May 20 (AP)—The Defense Department tonight identified 43 more Korean War casualties. Of the total, 19 are dead, 23 wounded, one missing in action.

Thousands of Men Raid Women's Units In Nationwide Riots

By The Associated Press

Spring madness swept another batch of college campuses Monday night, turning thousands of feverish young men into baying, brawling panty raiders.

Nearly a dozen schools witnessed riots or near-riots as the males stormed co-ed dormitories in search of sexy souvenirs. It was the biggest outbreak yet in the snow-balling, weeks-old fad.

It was good clean fun in some spots. But not in Columbia, Mo., where the National Guard was called out to cope with rioting University of Missouri students. And not at Colorado University where one youth broke his hip.

The panty raids, weirdest collegiate fad since the goldfish swallowing 1930s, have been blamed by psychiatrists on everything from sex to simple-mindedness.

Some 3000 Missouri students went wild on their own campus and then raided two nearby girls' schools, Stephens and Christian Colleges.

Damage in Thousands—Panties were reported stripped from the person of at least one girl. Police said a group of girl students trapped a boy on a fire escape and stripped him of his clothes, returning his pants only after he begged for mercy.

Columbia's acting police chief, J. L. Parks, said damage might be in the thousands of dollars.

At Boulder, Colo., Robert Bakko, 20, of Des Moines, Iowa, broke his hip as 1500 Colorado men stormed girls' sorority houses and dormitories.

Firecrackers exploded during a three-hour siege of girls' dorms by 1000 University of Alabama

men. Police arrested ten students and kept most of them out of dormitory row. But co-eds egged them on and a few tossed out panties.

Co-eds Spark Raid—State police were called to aid local cops at Burlington, Vt., when 600 University of Vermont men roamed the campus. Rocks and tear gas filled the air and at least two students were injured.

Co-eds sparked a fairly good-natured demonstration at Northwestern University by serenading in front of men's dormitories. Some 1000 males responded with a panty raid on the girls' residences.

Pickings were scarce at the University of Minnesota where 500 students stormed three women's dormitories. The haul was four bras, four pair of pants, one silk slip.

Co-eds drenched University of Connecticut males with buckets of water as 3000 invaded sorority quadrangle with a lust for lace.

More than 1000-panty-intrigued University of Wisconsin men made their way into three co-ed halls but their mood was prankish and there were no incidents.

Stubborn co-eds at the University of Delaware fought back with fire hoses as 250 snorting, pawing youths rushed their quarters.

Pittsburgh Told 'No TV Station For 5 Years'

PITTSBURGH, May 20 (AP)—A member of the Federal Communications Commission told Pittsburghers today it will be four or five years before the city gets another television station.

Robert Franklin Jones, who addressed the Pittsburgh Radio and Television Club and the Pittsburgh Advertising Club, was a dissenter from the FCC majority which gave this city only one new commercial station in the present very high frequency band.

Commissioner Jones declared: "It seems to me that the commission is doing its best to strangle television."

Jones said the FCC decided to space TV stations 250 miles apart.

"That is the reason why Pittsburgh will get only one commercial station in the VHF band," he stated. "The other channels are being used up in cities within a distance of 250 miles of your town."

Jones suggested instead that antenna height and power input be regulated to prevent interference and that stations be spaced only 150 miles apart.

"This would place two and seven-tenths times as many stations on the air," Jones said.

Jet Pilots Report 4 MIGs Downed

SEOUL, Wednesday, May 21 (AP)—U.S. Sabre jet pilots reported they shot four Communist MIGs from the skies yesterday—the first anniversary of the crowning of America's first jet ace.

The battle over Northwest Korea produced the 16th jet ace of the war. Col. Harrison R. Thyng got his fifth MIG near the Yalu River boundary of Manchuria. He also has five damage claims.

The battle matched 12 MIGs with 12 Sabres. It ranged from 30,000 feet to 200 feet. Allied plane losses are announced weekly.
