## Cabinet Appoints Schulte, Thorpe

By MIMI UNGAR

All-College Cabinet appointed James Schulte chairman of Tribunal and Ronald Thorpe chairman of the All-College elections committee at the final cabinet meeting last night.

Walter Sachs was the chair's original recommendation for the elections committee chairmanship. However, an objection made by David Stabler, president of the Student Council, prompted further consideration by cabinet. It was pointed out by Stabler that Sachs had

taken an active part in one of the political parties on campus. He said he could not see how a man affiliated in this way could be unbiased in serving on such a committee.

The problem then arose as to whether the chairman of the elections committee should have political party affiliation. Milton Bernstein, speaking from the floor, said that a man who has been in politics can better understand all the tricks of politicians and can be "tougher."

### Reaffirm Character

Robert Amole, former chairman of the State Party, pointed out that Sachs had not only served as vice clique chairman of the party referred to, but that he had also returned to campus last year, when not enrolled in the College, to actively participate in the All-College elections campaign.

On these grounds, Amole claimed he could not see that a man could drop all prejudices toward a political party. Several persons said they considered Sachs' character beyond reproach and that his party affiliation should not enter into the consideration of his appointment.

The first vote resulted in a tie, ten-ten, with two abstentions. All-College President John Laubach broke the tie in favor of Sachs. A revote was then called for because of the closeness of the first vote. Sachs lost out in the revote, taken by roll call, nine-11, with two abstentions.

### Approve BX Committee

Thorpe was then recommended by Laubach and approved by cabinet as the elections committee chairman. Other members of the committee are Louise Robertson, Diane Miller, Leon Williams, James Hand, Edwin Cohn, Jane Mason, Tracey Cushmore, David Jones, and Sally Jones. The other member of the committee, to fill the vacancy left when Thorpe was

Captain John L. Woodbury, professor of naval science, then presented awards to eight other students.

Following the naval ceremony, which was held on the golf course, President Eisenhower visited the Army ceremony, held in front of Old Main.

The Reserve Officers Association Medal for the outstanding Army cadet was presented by President Eisenhower to John A. Donnal.

Twenty other students were decorated as distinguished military students by Col. Lucien E. Bolduc, professor of army science and tactics, and members of the College staff.

## Flashcard Setup OK'd By Cabinet

Starting Monday students who will be returning to the campus next year will begin signing up for admission to a Beaver Field special section for the establishment of a placard display system, according to a suggestion approved last night by All-College Cabinet.

The suggestion, after amendment, sets aside section EH, between the 30- and 40-yard lines of the field, for students who wish to take part in the placard system. Next semester's seniors will be given first preference for the section. The preferential seating proposal was presented to Cabinet by Marvin Krasnansky in place of James Wharton.

Several changes in freshman customs for the fall semester were approved by cabinet after hearing a report by Irene Taylor of the Freshman Customs Board. These changes are additions and corrections to an already-approved plan for joint customs programs.

### Dating Rule Approved

Four of Miss Taylor's proposals were approved as suggested. These are: to insert a preamble defining who shall undergo customs; to allow freshman to walk on Holmes field; to forbid the wearing of "awards or letters" by freshmen during customs; and to require first semester freshmen to undergo customs, even though they may have had them at other schools.

Another of Miss Taylor's suggestions was approved after amendment. The approved proposal will allow freshman dating on Friday and Saturday nights after the first customs week, with the customs board planning events for those nights.

### Book Exchange Proposals

Thursday, Sept. 25, of the fall semester, was set aside as Student Government Day by cabinet upon the suggestion of Robert Smoot of the Student Government Day committee. In addition to naming the day, cabinet approved a suggestion that a public meeting of cabinet be held on that day, preceded by an address by President Milton S. Eisenhower. It was also voted that cabinet hold a breakfast meeting for its members. In addition, cabinet included in the schedule for the day a combined meeting of the Interfraternity Council and the Association of Independent Men, as well as a combined meeting of Panhellenic Council and Leonides.

Two recommendations concerning the Book Exchange were also agreed upon by cabinet; first, that cabinet express more interest in the BX, and second, that the budget already granted the BX be redistributed to allow for an eight-man BX board.

### Kohn Elected Head Of Blue Key Society

Edwin Kohn Jr., Industrial Engineering student, was elected president of Blue Key, junior men's hat society, at a meeting last night.

## Loyalty Board Deadline Today

Nominations of College employees for positions on the Loyalty Review Board of the College are due in dean's and administrative head's offices today.

The employee's panel of the board will include the provost, the comptroller, representative from the service-technical group of employees, one from the clerical group, and one from the professional group.

Employees from each of these groups will nominate persons to the board. These names will be tabulated and the three with the largest number of nominating votes in their department will be placed on the final ballot. No date has been set for final balloting.

This board is being set up to hear the case of any employee whose loyalty is questioned. The Loyalty Act passed by the Pennsylvania General Assembly requires the President of the College to certify the loyalty of College employees before any state funds are payable to the College.

The nominations, due today in sealed envelopes, are to be sent unopened to the Comptroller's office, 208 Old Main, not later than Monday.

Lists of jobs classified under each department have been given to the employees with the ballot. Robert Callahan, representative

of the Pennsylvania State Council of the American Federation of State, County, and Municipal Employees, said in a letter, "It is the purpose of our union, not only to advance the economic well-being of its members, but to take its rightful position in the community as an organization favoring the great principles of liberty and justice on which the United States of America was founded."

He said that a number of persons has made false statements about the viewpoints and objectives of members of local 67 of the union. The local is located in State College and claims many College employees.

He said that statements that the union is radical and subversive are far from the truth.

He pointed out that the union's constitution provides for members who are found to be associated with the Communist party to be disciplined if found guilty in a hearing.
