Lion Grid History Shows 8 All-Americans

By TED SOENS

As the 1952 Nittany gridders begin their long football season, the fans will start to compare past records of Penn State teams.

First on the record sheet will be the bowl games — the Rose Bowl in January 1923 and the Cotton Bowl in January 1948. For the Pasadena contest, State met the powerful West Coast Champions, Southern Cal, in a 14 to 3 contest in favor of the Trojans.

Then 25 years later, an untied, unbeaten Nittany eleven led by such greats as All-American Sammy Tamburo and "Punchy" Rogel, journeyed to Dallas, Texas for a 13-13 tie with the Southern Methodist Mustangs.

That 1947 team with All-American Steve Suhey set defensive records which still stand as the best in the nation; their opponents made the fewest rushing

yards per game, 17.0, and the fewest rushing yards per play, 0.64.

Other NCAA records set by the Lions were four pass defense marks and the most yards per kickoff return set at 52.2 yards by Chuck Peters in 1940.

Annually a stand-out in pass defense, (seventh in the nation last year) Penn State set these records in 1938: fewest passing yards per game by opponents 13.1; fewest yards per opponents pass attempt 1.78; fewest passes completed by opponents, 10; and the lowest percentage completed by opponents, 16.9.

The 1920 edition of Lion footballers went wild on the gridiron and ran up the highest score ever set by a Penn State eleven. With a running attack spear-headed by Charley Way, a fleet halfback se-

lected as All-American by Walter Camp, the Lions literally crushed a hapless Lebanon Valley team, 109-7.

This 1920 team also helped to set a modern win streak record for Penn State, for between the years 1919-1924 the Lions had their longest win streak at home at 29 games.

Between those years, the football world saw such All-Americans as Bob Higgins, end in 1919; Charley Way; Glenn Killinger, quarterback in 1921; and Joe Be-

denk, guard in 1923.

Both Higgins and Bedenk came back to their Alma Mater as coaches, Bob as football coach till 1948, and Joe as baseball coach. Other Penn State All-Americans include W. T. "Mother" Dunn, famous center of the 1906 team, and Leon Gajewski, also a center, on the 1940 eleven.

The longest unbeaten string was set at 30 games between 1919 and 1922. The record was 25 wins and five ties. Navy finally broke the string in 1922 with a 14-0 win.
