

Card Seats Reopened To Upperclassmen

By MARSHALL O. DONLEY

A resolution allowing all upperclassmen to register for preferential seating until 5 p.m. today was passed by All College Cabinet at its first formal meeting of the semester last night.

The resolution also will allow senior students to fill in the flashcard area from their regular seats if the special section (EH) is not filled.

The flashcard resolution was an amended form of suggestions made by Alan McChesney, head cheerleader, who is handling arrangements for the section.

As the system is now set up for home football games this season, those who have signed for section EH must be in their seats by game time. The seats will be reserved for them only until then, after which they will be thrown open to seniors in surrounding areas.

Rostmeyer Proposes

Those who have preferential seating cards will be allowed to sit in their respective junior or sophomore sections if they are late or if they so wish.

McChesney informed cabinet that 163 persons—22 seniors, 53 juniors, and 88 sophomores—had already signed up for the special seats. Richard Rostmeyer, All-College secretary-treasurer, suggested to cabinet that some students had expressed a desire to wait until friends had signed up for the section before they enrolled. Rostmeyer proposed the amendment extending the time for signing up to 5 p.m. today.

An announcement was made last night over local radio station WMAJ announcing the enrollment extension.

System Failed

McChesney informed cabinet that similar flashcard set-ups have been used on other campuses using a system such as is now being tried here, or involving the use of freshmen. Similar systems at other colleges have not usually required sign-ups for the sections, but were filled because the best seats were offered.

A freshman system was tried here a few years ago, but it was not successful.

Cabinet also heard a report of the Freshman customs board at last night's meeting. The report, presented by James Schulte, named the abundance of veterans—about two hundred of them—as the major customs problem. Because of their number the veterans were not interviewed but merely issued exemption cards.

Schulte reported that only 16 customs violations have been listed so far and that the committee expected the customs program to be a success.

Rostmeyer read a letter to cabinet explaining that the National Foundation for Infantile Paralysis has rejected a check for \$959.23 which was collected through Campus Chest a few semesters ago. The polio group does not accept money from combined collections. Cabinet approved Rostmeyer's suggestion to apply this money to the present Campus Chest working fund.

Plans Made To Train Leaders

By MIMI UNGAR

Provisions for a method of training campus leaders were made in the form of three resolutions passed last night at the first formal meeting of the year of the All-College Cabinet.

The resolutions, presented by Donald Herbein, were a result of the Student Leadership committee of the first annual Student Encampment. The first resolution provides for the establishment of a standing committee of All-College Cabinet to be tentatively known as the Cabinet Project Council with the All-College vice president as director to promote the training and orientation of all persons interested in student affairs.

A part of the same recommendation proposed that a committee be established with a chairman designated by cabinet, to promote on-the-job training and counseling for students elected or appointed to positions of leadership. Upon adoption of this resolution, All-College President John Laubach appointed Herbein as head of the committee.

The second resolution presented proposed that a committee and chairman be established by cabinet to publish a directory to list and to describe the administrative offices, the personnel in each office, and functions performed by the personnel in these offices as a means for improving student leadership. Richard Lemyre was appointed chairman of this committee.

The final recommendation provides for the encampment committee to serve in an advisory capacity.

Robert Smoot, chairman of Student Government Day, reported to the cabinet that President Eisenhower will speak at the Cabinet meeting in Schwab auditorium Thursday. He further reported that certain facts about student government would be printed in the Daily Collegian, with provisions having been made for freshmen to be required to know these facts.

Gift Fund Aids Press, Radio

The Class of '52 has presented as its class gift an \$8000 fund to be divided between a student press and a student radio station.

Other suggestions upon which the seniors voted were a Class of '52 scholarship, an entranceway to Pollock road where it joins Route 322, and a statue of "The Linesman."

Contributions toward a student press were also made by graduates in 1948, 1949, and 1950. The amount prior to last year exceeded \$22,600. The Class of 1951 contributed money for the radio project, which now amounts to \$5900, and for scholarships.

Selective Service to Hold New Qualification Tests

WASHINGTON (AP)—Selective Service announced today that new college qualification tests for draft-liable youths will be given Dec. 4 and April 23.

Maj. Gen. Lewis B. Hershey, director, said the third nationwide series of tests would be given at about 1000 centers over the nation by the Educational Testing Service of Princeton, N.J.

Local boards use the test scores or class standing of college students in considering their eligibility for draft deferment.

A total of 413,395 students have taken the test and another 35,000 or so are expected to take the next series. A student may take the test only once.

Hershey said about 190,000 college students currently are deferred from the draft on the basis of test scores on their classroom

Freshman Customs Lifted for Dance

Raise the Song . . .

FRESHMAN CHORUS gives out with a medley of college songs while hatmen Rod Stengall (foreground) and William Shomberg direct the harmony.

Traffic Violators To Be Disciplined

Beginning Monday the Campus Patrol will strictly enforce all traffic regulations, according to James Schulte, chairman of Tribunal. All tickets passed out to violators will be recorded, and offenders will be summoned before Tribunal for hearing.

Schulte said that only student drivers with permit stickers on their cars will be permitted to drive on campus during class hours. Cars with stickers must be parked in the areas designated by the Campus Patrol.

According to present Tribunal plans, first offenders will be fined. Second offenders will have their driving privileges suspended on campus. If chronic violation cases are reported, the offender will probably be referred to the disciplinary committee of the College Senate subcommittee on student affairs, Schulte said.

Patrolmen issued tickets to parking violators during Orientation Week, but delayed action to enable students to acquaint themselves with campus regulations found in the Student Handbook. Copies of regulations were also distributed with driving permits. Additional copies are now available in the Campus Patrol office, 320 Old Main.

Schulte emphasized the seriousness of observing campus traffic rules and asked for the cooperation of all students in carrying out regulations.

Men Debaters Plan Meeting Tuesday Night

The men's debate team will hold a preliminary meeting at 7 p.m. Tuesday in 316 Sparks. Try-outs for the organization will be scheduled at the meeting. Both freshmen and upperclassmen are eligible, and no previous debate experience is necessary.

This year's topic, "Resolved: That the Congress of the United States should enact a compulsory fair employment practices law," will be analyzed at the meeting, according to Jay Headly, manager.

All candidates will be required to deliver five-minute speeches on this topic at 7 p.m. Wednesday, in 316 Sparks.

The first debate of the semester will be the international debate in October.

Special Student Registration to End

Registration for special students and unclassified students ends at 4:30 p.m. today, the Registrar's office reported yesterday. Graduate students may register until noon tomorrow.

After these times registration will be closed. Undergraduate students were allowed to register this week upon payment of a \$10 extra fee. No such late payment exists for graduate and special students.

Hatmen to Usher Team At Tomorrow's Game

Thomas Farrell, president of Androcles, junior men's hat society, has requested all hatmen to gather in front of the Blue Band section at Beaver Field at 1:45 p.m. tomorrow. At this time the men will form the honor line to usher the football team onto the field.

Women to Get 11 p.m. Permits For Festivities

Dating customs for freshman men and women will be lifted for the Campus Chest "Kickoff Dance" tonight in Recreation Hall, James Schulte and Mary Pettigout, co-chairmen of the Freshman Customs Board, announced yesterday.

The board also decided to lift customs for the church mixers tonight. Action for the removal of dating customs for these two events was taken at a customs board meeting yesterday.

All freshman women who attend the dance or the church mixers will receive 11 o'clock permissions. Dating customs will be removed only for those persons who attend the dance or the mixers.

Frosh Spirit

Freshman women who return to their dormitories after the regular closing hour at 9:30 tonight will have to show either a ticket stub from the dance or a note signed by the person in charge of the mixer. If this is not done, it will be considered a violation of freshman customs.

"The move to lift customs was taken by the board because the freshman have shown a great deal of spirit during the first week of customs," Schulte said. He pointed out, in particular, the spirit with which groups of freshman men and women sing when stopped on campus.

The "Kickoff Dance," sponsored by the Campus Chest, is part of the pre-Temple University football festivities. Preceding the dance, the first football rally of the season will begin at 7 p.m.

Co-Captains To Talk

A parade, starting at Garner and Prospect streets at 7 p.m., will be led by the Blue Band to the Lion Shrine, the site of the pep rally. The paraders will pass by fraternities and dormitories before they reach their final destination.

Members of men's and women's hat societies will stop in dormitories and encourage freshmen to join the parade as it passes. The dance will get underway following the pep rally.

Speakers at the rally are Stew Sheetz and Joe Gratson, co-captains of the football squad, and Ernest B. McCoy, new dean of the School of Physical Education and Athletics. Richard Neuweiler, seventh semester journalism major, will be master of ceremonies at the rally. Leading the songs and cheers will be the cheering squad, headed by Alan McChesney.

Jack Huber and his orchestra will play at the dance. Tickets, priced at 50 cents per person, are on sale at the Student Union desk in Old Main and will also be sold at the door tonight. Proceeds go to the Campus Chest, which has set a \$12,000 goal for this year.

LaVie Candidates

LaVie candidates, who should be fifth semester students, will meet at 7 p.m. Sunday in 405 Old Main, Jacqueline Becker, managing editor, has announced.

IFC Registrations Due At SU Desk Today

Fraternities must sign the names of all their pledges of this semester and late last semester in the Interfraternity Council register at the Student Union desk in Old Main before 5 p.m. today, Thomas Fleming, IFC secretary, announced yesterday.

The list will be used by campus publications when the pledges are to be announced.
