

# Parking Violators Warned

George W. Smith, Windcrest burgess, announced yesterday that those Pollock Circle students who are parking cars inside the Windcrest area at the entrance from Pollock road and at the southeast end of the Pollock dorms will receive violation notices.

Students receiving violation notices will not be punished unless the parking in the Windcrest area continues, Smith said. If parking by the students continues, they will be issued tickets from the Campus Patrol and brought before Tribunal, he said.

According to the parking map released by the department of Physical Plant at the College, parking area 42 is designated for use by Pollock Circle students and Windcrest residents. Capt. Lewis Mark, chief of campus patrol, explained that only the parking lot on Pollock road and the one east of Dorm 4 is designated for Pollock students. The other parking lots within area 42 are to be employed by Windcrest residents.

Some students have parked cars on the southeast end of Pollock Circle, a street on which Windcrest residents are not permitted to park, Smith said.

## Tryouts Scheduled For '20th Century'

Persons interested in trying out for the Players production, "Twentieth Century," may sign up in the Green Room at Schwab Auditorium.

Readings will be held tonight for newcomers, and tonight and Sunday for those previously connected with Players.

The play, directed by Kelly Yeaton, will be presented at Schwab Nov. 6, 7, and 8.

## Froth Subscriptions Now Being Sold

Subscriptions to Froth, College humor magazine, may be purchased from members of the Froth circulation staff. A subscription entitles the holder to seven issues for \$1.75.

Students may save confusion and inconvenience at the newsstands the day of distribution if they purchase subscriptions, Myron Enelow, circulation manager, said.

## Committee Considers Curricular Changes

The Senate committee on courses of study considered certain course and curricular changes at a recent meeting.

The committee also considered abbreviations used for courses and curriculums with relationship to the tabulating equipment and processes of the Registrar's office.

## Blue Band to Use Double-Time Drill

Penn State's Blue Band will start off its 53d year at the Temple game tomorrow and will again do everything "on the double."

Hummel Fishburn, head of the Music Department and in charge of the band's marching formations, predicts that before the end of the season they may be using the fastest full step cadence in the country.

Besides marching at five home games, the band will go to Philadelphia Nov. 1 for the Penn game and to Pittsburgh Nov. 22 for the Pitt game.

Like the football team, the bandsmen work in quest of perfection, drilling daily during the football season. There's even a "warm-up drill" on the field before each game.

## Hams May Join College Station

Any student holding an amateur radio operator's license and wishing to affiliate himself with the College radio station staff as assistant operator of the College radio station WSYA and the MARS station ASYA has been asked to send a letter of application to Gilbert I. Crossley, assistant professor of electrical engineering.

Experience, station call letters of the student's amateur station, and the grade of amateur license should be contained in the applicant's letter.

The station staff is not limited to students in the School of Engineering. Any student, faculty member, or employee of the College holding an amateur license is eligible to join the staff.

Galveston, Tex., was the first city in the United States to adopt the commission form of government.

By April, 1953, some 2,000,000 Britons will be in the armed forces or directly engaged in defense work.
