

### Reading Hour To Be Held

Students who represented the College in the Pennsylvania Inter-collegiate Reading Festival and Eastern Poetry Reading Festival last spring will present the "Monthly Reading Hour" at 8 tonight in Simmons lounge, under the sponsorship of Mrs. Harriett D. Nesbitt, assistant professor of public speaking.

Constance Melvin, seventh semester speech major; Myron Cole, third semester drama major; Joada Oswald, eighth semester speech major; and Paul McWilliams, seventh semester music major, will take part in the reading hour, which is open to the public.

### Tack Room Burned

A tack room adjacent to the College Riding Stable was slightly burned yesterday afternoon when heat from the duct system ignited lint or dust, according to Charles Lamm of the department of physical plant. No damage was reported.

### Lion Party --

(Continued from page one). Kirschner, and John Walko were nominated for the freshman class vice presidency. Nancy Scofield and Mary Lou Benner were nominated for sophomore secretary-treasurer candidacy, and Patricia Douthett was the lone nominee for that position in the freshman class.

Thomas Pyle, vice clique chairman who took over in the absence of chairman Richard Kirschner, announced that final nominations for freshman and sophomore class candidates will be held at next Sunday's meeting, after which election of candidates will take place.

Approximately 300 persons in attendance heard Thomas Kidd, Bibler campaign chairman, report that the sale of Bibler's cartoon books was not as good as it can be and that increased effort will have to be used in this week's sales. Kidd reported that if the Lion Party does not make money from these books, it will not be able to sponsor candidates in the Nov. 13 election.

Few persons in attendance stayed until the end of the two-hour

### Frosh Nominations To Begin Today

First semester freshman nominations for school council elections begin today, Interschool Council Board has announced.

Students wishing to place their names on the ballot for any of the eight school council elections must sign a list by Saturday. The lists will be posted in various classroom buildings.

Elections will be held Oct. 30 and 31.

meeting. Since majority votes are required for election to a clique office, many revotes had to be taken because of the number of candidates conspiring for the offices.

Pyle announced that at next Sunday's meeting members of the All-College elections committee will be at the door to check names of persons eligible to vote in clique candidate elections. To be eligible to vote on nominees a person must have attended at least one meeting previous to next week's meeting. Nov. 13 elections are open to freshman and sophomore students.

### Bloodmobile Is At TUB Today

The Red Cross Bloodmobile will be at the TUB from 10 a.m. to 4 p.m. today, concentrating its drive on College personnel and residents of the State College area, although students may donate if they wish.

Interested persons may make appointments with Donald Carruthers at extension 417 or at the

### MISCELLANEOUS

TYPING TO do at home. Inquire at 512 W. Foster Ave. or call 2598.

# NOSE, THROAT,

## and Accessory Organs not Adversely Affected by Smoking Chesterfields

**FIRST SUCH REPORT EVER PUBLISHED ABOUT ANY CIGARETTE**

A responsible consulting organization has reported the results of a continuing study by a competent medical specialist and his staff on the effects of smoking Chesterfield cigarettes.

A group of people from various walks of life was organized to smoke only Chesterfields. For six months this group of men and women smoked their normal amount of Chesterfields—10 to 40 a day. 45% of the group have smoked Chesterfields continually from one to thirty years for an average of 10 years each.

At the beginning and at the end of the six-months period each smoker was given a thorough

examination, including X-ray pictures, by the medical specialist and his assistants. The examination covered the sinuses as well as the nose, ears and throat.

The medical specialist, after a thorough examination of every member of the group, stated: "It is my opinion that the ears, nose, throat and accessory organs of all participating subjects examined by me were not adversely affected in the six-months period by smoking the cigarettes provided."
