Cabinet --

(Continued from page one) up to bring continuous support for the Lion suit used at football games.

A special campaign was waged this year to secure funds for the suit, which has been worn beyond repair. Pellnitz' suggestion would involve setting up a fund which would supply funds for a suit before the old one was completely ruined, thus eliminating the necessity for such a campaign in the future.

Joseph Haines, Solicitations chairman of Campus Chest, will present a list of percentages for division of chest funds this year at tonight's meeting. At cabinet's last meeting approval of the dates Nov. 4 through Nov. 18 for the chest campaign was given.

Theodore Kimmel, president of the senior class, will report to cabinet tonight on the results of the recent senior class meeting. Kimmel announced that he would ask for no committee appointments at this time.

A report on the recent dance sponsored jointly by the Association of Independent Men and Leonides will be presented to cabinet by William Shifflett, president of AIM.

Four suggestions for improvement of communication at the College will be presented by Pellnitz in his capacity as chairman of the encampment subcommittee on communications. The four suggestions embody the use of a student radio station, campus press, and cooperation among student groups and faculty.

The suggestions are a result of the cabinet-sponsored encampment program held early in September at Mt. Alto.

The question then arises "How fast have the Spartans been running over their course?"

Kepford Timed at 20.44.3
In their encounter with the Badgers, Captain Jim Kepford turned in a first-place clocking of 20.44.3 seconds for the Spartans. Teammate Lyle Garbe placed fourth in 21.39; and Ken Barley ran a 21.49 clocking for sixth place.

Kepford's time would place high in any meet, but the big time gap between the other runners doesn't look too impressive.
