## Show State Spirit Without Destruction

Today a large segment of the Penn State student body travels to Philadelphia for tomorrow's big game with Penn.

Years ago Penn State students earned a bad reputation for themselves in the eyes of Philadelphians for their rowdy and destructive conduct. The damage caused in 1929 resulted in the cancellation of our 1930 game with Penn.

Recent years, however, have seen Penn State students doing a great deal to remove the stain of bad publicity placed upon them by State students in the '30s.

It can only be hoped that those who make the trip for this year's game will realize that rowdiness and destruction are not necessary for a good time, and that if this is resorted to, it will reflect upon the Penn State student body not only in Philadelphia but all over the state.

Penn State students can still show off their school spirit. In 1948, for example, students and members of the Blue Band joined in a rally the night before the game in front of the Bellevue-Stratford hotel.

Such a rally could be conducted again, and we doubt if Philadelphia would complain provided it was done in a proper manner.

The University of Virginia earned a bad reputation for itself by the large damage bills from Philadelphia hotels for rowdy conduct. Virginia was dropped from the Penn schedule.

Penn State students will be representing the College and the student body as a whole from the time they leave State College until they return. Let's show spirit. Let's have a good time. But let's also continue the good behavior shown so far this year so as to brighten the bad light in which we have been held by Philadelphians in the past.

—Jim Gromiller

"Contentment preserves one even from catching cold. Has a woman who knew that she was well dressed ever caught cold? No, not even when she had scarcely a rag on her back."  
—Friedrich Wilhelm Nietzsche

## Safety Valve—

### Ticket Accommodations Product of Confusion

TO THE EDITOR: The criticism about the accommodations for the students at Franklin Field this weekend is more than well-founded. It is just another example of confusion and reluctance in the Office of the Graduate Manager of Athletics.

I was at the Penn State-Penn game in 1948. Confusion and delay were very much in evidence that day, too. What happened at the Penn State-Kentucky basketball game last year? The students sat near the ceiling and behind the backboards and heard the game, but made the trip in vain as far as seeing it. It's a shame that something like this has to happen every time a big game comes along. It is apparent this is no accident.

The students here at State support the team both at home and away and should receive better treatment when it comes to handing out tickets for a big game. If by chance we are invited to the Cotton Bowl, don't be surprised if the students are seated outside the stadium!

To say the situation is bad is putting it mildly. If the professors on campus were this lax they would soon find themselves looking for a job somewhere else.

I have observed the changes that have taken place since President Eisenhower arrived on campus. I think he is doing a fine job. The appointment of Dean McCoy is a real step toward improving our Physical Education department. Also, the recent appointment of Dean Simes is the very best. Speaking along these same lines, I might suggest that President Eisenhower have a look into the Office of the Graduate Manager of Athletics.

Perhaps the school is growing too fast for some one over in that office, but I would not discriminate against the students by trying to make them swallow the bunk and excuses that have been and will continue to come from the office. Incompetence in office is one thing but false excuses are something else.

## Talk About

### Our Last Game With Penn

By JIM GROMILLER

This weekend Penn State 3000 strong travels to Philadelphia for a renewal of the long-standing on-again, off-again, series with the Red and Blue.

We thought we might go back to that last game in 1948 when Penn State's Cotton Bowl team beat Penn, 13-0.

Preparations for that game started on a cold October morning—early, when more than 3000 ticket hungry students massed outside Old Main to wait in line for tickets.

The first students arrived at 4:15 a.m. and played bridge until the Athletic Association windows opened.

Not far back in the line was a delegation of 34 from Delta Chi who arrived about 4:30 a.m.

The line stretched from the ticket windows in Old Main all along College avenue to Atherton Hall by the time the windows opened at 7 a.m.

Then came the week of the game. Coach Bob Higgins offered a free ticket on the 50-yard line for the answer to the question "How do we stop Ray Dooney?"

"And if you can answer that question, then we'll give you another ticket if you can tell us how to penetrate a 200-pound average line, backed up by the greatest ball player I've seen in 15 years, Chuck Bednarik," he added.

Penn had a 21-11 edge in the 58 year old series when the teams took the field in 79 degree temperature that Saturday. Penn had won the first 13 games in the series. But in spite of this neither team had been able to rack up more than two wins in a row since 1911.

In the two previous games Penn State had won, so this was supposedly the jinx breaker if Penn State could win again. It had been State 10-0 in 1939, and State again 13-7 in 1942. That Saturday it was 13-0 State and the 31 year jinx was off. Penn State had broken it.

With Fran Rogel scoring both Penn State touchdowns and hitting the line for a total of 77 yards, State made it 16 in a row without a defeat. Joe Colone, Chuck Drazenovich, Paul Kelly, and Elwood Petchel were the other stars.

Thru these doors . . . . pass
