of facilities of the BX, most of which already have been put in use. These include use of the Temporary Union Building for a self-service area, the establishment of a new inventory system, and the use of a new bookkeeping setup.

In summarizing his subcommittee report, Kelly told cabinet that the BX is definitely growing and that provisions have been made in the proposed Student Union building for expansion of the service.

Following cabinet approval of the seven BX recommendations, Kelly presented a progress report of BX, pointing out that business has increased 59 per cent over 1951. The BX returned \$1843 to students for books sold and is still returning more, Kelly said. He also announced that the BX check-book balance as of Tuesday was \$2624.30, with no outstanding debts.

John Laubach, All-College president, presented to cabinet the topic of selection of one or more representatives to attend a trip to the United Nations in New York Dec. 11-14, sponsored by the Penn State Christian Association.

Cabinet postponed consideration of the matter until more definite expense costs could be ascertained, as the proposal before cabinet contained the suggestion that cabinet pay at least part of these expenses.

Cabinet approved a motion by

Richard Rostmeyer, All-College secretary-treasurer, that \$90 be set aside for a Christmas lawn display on the lawn of Old Main. A similar sum was set aside last year.

Displays are built by Pi Gamma Alpha, architecture honorary, after students and student groups turn in ideas for the structure.

Donald Herbein was replaced, after resignation by Robert Smoot as a member of the cabinet leadership committee.
