

Eden Suggests Truce Solution

UNITED NATIONS, N.Y., Nov. 11 (AP)—Anthony Eden offered Andrei Y. Vishinsky a four-point program today for settling the prisoner of war deadlock in Korea. He appealed to the Soviet foreign minister to take "one crucial step" toward a final settlement and accept the British idea.

Reds Take Korean Hill 13th Time

SEOUL, Wednesday, Nov. 12 (AP)—About 1500 Chinese Red troops, striking behind a terrific barrage, seized Pinpoint Hill on Sniper Ridge Tuesday night for the 13th time in 29 days.

It was the same sort of headlong attack that had virtually wrecked two Chinese armies—numbering up to 80,000 men—on the Central Front within a month.

But the Allies had lost the last gain they had made in a limited offensive they launched Oct. 14 for control of the ridges towering north of Kumhwa.

Last week the Reds recaptured neighboring Triangle Hill, Jane Russell Hill and Little Sandy.

Then late Tuesday the fury of the Red counteroffensive was directed at South Korean defenders of Pinpoint—highest point on Sniper Ridge. The attack shoved the Allies back to their bases on the lower spurs of Sniper Ridge.

The battle was fought in pitch darkness. A drizzling rain and lowering clouds around the height doused Allied flares and hampered air and artillery support.

The Reds opened the attack at 4 p.m. with a mighty barrage. One U.S. military adviser called it "the heaviest artillery concentration I have ever seen."

Grange to Discuss New Meeting Site

The Penn State Grange will consider a proposed permanent meeting room at 7 tonight in 100 Horticulture. The College has offered 306 Agriculture solely for Grange activities.

The proposed meeting place was formerly an agronomy laboratory which was vacated when the Agronomy department moved into the new Plant Industries Building. The room is now to be redecorated.

Socrates' doctrines were never recorded by him, but by his followers.

Vishinsky sat grimly silent in the UN Assembly as the British foreign secretary spoke and there was little hope in Western circles that the Russian would take the one step.

Vishinsky insisted yesterday that all prisoners must be repatriated. Eden paid close attention. Today he told the assembly he does not despair of agreement. He outlined his set of principles as follows:

"First: That every prisoner of war has the right, on the conclusion of an armistice, to be released.

"Second: That every prisoner of war has the right to be speedily repatriated.

"Third: That there is a duty on the detaining side to provide facilities for such repatriation.

"Fourth: That the detaining side has no right to use force in connection with the disposal of prisoners of war.

"In other words, after an armistice a prisoner of war may not be either forcibly detained or forcibly repatriated."

"The peoples of the world are confronted with the gravest of perils," Eden said. "We know of the swift discoveries of science which, if not matched by political advance, must one day destroy humanity. We know, and the Communists know, that in every field of endeavor our fates are linked together, East and West alike. We know that the health, the happiness, the prosperity of each nation is essential to all. And, yet, while we all know these things, we cannot even take, it seems, the one crucial step which would bring us agreement in Korea, and give the world a fresh lease of life and hope. Here is a problem to test our statesmanship. Cannot we in this assembly, along the lines I have suggested, lead and guide the nations to its solution?"

Public Hearing Seen Next Step in Appeal

Leaders Meet To Arrange CIO's Future

PITTSBURGH, Nov. 11 (AP)—CIO lieutenants from all sections of the nation met today at the bier of their fallen leader, Philip Murray. Tomorrow they'll hold a closed session at which the labor group's future course will be charted.

Nine CIO vice presidents will confer with Allan Haywood, executive vice president of the CIO, on the mechanics of electing a new president to succeed Murray.

Murray died of a heart attack in a San Francisco hotel Sunday at the age of 66. He was on the West Coast to prepare for the scheduled Nov. 17 start of the CIO convention.

With Murray gone, his aides must decide whether to go ahead with convention plans and how to go about naming his successor.

Whatever they decide probably will be ratified at another Pittsburgh meeting on Friday of the CIO Executive Board. That group consists of the vice presidents, plus elected representatives from various CIO unions.

In Detroit, CIO sources outside Reuther's immediate circle are confident the UAW president will win the presidency of the CIO if he makes a bid for it. Reuther's aides aren't commenting on his chances.
