

News of Truman Blast Shocks Ike

HONOLULU, Dec. 12 (AP)— President-elect Dwight D. Eisenhower is shocked and puzzled by President Truman's blast at his trip to Korea, it was learned today, but is determined not to become involved in any public wrangle with the President.

Lie to Get Data on UN Subversives

UNITED NATIONS, N.Y., Dec. 12 (AP)—A U.S. State Department committee and American Justice Department officials are reported working on ways of giving confidential information on suspected subversives to UN Secretary General Trygve Lie.

The final decision will be up to President Truman, informed sources said today.

This development came as resentment was reported growing among UN delegations over the conduct of the whole question of subversives in the UN. Some delegates, who would not be identified, said there is a strong feeling that the delegation should be informed about what is going on and not have to read sketchy reports second hand.

These delegates said it is expected that the question of loyal employees and the system used to fire subversives might come up tomorrow in the Financial Committee when it takes up the question of UN staff regulations. This may be delayed, however, until a later date.

Lie is expected to meet soon with U.S. Attorney General McGranary and with Sen. Alexander Wiley (R-Wis.), who has taken a keen interest in the issue of subversives in the UN.

Korean Reds Seize 2 Hills

SEOUL, Saturday, Dec. 13 (AP)— Chinese Communists seized the peaks of both Big and Little Nori on the turbulent Western Front late Friday. The Reds held grimly to both positions through a night of thunderous artillery duels lit by the flares of Allied planes.

It was the second straight day of savage battling with the South Korean First Division. Both sides swept back and forth across the shell pitted outposts guarding one of the main invasion routes to Seoul.

Allied big guns smashed steadily at Communist positions. The Reds equalled Allied firepower—sometimes at the rate of 3000 shells an hour—for shorter periods.

From sources of the highest reliability, it can be said that Eisenhower feels the Truman blast at him was uncalled for, undignified, and should be ignored.

Truman told a news conference yesterday that the Eisenhower journey to Korea was the result of political demagoguery and declared Gen. Douglas MacArthur should lay before the administration any Korean peace plan MacArthur may discuss with Eisenhower.

Disputes Prisoner Issue
The President-elect will continue on the course he has set to find a solution to the war in Korea—and this will include a study of MacArthur's proposals along with others advanced by his advisers on ways and means of ending the struggle in Korea.

But, it was learned, Eisenhower is grimly determined that the United States will not bring an end to the Korean struggle unless a truce calls for the return of American prisoners of war now held by the Communists. And he is on record against forced repatriation of Communist prisoners held by the Allies.

These developments came as Eisenhower was winding up his last day of talks with key advisers here before leaving tomorrow for New York.

Information on Far East
One source said Eisenhower feels that MacArthur has a vast store of information and experience in Far Eastern affairs which should be considered in formulating the new administration's peace program.

And Eisenhower believes the American people would feel he was not being honest and was not getting all the information possible if he failed to consult with MacArthur on the Korean situation.

Eisenhower's thinking was outlined in this way:

The general believes the American people want dignity restored to the Presidency and that they are "tired of petty bickering and name calling."

Official Election Returns Tabulated

WASHINGTON, Dec. 12 (AP)—The official vote for President on Nov. 4 was a record smashing 61,547,861.

Gen. Dwight D. Eisenhower's winning popular vote total was 33,927,549. Gov. Adlai E. Stevenson, the loser, got 27,311,316. Other parties polled 308,996. Eisenhower's plurality was 6,616,233.

The figures were disclosed today in an Associated Press tabulation of the final official findings in the last four states to report—California, Pennsylvania, Rhode Island, and West Virginia.

The report confirmed the earlier unofficial results showing Eisenhower carried 39 states with 442 electoral votes; Stevenson won only nine with 89.

UN Rejects Arab Tunisian Proposal

UNITED NATIONS, N.Y., Dec. 12 (AP)—The United Nations rejected tonight an Arab-Asian plan for UN help in settling the bitter French Tunisian dispute.

The 60 nation Political Committee adopted instead a mildly worded Latin American proposal which merely appeals to France to negotiate with Tunisia.

The United States and most of the Western nations voted against the Arab-Asian plan. The Soviet bloc favored it. The Arab-Asian nations, after losing their proposal, then switched and supported the moderate Latin American resolution. It carried by a vote of 45 for, 3 against, and 10 abstentions including the Soviet bloc and Britain.

The final vote on the Arab-Asian proposal was 24 for, 27 against and 7 abstentions. The operative parts of it already had been killed by votes on individual paragraphs.

France was absent. It has boycotted the debate, contending its relations with Tunisia are an internal matter.

France also has announced it will boycott a debate on Morocco,

Congressmen Ask Mac to Reveal Plan

WASHINGTON, Dec. 12 (AP)—Demands for an immediate congressional hearing of Gen. Douglas MacArthur's views on ending the Korean War boiled up on Capitol Hill today in the wake of President Truman's statement that he doesn't think MacArthur has any new solution.

Sen. Hunt (D-Wyo.) said in a letter to Chairman Russell (D-Ga.) that the Senate Armed Services Committee has "a clear cut obligation, not just to the boys in Korea and their parents, but to the entire nation" to call an immediate session.

Rep. Wickersham (D-Okla.), a member of the House Armed Services Committee, went further. He proposed a joint session of both the Senate and House committees behind closed doors.

"For his sake and the country's sake, he (MacArthur) should be heard," Wickersham said. In addition to telegraphing his proposal to Chairmen Russell and Vinson (D-Ga.), Wickersham said he also had wired MacArthur asking if he would be receptive to the idea. Wickersham was a member of a congressional delegation that visited Korea earlier this year.

Senator Hunt wrote Russell: "If the general has a 'clear and definite solution' to the Korean War there certainly can be no justification in withholding it from the chiefs of staff, the Congress or the American people."

Declaring Congress should be "informed and consulted" at once if there is any new plan to end the war, Hunt told reporters:

Communists Open Peace Conference

VIENNA, Austria, Dec. 12 (AP)—World communism tonight opened what it has called this planet's greatest peace congress, but the opening speech indicated the congress will bring no new Communist proposals to gain mankind's great goal.

Prompted by the Kremlin, the "Congress of the Peoples for Peace" is supposed to find ways to end the shooting in Korea, Malaya and Indochina, terminate the cold war and insure the security of nations.

But no new ideas on these subjects were advanced in the keynote address of Frederic Joliot Curie, the Communist scientist whom the French government fired in 1950 from the leadership of its atomic energy commission. As president of the Russian-backed World Peace Council, he made no proposals that had not been made at similar world peace congresses in 1949 and 1950.

Although the Vienna congress supposedly would attract many persons and groups who are not known Communists or fellow travelers, it did not succeed. The only prominent new face not seen at previous congresses was that of a French existentialist writer, Jean Paul Sartre.

Freehill Appointed Director of OPS

WASHINGTON, Dec. 12 (AP)—President Truman today appointed Joseph H. Freehill of New York as director of price stabilization.

He has been acting in that capacity since the resignation of Tighe Woods Nov. 24.

Freehill joined the OPS in February 1951 after service as associate counsel of a Senate labor subcommittee on labor management relations.
