

Cabinet--

(Continued from page one)

been making tests on reception in the dormitories. "Slave transmitters" will be set up in the majority of the campus dormitories to convert the station's FM signals to AM so student radios can receive the signals. However, Richardson explained, Grange, Woman's Building, MacAllister Hall, the fraternities, and town units will be unable to pick up the station. Cost of setting up individual units for these buildings would not be warranted in comparison to units in the larger dormitories.

The constitution of the Board of Publications will be presented

for Cabinet approval. Appointments will be made to the centennial committee for 1955 and of a food committee chairman.

The All-College food committee will give Cabinet a report describing action of that group and results of meetings with Miss Mildred A. Baker, director of food services.

Larson to Speak

Russell E. Larson, head of the Department of Horticulture, will speak on "The Entire Horticultural Industry in Pennsylvania" at the State Horticultural Association meeting Jan. 26-28 in York.

Seniors May Submit USNR Applications

Graduating seniors may submit applications in March for commissions in the U.S. Naval Reserve. A minimum of 60 to 90 days is necessary for processing the applications for Officers Candidate School.

Grants--

(Continued from page one)

opportunities for American Students to Study Abroad, 1953-54," which lists the grants, may be obtained by writing the Institute of International Education, United States Student Program, 1 E. 67th street, New York 21, N.Y.

ARE YOU TOUGH ENOUGH FOR THIS JOB?

If you can make the grade, the U. S. Air Force will award you a commission, your wings and pay you over \$5,000 a year!

CAN YOU "take it" 6 days a week? For 52 weeks? Can you meet the high standards required to be an Aviation Cadet? If you can—then here's a man-size opportunity! An opportunity to serve your country and build a personal career that will fit you for responsible positions both in military and commercial aviation.

It won't be easy! Training discipline for Aviation Cadets is rigid. You'll work hard, study hard, play hard—especially for the first few weeks. But when it's over, you'll be a pro—with a career ahead of you that will take you as far as you want to go. You graduate as a 2nd Lieutenant in the Air Force, with pay of \$5,300.00 a year. And this is only the beginning—

your opportunities for advancement are unlimited.

ARE YOU ELIGIBLE?

To qualify as an Aviation Cadet, you must have completed *at least* two years of college. This is a *minimum* requirement—it's best if you stay in school and graduate. In addition, you must be between 19 and 26½ years, unmarried, and in good physical condition.

YOU CAN CHOOSE BETWEEN PILOT OR AIRCRAFT OBSERVER

If you choose to be an Aircraft Observer, your training will be in Navigation, Bombardment, Radar Operation or Aircraft Performance Engineering.

New Aviation Cadet Training Classes Begin Every Few Weeks!

HERE'S WHAT TO DO:

1. Take a transcript of your college credits and a copy of your birth certificate to your nearest Air Force Base or Recruiting Station. Fill out the application they give you.
2. If application is accepted, the Air Force will arrange for you to take a physical examination.
3. Next, you will be given a written and manual aptitude test.
4. If you pass your physical and other tests, you will be scheduled for an Aviation Cadet Training Class. The Selective Service Act allows you a four-month deferment while waiting class assignment.

Where to get more details: Visit your nearest Air Force Base or Air Force Recruiting Officer. OR WRITE TO: AVIATION CADET HEADQUARTERS, U. S. AIR FORCE, WASHINGTON 25, D. C.
