

Town Council Disapproves AIM Change

The Town Council disapproved the amendment to the constitution of the Association of Independent Men last night in which the presidency of AIM would be limited to a sixth semester student.

The council voted in favor of revision of the amendment in which the presidency of AIM would be open to either a fifth or sixth semester student. The amendment will be voted upon today by the AIM Board of Governors of AIM, of which nine members are from the Town Council. The amendment is designed to guarantee the presidency to a senior.

The council also discussed the initiation of a drive to place a television set in the Temporary Union Building. A pledge of \$100 was made by the council to begin the drive. Edward Thieme, president of the council, and Sheldon Ordland were designated as a committee to further investigate the placing of the set.

The resignation of John Mallick, vice president of the council, was accepted. Mallick's resignation was brought about by his ineligibility because of his recent pledging to a fraternity.

No definite action on the acceptance of the council's constitution was taken because of the lack of a quorum at the meeting.

AIM May Amend Presidential Ruling

The Association of Independent Men will act on the proposed amendment requiring AIM presidential candidates to be sixth semester students at the time of their election at a meeting at 7 tonight in 102 Willard, William Shifflett, president, has announced.

The group will decide whether to send delegates to the Eastern Regional Conference of Independent Men to be held Feb. 27 to March 1 at Cornell University.

Also on the agenda are plans for a spring independents' dance in April.

Roy will read from the writings of Paul Gauguin, a French impressionist who gave up a successful banking career for art.

Gauguin was interested in the primitive and aboriginal and lived for many years in the South Sea Islands. His colorful paintings of Tahiti did much to popularize the islands and inform Europeans of the life and vegetation there.

For his reading this afternoon, Roy has chosen letters written from Tahiti by Gauguin during the last three years of his life.

The council emphasized through vice president Harry Shank that nominations may still be made for the Outstanding Senior in Education award. Tentative plans are being made to have this student honored at the annual Honor's Day ceremonies.

Marilyn DuPont reported that prospective student teachers give their student teaching address to their supervisors who will turn them in to the circulation manager of the Daily Collegian.

A committee on revision of the curriculum for secondary education majors suggested that sophomores and juniors have closer and more frequent contact with high school students before their regular student teaching.

New members of the council replacing those who graduated or quit are Emma McTurk, Charlene Schwab, Mario Todaro, Susanna Westcott, Ann Campbell, and Diane Edelman.
