

Gateway Nears Completion

THE NEW CAMPUS GATEWAY, under construction at the intersection of Pollock road and U.S. Route 322, is nearing completion. The gateway consists of two 22-foot limestone pylons located to the north and south of the intersec-

tion. Sculptured heads of the Nittany Lion are mounted near the top of each pylon. A curved wall and limestone bench will be constructed at the base of each pylon. Landscaping will be completed in the spring.

Queen Finalists To Be Chosen At Mont Alto

The faculty at Mont Alto, a branch of the Pennsylvania State Forestry School, will select the finalists for the Sweetheart of the Forestry Ball, Temple Reynolds, publicity chairman, has announced.

Three judges will select the Sweetheart from these finalists by applause at the dance during intermission. Judges are John Laubach, All-College president; Richard Stanley, Agriculture Student Council president; and Herman Sledzik, captain of the basketball team.

Photographs of candidates for the Sweetheart may be submitted until noon Monday at the Student Union desk in Old Main or the main office of the Forestry Building. Individuals or campus groups may sponsor candidates.

A photograph, at least 3 by 5 inches, with the name, address, and brief description of the candidate and the sponsor's name is necessary, Reynolds said.

Tickets for the semi-formal dance are \$2 a couple and may be purchased at the Student Union desk in Old Main or from members of the Forestry Society.

Juggler Wanted For 'Lute Song'

Girls, does your dreamboat have four wandering arms? Assoc. Prof. Robert D. Reifsnider of the Dramatics department is currently scouring campus for a juggler to appear in the parades and mob scenes of Players' next Schwab production, "Lute Song."

Experience in rhetoric and the secrets of the stage are not necessary. The juggler is a non-speaking role. According to Reifsnider, he may juggle anything from "soup to nuts, just as long as he can juggle."

Interested males may sign up for auditions in the Green Room of Schwab or contact Reifsnider at 2418.

The Chinese fantasy, "Lute Song" will be presented by Players March 12, 13, and 14.

Promotion Announced

William Snyder has been promoted to sophomore editorial board of the Daily Collegian, David Pellnitz, editor, has announced.

The dance, sponsored annually by the Forestry Society, will be held from 9 p.m. to midnight March 13 in Recreation Hall. Jim Erb and the Penn State Blue Notes will provide the music.

'Aryan' Clause Opposition Given Support

About 300 pledges of support and letters of praise have been received by the Williams College chapter of Phi Delta Theta for the stand it has taken regarding the "Aryan" clause in the national organization's constitution.

The chapter recently was temporarily suspended from the national organization for pledging a Jewish student.

Members of the fraternity in the New England area will meet informally in Boston March 14 for an "informative discussion" looking toward the elimination of the clause in the constitution that brought about the suspension.

The clause in dispute limits membership to "men of white and full Aryan blood."

Placement Service Looks For Engineer Graduates

What is so rare as an engineer in search of employment? That's the question the College Placement Service is asking itself as it faces the problem of finding enough graduating seniors in engineering to be interviewed by the 21 companies which this week will be on campus looking for future employees.

But the search doesn't stop there. Seniors in 22 other curriculums must be produced by the Placement Service to be interviewed.

Twenty-one firms are looking for mechanical engineering majors, 19 for electrical engineering majors, 12 for chemical engineering majors, eight for chemistry majors, eight for civil engineering majors, nine for industrial engineering majors, one for geology majors, six for physics majors, two for petroleum and natural gas majors, two for mineral economics majors, one for fuel technology, four for aeronautical engineering majors, four for metallurgy majors, one for bacteriology majors, one for meteorology majors, and one for architectural engineering majors.

In Liberal Arts fields, three firms are looking for mathematics majors, one for business administration majors, one for labor-management relations majors, one for arts and letters majors, and two for commerce and finance majors.

Appointments for interviews should be made in advance at the Placement Service office in 112 Old Main, officials said.

Occasionally Mark runs into an honest violator who simply admits, "I thought I could get away with it." Sometimes Mark rewards him for his honesty by allowing him to get away with it.

Rules Effective During Classes

The acute parking space problem is the reason for the strict system and constant patrolling. Almost every parking lot on campus is full. If a car is parked in another's place, it forces the driver who belongs there to park in another car's spot, and starts

Party Fund Is Approved By Ag Council

The establishment of the Ag Hill Party Fund was unanimously approved by the Agriculture Student Council Tuesday night.

The profits from this fall's Ag Hill Party will be incorporated in a fund to be used for purchasing equipment previously borrowed for the party.

Because organizations which furnished equipment for the party were reluctant to do so, Joseph Arnold, chairman of the food serving committee, said the fund was necessary.

The new equipment may be used for any function sponsored by the council. The faculty chairman may be responsible for passing the equipment to committees each succeeding year.

Future profits from the party will not be added to or incorporated in the fund unless approved by the council. The council president and faculty, and student chairmen of the party will determine equipment to be purchased.

Further inquiry into the possibility of providing an Ag Living Center for use by convention delegates and students was also approved by the council.

McGeary to Speak

Dr. M. Nelson McGeary, professor of political science, will speak to the Political Science Club at 7:30 tonight in 317 Willard on The Junior Management Assistant examination.

The examination is given annually at the College to those interested in securing government jobs.
