

# Iranians Stone Americans In Shift to Mossadegh

TEHRAN, Iran, March 2 (AP)—Roaming mobs, swinging to the support of Premier Mohammed Mossadegh, shouted anti-American slogans and stoned American homes and cars in Tehran today.

The aged but durable Premier seemed to be regaining the upper hand after a riotous weekend precipitated by gangs of street demonstrators who rallied to the defense of young Shah Mohammed Reza Pahlavi when it appeared he was about to be forced to leave the country.

# UN Blocks Red Drive In Korea

SEOUL, Tuesday, March 3 (AP)—Chinese Communist forces called off an attempt to crack the main Allied line at Little Gibraltar on the rain-soaked Korean Western Front Monday after one-third of the Red attack force was killed or wounded in close-quarter battle.

The Eighth Army said the front quieted after more than 200 Chinese were mowed down by U.S., French and Thai infantrymen and British Commonwealth gunners.

The Reds partially overran one U.S. unit, division officers reported from the front. American troops drove back the Chinese in 90 minutes.

Mortars and artillery shells were rained on the attacking force Sunday night as the Reds struck with a battalion, 750 men, at four points along a three-mile front.

The Eighth Army did not disclose the identity of the division fighting in the Little Gibraltar section, but French and Thai troops have fought in the U.S. 2nd Division in past actions.

Two small Communist probes and a company-sized attack were parried in smaller clashes before dawn Monday on the Central and Eastern Fronts.

The air war was halted by low-hanging clouds and rain that turned into snow squalls all along the 155-mile front. Most Air Force planes were grounded.

The new U.S. Eighth Army commander, Lt. Gen. Maxwell D. Taylor in a Seoul interview declared his troops were in the strongest entrenched position of any army since World War I and expressed belief the Reds would tire "sooner or later."

Taylor said the Allies would win "no matter how long it takes" but admitted "we are sitting, waiting, and it may take a long time."

The Reds gave the entrenched Allied position at Little Gibraltar a rough test after nightfall Sunday. Hand-to-hand combat raged in the Allied bunker and trench positions before the Reds were driven back.

Skylarks eat about six pounds of food a year.

The Premier's police rounded up 70 retired and active Army officers, some of whom were accused of haranguing the mobs that shouted for the "Shah or death."

**Riot Over Oil Issue**  
Until further developments it appeared that the weekend troubles were a standoff—the Shah's departure from the country was prevented or delayed, and Mossadegh, who at one stage was chased out of his home in his pajamas by a mob, was still Premier. But the big question still was unsettled whether Mossadegh or the 33-year-old Shah was real master.

The whole outburst, it was believed, arose from Mossadegh's efforts to make himself complete master of Iran before letting the nation know that negotiations to settle the oil nationalization issue with Britain had failed again.

**Counsellor Stoned**  
No one was injured in the anti-American mob actions. But United States Point Four offices and consular offices were closed throughout the city and embassy personnel were ordered to stay off the streets.

American houses on Roosevelt Avenue and cars driven by the embassy attache, Warren Silver, administrative counsellor Laurence C. Frank and embassy secretary Betty White were stoned.

A Mossadegh follower, was fatally stabbed in a fight. His body was hoisted on the shoulders of the Mossadegh mob and parade to Majlis Parliament Square in front of the Parliament Building.

**Wrestling Tickets Are Still Available**  
There are still many reserve and general admission seats left for the 23d annual NCAA wrestling tournament at Rec Hall March 27-28, the Office of the Athletic Association reported yesterday.

The latest tally reveals that 550 reserve seats for the series, 196 reserve for the semi-finals, and 346 reserve for the finals have been bought. The latter is one third sold out.

Sale of downstairs general admission seats has been poor.

# 2 Russians Wounded By Burmese

RANGOON, Burma, March 2 (AP)—Two members of the Russian Embassy staff were shot and seriously wounded by a Burmese sentry early today when they entered a restricted Army area.

The incident turned a new spotlight on this Far Eastern sector where Burma is nervously trying to get along with her Red China neighbor and her Western friends. But there was official silence on all sides.

The Russians were Constantin M. Anikine, 36, embassy first secretary, and a Dr. Barbizo, 33, also attached to the embassy.

They drove in an embassy automobile into the military area on the eastern side of Rangoon well after midnight, police authorities said. The sentry three times ordered them to halt. Then he fired a burst from an automatic rifle.

Barbizo suffered wounds in his face, neck and right arm. Anikine was shot in the abdomen.

At a hospital a stocky Russian embassy official took up guard in the corridor to their special ward. He refused to let reporters speak to the wounded men and declined to answer questions himself.

# Vishinsky Condemns Asian Policies of US

UNITED NATIONS, N.Y., March 2 (AP)—Andrei Y. Vishinsky lashed at the U.S. Republican party and its Asian policies today with the direct charge that it is not pursuing a policy for the strengthening of peace but rather the reverse. He said the Eisenhower administration wants to use the Asians as "cannon fodder."

The Soviet foreign minister told the UN Political Committee that the only way to end the Korean conflict is to accept the Communist terms for an armistice. U.S. Delegate Henry Cabot Lodge Jr. promptly rejected Vishinsky's proposal.

In his brief, seven-minute reply to Vishinsky's one-hour and 33-minute speech, Lodge did not refer specifically to Vishinsky's attack on the Republican party. Vishinsky's blasts was in fact the first Soviet assault in the UN on the foreign policies of the new Eisenhower administration.

Vishinsky took the floor to answer 10 charges laid down by Lodge last week to the effect that the Russians instigated the Korean War and are sending arms and equipment to the Communists. He said that Lodge doubtless does not take his own words seriously and added:

"The Republican Party, as has been proved again and again, pursues not the policy of peace but rather the reverse."

He said the administration has taken many measures designed to expand the war in the Far East.

# Student Placed On \$300 Bail

Ronald Lacue, 20, fifth semester arts and letters major, has been released on \$300 bail after being charged with larceny by State College police.

Lacue is accused of "shop-lifting" clocks, lighters, binoculars, pins, and other small items, valued at slightly more than \$100, from Ethel Meserves.

Police reported that the youth said he had taken the articles in two trips to the store during regular business hours. He was caught when he tried to sell the goods.

A hearing which started Saturday will continue Thursday before Guy G. Mills, justice of the peace in State College. Lacue was sent to the Centre County jail in Bellefonte until bail was obtained.

When Grover talks to his dreamboat—something clicks

A call from Dreamboat always clicks with Grover. And an Automatic Message Accounting machine has been clicking too—down in the telephone office—busily punching impressions on a paper tape.

You may be interested in what this ingenious recorder does. It keeps track of what telephone number you called, how long you talked, and records this information in such a way that another machine can automatically prepare a monthly bill.

The development of this new automatic accounting machine is the result of team-

work by Bell Telephone Laboratories, Western Electric and the telephone companies. Telephone people working on this and other interesting and important projects were in college just a short time ago. Perhaps you'd like to join them.

Your Placement Officer can give you details about employment opportunities in the Bell System. Or write to American Telephone & Telegraph Company, College Relations Section, 195 Broadway, New York 7, N. Y., for a copy of the booklet, "Looking Ahead."

## Delicious Food Quick Service

These are yours every time you stop in for a refreshing meal at the Penn State Diner. Drop in today for lunch, dinner, or that mid-afternoon snack and you'll be glad you did. Remember we're open to serve you every hour of the day and night.
