

Neutrality Is Fundamental To Korea Solution—Liem

Any solution in Korea must come from the basic principle of neutrality, Dr. Channing Liem, chairman of the Political Science department at the Pennsylvania College for Women, told a crowd of over 300 students, faculty, and townspeople, last night in 10 Sparks.

Dr. Liem discussed the topic, "Solution in Korea," with Dr. Robert T. Oliver, head of the Speech department, in a forum sponsored by the International Relations Club.

Ag Council May Support 25-Cent Fee

The Agriculture Student Council last night agreed to support a 25-cent consolidated fee which would be collected at the time of fee payment if it is granted the right to collect an additional 50 cents from each agriculture student during registration.

Under the present system the School of Agriculture collects 75 cents from agriculture students each semester. Twenty-five cents is used for extra-curricular activities and 50 cents is used to help finance the Penn State Farmer, agriculture student publication.

If the proposed 25-cent fee is approved, the School of Agriculture will still need the additional 50 cents to continue publication of the Farmer.

The fee consolidation, proposed to All-College Cabinet to eliminate the collection of 23 different fees, has been considered by the Interscholar Council Board.

The council unanimously agreed to hold elections for 1953-54 officers April 28. The elections committee will nominate two candidates for each office. Additional nominations may also be made from the floor.

A motion that the council continue with a faculty evaluation program was also approved. Fred Seipt, evaluation committee chairman, said a form and system similar to the one being used by the Liberal Arts Student Council will be adopted.

The program will be conducted on a voluntary basis. Instructors may distribute the forms in class and leave the room until students have completed them, Seipt said. They will be the only one to have access to their results.

Keys to Be Awarded 10 Town Councilmen

Town Council voted last night to award keys to ten members who have not missed more than four meetings throughout the year.

A \$25 appropriation for the publicity and tickets for the council-sponsored picnic for town independents on May 8 was passed.

Korea must be made a neutral, united country, between Russia, China, and Japan, Dr. Liem said. Any end to the Korean conflict, whether by military force or by honorable negotiations, must contain as one of its cardinal points the unification of all of Korea under one government, he said.

Dr. Liem, who was born in Korea and educated in the United States, stated that the Korean conflict was brought about by several factors. Chief among those, he said, were the nationalistic aspirations of the Korean people, Soviet-led Communist imperialism, the poverty of the Korean masses, and the unpreparedness of the United States at the outbreak of the Korean war.

The Korean conflict can only be solved by removing all the factors, not just by the destruction of the Communist armies, Dr. Liem warned. We must first fight against the invaders with strong military force, then eliminate hunger and disease in that part of Korea controlled by the United Nations, and finally satisfy the nationalistic aspirations of the Korean people themselves, he said.

Commenting upon what he called the Korean people's love and desire for democracy, Dr. Liem said it was this very desire which put the North Koreans in the hands of the Communists.

Dr. Oliver, speaking after Dr. Liem, largely supported him in his analysis of the Korean situation. He especially emphasized the importance of a unified Korea, although he disagreed with Dr. Liem on the methods to be used to unify the country.

Oliver favored a march to the Yalu timed to take advantage of the current unrest within Russia. When Dr. Liem suggested that such action might bring about an all-out war, Oliver cited the case of Greece where UN forces drove the Reds back to the borders of Rumania and Albania without inciting an all-out war. Russia will avoid a war now at all costs, Oliver stated.

Oliver and Liem agreed that after a suitable peace in Korea had been brought about, the first step toward permanent peace in the country would be to hold UN supervised elections in both North and South Korea. Such elections, Liem said, would provide a strong foundation upon which to build a lasting peace in Korea and would give the United Nations added prestige in the Far East.

Open House 'Roberta' to Revive Kern Show Tunes

Eight show tunes by Jerome Kern will be revived along with the perennial "Smoke Gets In Your Eyes" at 7:30 p.m. tomorrow when Thespians bring "Roberta" to Schwab Auditorium for a weekend run.

Eng Council Votes Down Fee Proposal

The Engineering Student Council at its meeting last night soundly voted down the proposed All-College fee raise of 25 cents. The proposal had been made to alleviate the expenses of the various student councils of the College.

The council feels, Robert Watson, president, said, that the proposed raise is not needed in the Engineering School, nor the money by the council.

A course rating program will be inaugurated by the council in the Engineering School early next week, it was announced. Six instructors have been selected to be the subject of the rating program.

The National Student Association forms will be used to evaluate the instructor and the student's attitude in taking the course. One copy of the results of the rating will be sent to the dean of the School of Engineering, one to the instructor selected, and one to the head of the department.

A council mixer has been planned for the Thursday evening before Open House Day.

Pi Tau Pi Sigma, Signal Corps ROTC honorary, took its seat on the council last night having received formal recognition of the school.

AIM Board to Get Candidates' Slate

The final approved and screened slate of candidates for the Association of Independent Men Board of Governors offices will be presented to the board members at 7 tonight in 102 Willard.

To date seven men have been nominated for four offices: president, vice president, secretary, and treasurer. Nominations are still open and will not be closed until the start of the meeting.

As much aureomycin now goes into animal feeds as into medicines.

Open House 'Roberta' to Revive Kern Show Tunes

Eight show tunes by Jerome Kern will be revived along with the perennial "Smoke Gets In Your Eyes" at 7:30 p.m. tomorrow when Thespians bring "Roberta" to Schwab Auditorium for a weekend run.

Tickets, priced at \$1 for tomorrow and \$1.25 for the remaining three performances, are on sale at the Student Union desk in Old Main. A special matinee will be given at 2 p.m. Saturday. Due to the unusual length of "Roberta," curtain time has been moved up one-half hour from the usual performance time.

Adopted From Novel

Dick Brugger is the local Lord Henry, who was played by Sydney Greenstreet. Joe Goldstein will play Ray Middleton's part, Jonny Kent, the American football hero who inherits a Paris gown shop. Suzanne Kiel will sing the tunes of Sharwenka, first played by Lyda Roberti. As Aunt Minnie, whose trade name is Roberta, Doris Cook will play the Fay Templeton role.

Adapted loosely by Otto Harbach from the novel "Gowns by Roberta" by Alice Duer Miller, the musical comedy opened in New York November 1933.

SDX Convention

Andrew McNeillie, president of the Penn State chapter of Sigma Delta Chi, men's national professional journalistic fraternity, will attend a meeting of the National Executive Council of SDX at the Willard Hotel, Washington, D.C., today. The College chapter is one of five undergraduate chapters represented on the council.

Fellowship Given To Eng Student

A graduate student in electrical engineering, John Tomlinson, has been awarded a Charles LeGeyt Fortescue fellowship by the American Institute of Electrical Engineers. The award, announced yesterday by H. H. Henline, secretary of the Institute, amounts to \$2000.

Tomlinson plans to use the fellowship to continue work on his master's degree and doctorate at the College.

Greeks As Soda-Jerks!

Make Your Own Sundae

(as big or as little as you like)

As a Greek Week special, the Patio invites you to come in and concoct your own sundae. Everything is at your disposal. You can be a soda jerk this week.

You select your favorite ice cream flavor—your favorite fruits—your choice of nuts—fudge—marshmallow. Then, decorate it yourself with colored whipped cream.

You set the price yourself.

Try one of your own sundae concoctions today. You'll find you're genuinely welcome at the Patio.

It's The Patio Plus Tonight!

THE PATIO IS NOW STUDENT OPERATED.

Come in tonight and meet the two best jerks on Campus!
