VOL. 53, No. 128

STATE COLLEGE, PA., THURSDAY MORNING, APRIL 23, 1953

FIVE CENTS

2231 Cast Ballots

23 Per Cent Go to Polls; Voting to Continue Today

By CHUCK OBERTANCE

An estimated 2231 students, 23 per cent of the eligible voters, cast ballots yesterday in the first day of the 1953 All-College elections. This is slightly under last year's all-time record ballot of 2250 on a first day.

According to recent registration figures, 9899 students are eligible to vote this year. An all-time high of 44.3 per cent voted in the elections last year at this time. The previous year was marked by a 41 per cent turnout.

All students may vote for All-College president, vice president, and secretary-treasurer. Sixth and seventh semester students may vote for senior class posts and fourth and fifth semester students may vote for junior class positions. All men may vote for Athletic Association officers. Students must present matriculation cards to vote.

Votes Tallied Tonight

A breakdown by classes showed 674 freshmen, 721 sophomores, 548 juniors, and 288 seniors cast ballots yesterday.

Ballots will be tallied after the polls close at 5:30 p.m. today. Because voting machines are being used this year, results should be announced by 6 tonight, Ronald Thorpe, chairman of the All-College elections committee, said. Polls will open at 8 this morning in the second floor lounge of Old Main.

The elections committee will meet immediately after the polls close to hear complaints from either party about conduct of the political campaigns. Thorpe said he had heard of no complaints and did not expect any tonight.

Heaviest voting took place between 1 and 2 and 3 and 4 p.m. yesterday. There were no heavy jam-ups, Thorpe said, and machines did not slow down voting much. Members of the elections committee instructed students on how to use the machines.

Lion Party Candidates

Lion party candidates for All-College offices are president, Robert Carruthers; vice president, Edward Haag, and secretary-treasurer, David Arnold. State party members seeking the posts are Richard Lemyre, William Shifflet, and Temple Reynolds.

In the senior class, Henry Windsor, Walt Back, and Carolyn Pelczar will seek office on the State ticket. Richard Crafton, Fury Feraco, and Betsy Siegler are running on the Lion slate.

Lion candidates for junior class offices are Joseph Barnett, president; Jesse Arnette, vice president; and Katherine Reynolds, secretary-treasurer. State party (Continued on page eight)

Senior Gift Publicity Limit Set

Individual publicity campaigns by sponsors of senior class gift proposals have been outlawed, according to rules released by John Hoerr, gift chairman.

Proposed by an All-College Cabinet committee headed by Richard Lemyre, the rules will equalize publicity for the various gift suggestions. They evolved from the controversy over publicity last year, when gift sponsors were not limited in their campaigns.

Articles concerning gift suggestions in the Daily Collegian are to be of equal length and coverage, Hoerr said. Each sponsoring group will have an opportunity to explain its own gift suggestion.

One hundred posters listing all the gift suggestions will be printed by the gift committee. Any other advertisement will be considered a violation of the rules.

Suggestions proposed at a recent senior class meeting include "The Lineman" statue, a record room in the library, furnishings for a room in the new Student Union Building, scholarship fund, student radio, student loan fund, a set of chimes or an organ for the proposed meditation chapel, and the purchase of permanent caps and gowns for graduating seniors. They will be sifted by the gift committee, and the slate will be announced this week.

Seniors will vote on the suggestions when they pick up their copies of LaVie next month.

Assisting Hoerr on the gift committee are Peggy Mayberry, Claire Kime, Robert Sherman, and Mary Markley.

3 Table Tennis Pros to Appear In Benefit Show

Three internationally known tennis and table tennis stars will appear at 7:30 p.m. Saturday in Recreation Hall in behalf of the Campus Chest fund.

Elwood Cooke, Sander Glanz, and Peggy McLean, will present a varied program of basic table tennis strokes, difficult shots, and regulation exhibition matches. The headline event will be a best-of-three sets exhibition match between Cooke, veteran international tennis player, and one of the varsity tennis players of the College.

Those attending will also be given a chance to challenge McLean or Glanz. A table tennis clinic will follow the regular program.

Glanz currently holds the titles of World Doubles Champion and European Singles Champion. Miss McLean holds the title, among others, of World Professional Women's Champion.

Tickets may be secured from the Student Union desk in Old Main or at Recreation Hall Saturday evening. Tickets are 50 cents and are available to faculty, students, and townspeople.

ALL-COLLEGE elections committee chairman Ronald Thorpe instructs students on voting machine operation during the first day of balloting yesterday. An estimated 23 per cent turned out to vote. Leon Williams and James Hand, elections committee members standing on each side of Thorpe, work during the balloting. Voting will continue today from 8 a.m. to 5:30 p.m. in the second floor lounge of Old Main.

ISCB to Seek OK On Fee Proposal

Final approval of a 25-cent a semester student assessment will be sought tonight at All-College Cabinet by the Interschool Council Board.

The proposal would provide an equal 25-cent fee for all student councils and stipulates that the Agriculture Student Council would have to collect an additional 50 cents from agriculture students to pay for the Penn State Farmer.

At present the Agriculture Student Council is collecting 75 cents from each student. Home Economics Student Council is collecting 25 cents from each student to pay for the Home Ec News and Views, council publication. The remaining six councils do not have fees.

AGENDA

- Roll Call
- Minutes of the previous meeting
- Reports of officers
- Adoption of agenda
- Reports of committees
- Old Business:
 - 1. Fee consolidation
 - 2. Seating plan
- New Business:
 - 1. Tribunal appeal
- Announcements
- Adjournment

In other action scheduled for tonight, cabinet will consider a Recreation Hall seating plan which was introduced last week and tabled until tonight. The plan, which would admit faculty, townspeople, and alumni to Recreation Hall for indoor athletic events, was introduced by Athletic Association President Joseph Lemyre.

Under the proposed plan, students would exchange coupons from their AA books for admission tickets three or four days before the day of the event. The coupons would be exchanged at Athletic offices in Old Main or in Recreation Hall.

On the day of the event, tickets would be sold to the faculty and public. Students could still exchange athletic coupons for admission tickets on this day. If tickets were not sold out by the Athletic office closing time, tickets would go on sale at Recreation Hall before the event.

If tickets were completely sold out, no more persons would be admitted to the event that night. Cabinet will also hear an appeal on a Tribunal parking ticket decision, according to Richard Rostmeyer, secretary-treasurer.

2d Largest Group To Take SS Test

The second largest number of students assigned to the College will take the Selective Service College Aptitude Test today.

Over 700 students have registered for the test. They should report between 8 and 8:30 a.m. to 121 Sparks. They will then be redistributed to different rooms for the test.

Students are reminded that their tickets of admission must be presented when reporting for the test.

Ag Engineers to Meet

The American Society of Agricultural Engineers will open its spring meeting at the College today.

New School Plans Set

Students of junior and senior standing in the fall will be allowed to transfer to the new School of Business and will be required to have only 132 credits, including all of the required Business school courses, for graduation.

Plans for the orderly transfer of students from the School of Liberal Arts to the School of Business have been released by George L. Leffler, professor of finance. Leffler is a member of the committee which set up the new school.

Students in the Department of Economics and Commerce may continue to complete the requirements listed in the catalogue under which they matriculated in the School of Liberal Arts. This applies to all students now enrolled in the Liberal Arts school. They will qualify for the degree of Bachelor of Arts and are required to have 132 credits for graduation.

Students may elect to qualify for the degree of Bachelor of Science in the new School of Business by meeting all of the requirements for graduation, with the exception of students who will have junior or senior standing at fall registration. Those following the regular Business school curriculum will need 139 credits for graduation.

Seniors and juniors may switch to the School of Business. They will be required to have all of the specified Business school courses, but will need only 132 credits to graduate.

Students who transfer to the School of Business will not be required to complete the liberal arts language requirement, if they have not already done so.

No provisions have yet been made for the actual transfer of students to the new school, Leffler said. The school will not officially exist until July 1. Several plans of transfer are under consideration. One would have the transfers made during the summer or

just before, or at registration in the fall. The possibility of making the transfers before the end of this semester is being considered.

Leffler warned students that they cannot transfer at the present time because there are no provisions for making transfers. Students who are interested in the new school may obtain copies of the curriculum, majors, and course offerings in 105 Sparks. A limited number of copies of this information is available.

A special catalog on the School of Business will be issued during the summer to give complete details on the new school.

Students thinking about transferring are advised to give the idea careful consideration, Leffler said. They should consider the three alternatives carefully and pick the one best suited to their needs, he added.

Most freshman and sophomore students who transfer to the new school will have the right to graduate under the old plan if they so desire.

IFC OK's Rec Hall Seating Plan

Interfraternity Council last night went on record as supporting the Recreation Hall seating plan presently being considered by All-College Cabinet. Thomas Schott, IFC President, will represent the council at cabinet tonight when the plan will be considered for final approval.

William Johnson of Delta Tau Delta was named chairman of the IFC Board of Control by Schott last night. Carl Lunde, John Note, Warren Haffner, and Richard Fronko were also named to the board. Four more positions on the board will be filled later, Schott said.

John Flanagan of Sigma Chi was named one of the two members of the IFC executive committee. One position on the committee will be filled later. The committee is made up of the three IFC officers, the board of control chairman, and two other members.

IFC rushing chairman will be Robert Jones of Triangle, Schott announced. Jack Reid of Tau Kappa Epsilon was named editor of the IFC Newsletter for next year. Assistant editor will be Diehl McKalip of Sigma Phi Sigma.

The Greek Week chairman for next year and the IFC public relations representative have yet to be named.

Schott thanked fraternities present at last night's meeting for their part in the past Greek Week, and read one of a number of letters received by the Dean of Men thanking Greeks for their Greek Week activities.

Grad Faculty to Meet

A faculty meeting of the Graduate School will be held at 4:10 p.m. today in 121 Sparks.
