

Record Collection Suggested for Gift

See editorial on page 4
(This is the second of a series of discussions concerning suggestions for the senior class gift.)
The purchase of 28 record albums last year by the class of 1954 created interest in building an extensive record library. And now a segment of the senior class is proposing to devote the senior gift fund to its establishment.

Chemical Society To Hold Elections

The student affiliate of the American Chemical Society will hold elections of officers for 1953-54 at 7:00 p.m. tomorrow in 119 Osmond.

John Hampford, sixth semester chemistry major, has been chosen president-elect. Four members, one representing each class, have been appointed to the nominations committee.

Candidates for these offices were chosen by the nominating committee on the basis of past performance in the society. Members may still make nominations from the floor at tomorrow's meeting.

Van Fleet to Crown Kathryn Eisenhower

Kathryn Eisenhower, second semester medical technology major, will be crowned as queen of the 26th Shenandoah Apple Blossom Festival by General James A. Van Fleet, retired Eighth Army commander in Korea, tomorrow in Winchester, Virginia.

The coronation of Miss Eisenhower, niece of President Dwight D. Eisenhower and Prexy Milton S. Eisenhower, will open the annual celebration.

Among the celebrities who will attend the two-day festival will be Milton Caniff, noted cartoonist, and Arthur Godfrey, radio and television star.

SGE Elects Smedley

Richard Smedley was elected new president of Sigma Gamma Epsilon, mineral industries honorary, recently. Other officers are Walter Jaworek, vice president; Thomas Prokopowicz, secretary-treasurer; and Arthur Hussey, recording secretary.

Council OK's TV Contribution

Nittany Council voted Monday night to contribute \$100 from residents of the Nittany dorm area toward a proposed television set for the Temporary Union Building.

The TV facilities, if installed, will be open to men living in the Nittany-Pollock area and town men. The contribution will be made from the council treasury, Robert Harding, president of the council, announced.

Warning was made against playing baseball in areas other than those designated for that purpose. Breaking of windows or other damaging of property will be subject to fine the council reported. Persons involved who refuse to pay fines incurred must appear before the AIM Judicial Board of Review.

Student complaints that dining hall menus have recently contained an excess of starchy foods was discussed. Mildred Baker, director of the College Food Service, has requested students to report the meals they think contain too much starch.

3 Home Ec Profs Attend Conferences

Three professors of the School of Home Economics have recently returned from professional conferences.

Mary B. Allgood, associate professor of home equipment and commercial consumer services, attended the Institute for Education by Radio and Television at Ohio State University. Dr. Ruth R. Honey, professor of family economics and housing, attended the Pennsylvania Education Symposium on Consumer Credit at the University of Pennsylvania.

Dr. William M. Smith, professor of family relationships, took part in the Groves Conference on Family Life in Columbus, O.

Ice Cream Demonstration

A demonstration showing how to make ice cream molds will be given at 7 tonight in 14 Dairy Building for students who want to enter the ice cream mold making contest sponsored by the Dairy Sciences Club.

The collection would include all types of music, according to Robert Sherman, chairman of last year's purchasing committee. Already there are 30 albums of musical show scores, and the committee proposes that classical, historical, popular, operatic, and speech records be added to the collection.

Under the direction of the Pattee Library staff, the records would circulate much like books. Most of them would be of the 33 1/2 rpm speed, but the possibility of including popular records in 45 rpm speed is being considered.

Since the gift fund would probably include approximately \$8000, it has been suggested that a reserve fund be established for the replenishment of records. Also a portion of the money could go toward the building of listening booths.

The purchase could be made immediately after senior gift voting, and be placed in the Librarians' room on the east side of the library.

Every student could make use of the record library, Sherman said, and for that reason it would be a most practical gift.

'Field Day' Ticket Deadline Named

Tomorrow is the deadline for securing tickets to the Forestry Society field day supper. The field day will be held Sunday at Roosevelt Dam. Tickets for the supper cost 50 cents and are on sale in the Forestry Building. Wood-chopping, cross-cut sawing, fly casting, log burling, archery contests, three-legged races, and an interclass tug-of-war will be featured.

Prizes include a cross-cut saw, hunting knife, wool shirt, ax, compass, spinning line, and a lettering set.

Senior Cap, Gown Deadline Is Friday

Graduating seniors who have not yet ordered their caps and gowns must sign up for them at the Athletic Store before Friday. Deposit for cap and gown is \$5.

Students who will graduate in military uniform should not sign up for caps and gowns. Invitations and announcements may be ordered until Friday at the Student Union desk in Old Main.

Vacation Jobs Available At Employment Office

A number of student jobs for the summer vacation are still available, according to John Huber, director of student employment.

To date, the student employment service has heard from 35 resorts desiring student help for the summer months from both men and women. Resorts do most of their hiring during the latter weeks of April and beginning of May, Huber said.

Full details regarding summer employment may be secured at the Student Employment office, 112 Old Main.

Schulte to Head Parking Survey

James Schulte, chairman of Tribunal, was named by John Laubach, former All-College president, to head a committee set up to investigate present parking regulations, their desirability, and effectiveness.

The committee will study student grievances and inspect present parking areas in formulating suggested system changes, Schulte said.

Named to assist Schulte are Joseph Lemyre, Robert Homan, Jane Mason, James Bowers, Glenn Wiggins, and David Pellnitz.

Recommendations, based upon the committee's findings, will probably be sent to the College traffic committee within the next two weeks, according to Schulte.

Chem-Phys Guides

Tour guides for the Chem-Phys Open House this weekend will meet at 8 tonight in the lobby of Osmond Laboratory, Tour Chairman James Ritter has announced. Forty persons are needed as guides, Ritter said.
