

## No! Not Yet...

—Photo by Freeburn  
**DON BROWN** leaps 19 ft. 11½ in. to win the independent broad jump crown in the finals of last night's field events on Beaver Field. All three of Don's jumps were over 19 feet, as he easily outclassed the field. Don will be favored in tonight's independent 100 yard dash finals. He won his trial heat in 10.8.

## Kappa Psi's Take IM Track Lead

Kappa Alpha Psi, after two day's competition, is far out front in the intramural track and field tournament. Last night the Kappa Psi's captured first place in the high jump, tied for first in the broad jump, and placed second in the shot put.

The finals in the running events will begin at 6:45 tonight. The fraternities will compete in the 100 yard dash, 440 run, and 880 relay, while only one independent final in the 100 yard dash will be run off.

### Blackwell Fails at Record

In tonight's finals, the Kappa Psi's will have men qualified to run in all events.

The highlight of the evening was supplied by John Blackwell of Kappa Alpha Psi. With first place assured in the high jump, Blackwell was given three chances at a height of 5 ft. 10½ in. and a new intramural record. John's first try at this height was close but his left foot uplifted the bar as he came down. His next two leaps were futile.

Blackwell was officially credited with 5 ft. 7½ in. Second place was shared by Dick Kepple, Delta Sigma Phi, and Dick Meek, Sigma Nu, with 5 ft. 4½ in. There was a six way tie for third place.

### Broad Jump Tie

Action was close in the fraternity shot put as 35 men competed. John Milsom, Alpha Zeta, finally came out on top with a put of 38 ft. 6¼ in. His nearest opponent was Gene Chapman, Kappa Alpha Psi, with 36 ft. 10¼ in. Sam Pennebacker, Sigma Phi Sigma, was third.

The final fraternity event saw Dick Jones, Sigma Nu, and John Bowser, Kappa Alpha Psi, tie in the broad jump with 19 ft. 7¼ in. Hill, Delta Chi, took third with 19 ft. 6¼ in.

Don Brown, competing in the independent division, had the best broad jump of the night, leaping 19 ft. 11½ in. Brown was consistent as all of his jumps exceeded 19 feet. Dave O'Brien was a distant second with 16 ft. 6¼ in. Charley Schrey was third.

Ron Hedberg won the high jump crown with 5 ft. 1½ in. Ron took three tries at 5 ft. 4¼ in. but failed. Second place saw Al Tomb and Joe Comfort jump to a deadlock.

The independent shot put went to Jim Pitzer. Jim was credited with 38 ft. 5 in. Al Tomb was second and Dave O'Brien took third.

## Jim Herb...

# State Record Holder Began at Bottom

By TOM WERNER

Jumping four feet over a horizontal pole raised to that height is probably the proud achievement of most boys above the age of ten. Jim Herb, Penn State's dean of high jumpers, however, admitted not having been able to achieve that height during his first year in high school.

Laughing over his failure to make what he now regards as a low hurdle, Jim attributes his spectacular rise, (he holds the school indoor record at 6'7"), to good coaching and training. The ability to jump over what State's tallest basketball player can walk under, is indicative, however, of more than outside pressures such as instruction and knowing how to breathe correctly. Proof of Jim's natural ability in the high jump can be found in any book making mention of that event.

Coming from a freshman high school jump of five feet, Jim went on to become PIAA champion in 1949 with a hop measuring 5 ft. 10½ in. after having set a record height of 6 ft. 3¾ in. in his district meet.

After coming to the Nittany Vale in 1950, Herb promptly earned a place on the track team and during his sophomore year, in 1951, he became indoor IC4A champ with a leap measuring 6 ft. 5½ in. To prove that he was no flash in the pan, Jim took the same trophy two years later as a senior putting 6 ft. 5½ in. between him and the cinders. Another medal came with his third place effort in the NAAU with a 6 ft. 5¼ in. result.

His most recent accomplishment occurred in the just past Penn Relays. With the winning height set at 6 ft. 6 in., Jim had to console himself with second place honors at 6 ft. 4 in.

Jim contends that his greatest thrill came when the Lion trackmen copped second place in the indoor IC4A's this past year, his winning high jump contributing greatly.

The man who has been undefeated in two and one half years of dual meet competition will leave a gap not too easily filled.

### Two NCAA Champs

This year was the first time Penn State came up with two NCAA champs. Tops in their fields were the wrestlers and gymnasts.

## Jasper Track Team Headed by Remigino

By HERM WEISKOPF

"The world's fastest human," Lindy Remigino, will lead the attack of trackmen who will represent Manhattan in Saturday's meet at Beaver Field with the Lions.

Remigino earned his title when he won the 100-meter dash in the 1952 Olympics, and will maintain it until he is dethroned in this event at some future Olympic Games. The 100-meter race is 109 yards and a few odd inches. Remigino ran the event at Helsinki in 0:10.3 and a little while later tied the world's record by hitting 0:10.2.

But Remigino isn't the only attraction that Manhattan has to offer. The Jaspers can boast ten IC4A Gold Medal winners. Besides Remigino there are Bill Schatzle, John O'Connell, Ron Ferraro, Lou Jones, Cahrlie Pratt, Vern Dixon, Steve Dillon, Pina and Lucas.

O'Connell, National AAU 100-yard champ, has defeated Remigino at times and Schatzle has beaten both O'Connell and Remigino. That just goes to substantiate the claim that the Jaspers have three of the finest sprinters assembled anywhere at any time.

There are three IC4A champs on the Nittany team—Jim Herb, high jump; Dan Lorch, pole vault; and Ollie Sax, 660-yard dash.

The meet will pit the IC4A champs (Manhattan) against the IC4A runnerup (Penn State). Nittany coach Chick Werner said yesterday that the Lions are the underdogs, but that he is definitely not counting his boys out.

After last week's showing at Pitt, the Lions are a definite threat to the supposedly overpowering Jaspers. The Lions displayed scrappiness throughout the meet and nearly upset the Panthers. Once again the Nittanians improved their marks when they tangled with Pitt, and in this, the final dual meet of the campaign, they should be at their peak.

Rosey Grier will be facing some tough opponents, but may once again be able to pull firsts in the shot, discus and javelin.

Besides being one of the top track meets ever slated at the College, it will help decide who will represent the Lions at the IC4A championships May 29 and 30 in New York and who will compete in the national championships June 12-13 at Lincoln, Neb., Werner said.

At 10 a.m. Saturday the PIAA track and field championships will start. Any record set in the high school events or in the dual meet will be official because the Beaver Field track will be measured by a surveyor. The surveyor will mark the start and finish lines with hairline stripes, rather than the two-inch lines that are common for other meets.
