Class to Announce Gift Choice June 3

The gift of the Class of 1953 will be announced at Class Night ceremonies, 7:30 p.m. June 3 in Recreation Hall, John Hoerr, gift chairman has announced.

Voting for the "Lineman" statue, an arena theater, a record library, a stage and projection room for the new Student Union Building, and an organ and/or chimes for the proposed meditation chapel will continue until June 1 when the last copies of LaVie are distributed at Student Union.

Zorach's sculpture, the "Lineman," has been the pet project of Pi Gamma Alpha, fine arts honorary for the past few years. The statue, now on display in the lobby of Old Main, is a pink granite figure of a football player.

A record collection including all types of music, speech, and novelty recordings has been sponsored by another segment of the senior class. Already there are 30 albums of musical show scores in the Pattee Library.

The construction of a stage and projection room for the new Student Union Building would entail the \$8000 usually in the fund. The money would also pay for complete wiring, footlights, and possibly floodlights.

An arena-type theater which could be disassembled and reconstructed in short periods of time is another gift possibility. Kelly Yeaton, professor of dramatics and authority in arena stagework, has designed the theater which would probably be housed in the Temporary Union Building, if the senior class votes in favor of the gift. One of the main reasons for proposing the theater is that the present Center Stage is too far out of the way.

The final proposal is an organ and/or chimes for the proposed meditation chapel. If chimes were purchased, they would be electronic and, therefore, would be able to produce any melody.

The fund has been established by Interfraternity Council, Panhellenic Council and the State College Chamber of Commerce.
