

Frosh, Sophomores Hold Fall Elections

Freshman and sophomore class officers—president, vice president, and secretary-treasurer—are selected in the fall through two major campus groups, Lion and State student political parties.

These political parties conduct all political activity for class and All-College elections. Candidates are selected through nominations at party clique meetings and are voted on by members of their own classes.

Freshmen and sophomores have an opportunity to get into College politics when the two parties hold their first meetings. At first meetings clique officers are elected. Interviews are conducted to select persons interested in working on publicity and contacting committees for the campaign. Party leaders orient freshmen and new sophomores to party organization and functions.

State Party Committees

At early meetings of the Lion Party a steering committee is selected. The steering committee is made up of members from the nine undergraduate schools of the College. Other members represent independent and fraternity men and independent and sorority women.

State Party has no steering committee. Its work is accomplished through seven major committees—publicity, distribution, public relations, ward, campaign, membership and platform. These committees are selected at early party meetings.

After clique organization is established the parties hold clique meetings to select candidates for fall elections. Preliminary and final nominations and election of candidates are held early in the fall. A majority vote is needed for the election of a candidate. Only students who have attended clique meetings are eligible to vote for party candidates.

Lions Make Clean Sweep

Campaign managers and publicity men swing into action in the fall, distributing campaign literature and speaking to dormi-

tory, fraternity and independent groups.

Last year Lion candidates made a clean sweep of the freshman ticket and split the sophomore slate, with State Party capturing the presidential and vice presidential posts.

In last spring's All-College and upper class elections Lion Party took a substantial edge.

All-College President Richard Lemyre and senior class vice president and secretary-treasurer were State Party candidates.

Freshman and sophomore class presidents have seats on All-College Cabinet, the highest representative body in student government.

Former Dean Creates Award

Dr. Edward Steidle, former dean of the Mineral Industries school, has established the Ellen Steidle Achievement awards at the College to aid juniors and seniors in the Mineral Industries school.

Present plans provide that by 1955 a principal of \$10,000 to support the awards will have been made available by Steidle.

The awards will honor Steidle's late wife.

Mrs. Steidle also will be honored by establishment of the Ellen Steidle Memorial Collection of books in the field of mineral arts and sciences. Steidle will contribute to the collection from his personal library. Volumes in the collection will carry a special bookplate.

Richard Lemyre

Student Prexy Gives Welcome To Freshmen

As president of the student body, I would like to take this opportunity to welcome members of the Class of 1957 to the campus of The Pennsylvania State College.

No doubt the size of our school might overwhelm you at first, but as time goes on, you will accept our campus, and it will accept you. We naturally feel that you have chosen an outstanding school for your college education.

Penn State offers boundless opportunities for individual recognition, both in scholastic and extra-curricular activities. Our student publications, intramural and varsity sports, honoraries, dramatic groups, and clubs, all offer outlets for the interested and ambitious student.

Our democratic form of student government provides an opportunity for students to become closely associated with their various class activities. This is especially important to incoming freshmen. (Continued on page nineteen)

Students Eligible For Health Service

College Health Service is divided into two main branches—the Dispensary and the Infirmary. Dr. Herbert R. Glenn is director of the service. On his staff are seven full-time physicians including a psychiatrist, dentist, three part-time physicians, and several nurses.

Upon entering the College students are given a thorough physical examination, including dental examination and tuberculosis test.

The main function of the Health Service is conservation, maintenance, and promotion of students' health.

The Dispensary, known as the outpatient department, is located in 3 Old Main. It is open from 8 a.m. to noon and from 1:30 to 5 p.m. Monday through Friday and until noon on Saturdays.

The Infirmary, or inpatient department, located on the corner of Pollock and Shortlidge roads, is open 24 hours a day. It is equipped to furnish hospital care for injured students, and will supply medical aid to students when the Dispensary is closed. Visiting hours are from 2 to 4 p.m. daily.

Women's dormitories are usually provided with an academic student who is a registered nurse.

The Health Service does not make professional calls in the dormitory. A community ambul-

ance is on call 24 hours a day. Expenses must be paid by the student patient.

Health Service aid is provided by the general health fee assessed each student.

If a student wishes to use the Health Service, he should report first to the Dispensary. In cases of severe illness, students will be confined to the Infirmary free of charge.

College Gets Equipment For Floriculture Study

Equipment for floriculture research, valued at \$1400, has been donated to the College by the Pennsylvania Flower Growers, John G. Seeley, executive secretary of the organization and professor of floriculture at the College, has announced.
