

Income Tax Drop Seen By Humphrey

WASHINGTON, Sept. 22 (AP)—Secretary of the Treasury Humphrey drew applause from 3800 bankers today with an unqualified statement that personal income taxes will drop and the excess profits tax will die on Dec. 31, as scheduled.

Humphrey spoke after President Eisenhower urged the American Bankers Association to join in a quest for "truly American" answers to national problems. They should seek, the President

said, policies that are "sound for all Americans—not for just one class, group or segment, but for all."

Notes "Real Progress"

The throng that filled Constitution Hall—representing about half of the delegates to the bankers' 79th annual convention—applauded, cheered and whistled as the President appeared, smiling, to deliver his brief welcome.

Secretary Humphrey, besides reporting "real progress" toward a balanced budget and a reversal of the rise in federal spending, ended overnight conjecture that the administration might seek renewal of the excess profits levy

and the expiring 10 per cent increase in income taxes which was voted after the Korean War started.

Bankers Applaud

Such speculation had been stirred by Eisenhower's address in Boston last night. The President then declared "there is no sacrifice—no labor, no tax, no service—too hard for us to bear to support a logical and necessary defense of our freedom."

That the bankers approved Humphrey's reassurance on this score was clear. They interrupted his speech with applause three times, after each of these three statements:

White House Gave Okay

"It is the definite policy of this administration, through tax reductions, to return to the people for them to spend for themselves all the real savings in government spending which can be reasonably anticipated."

Administration sources said the White House had approved Humphrey's words in advance. They said that if more revenue is needed for defense—because of Soviet possession of the hydrogen bomb or other factors—the administration will seek to get it from "other taxes," nature unspecified.

Humphrey gave the bankers no hint, however, that the administration would not insist on continuation of the present 52 per cent corporate income tax, scheduled to drop to 47 per cent on April 1, or of the wartime excise rates which are due for reduction on the same date.

Reds Give Report On 7 U.S. POW's

TOKYO, Sept. 22 (AP)—Peiping radio said tonight seven of the U.S. prisoners listed as unaccounted for by the Allies were dead or repatriated. But all four Peiping named as exchanged never were on the list of 944 Americans for whom the UN Command demanded an accounting.

Peiping said three soldiers, carried on the UN list of those unaccounted for by the Communists, were dead. One was Pfc. James E. Bobovnyk, listed by the UN Command as a corporal from Youngstown, Ohio.

Red Delay Of Talks Is Defeated

UNITED NATIONS, N.Y., Sept. 22 (AP)—The UN rebuffed twice today a stubborn move by Russia's Andrei Y. Vishinsky to reopen the whole question of who will sit in the Korean peace conference.

The General Assembly voted 40-8 late today against Vishinsky. This followed a vote of 11-2 by which the steering committee decided against recommending that the assembly take up the Russian proposal.

The Soviet bloc plus Sweden, Burma and Indonesia voted in the Assembly in favor of reopening the Korean peace conference debate. Ten countries abstained.

Lodge Surprises

The next move indicated for Vishinsky is in the 60-nation Political Committee, where he will try to have the Korean issue put first on the committee's work sheet. Delegates said the whole Vishinsky maneuver was designed to bring the peace conference back into the assembly debate in some fashion before the Oct. 28 deadline for the conference to open.

The steering committee heard a surprise suggestion by U.S. Delegate Henry Cabot Lodge Jr. that the Korean peace conference itself decide the controversial question whether neutrals will take part in the parleys.

Lloyd Backs Lodge

Vishinsky immediately denounced Lodge's suggestion as a "mere chess move which is inappropriate here" and accused Lodge of trying to turn the committee into a "kindergarten where the children play a cat and mouse game." He warned that rejection of his move to reopen the issue here would wreck the conference.

Selwyn Lloyd of Britain, who backed Lodge's idea immediately as a constructive gesture, reminded Vishinsky that he laughed at American arms proposals in Paris two years ago but lived to regret his untimely laughter. Lloyd said he hoped that Vishinsky would have second thoughts again. He described his attitude as "lamentable."

Vishinsky whispered to Juliusz Katz-Suchy, Poland, while Lloyd was speaking and Katz-Suchy promptly answered that the Soviet bloc had not taken a position on the subject. Some delegates speculated later that Vishinsky already had begun to have second thoughts.

Explorers often have reported land in Arctic seas which could not be found later and scientists now believe these "lands" are the huge ice islands which drift with Arctic currents.

2 Georgian Officials Removed By Reds

LONDON, Sept. 22 (AP)—A new purge, the third within 18 months, hit the Soviet Republic of Georgia today. The two top men were fired in a shakeup possibly mirroring a fresh struggle in the Kremlin for political control of the homeland of Joseph Stalin and Lavrenty Beria.

A broadcast from Tbilisi Tiflis, the capital, gave the details:

Premier Valerian Bakradze, who had headed the government since last April, was dismissed in disgrace and G. D. Javakhishvili, a former deputy premier, was named in his place.

Work Unsatisfactory

Secretary Mirtshkulava of the Central Committee of the Georgian Communist party was simultaneously dismissed and replaced by a man named Mamaladje, presumably a former justice minister of the republic.

The broadcast stated the meeting "noted that the Bureau of the Central Committee of the Communist Party of Ministers of Georgia and the Council of Ministers of the Georgian Soviet Socialist Republic have not achieved the fulfillment of the decree of the July plenary session of the Central Committee of the Communist party of the Soviet Union and declared the work of the Bureau of the Central Committee of the Communist party of Georgia and the Council of Ministers of the Georgian S. S. R. was unsatisfactory."

Shatalin Is Accuser

The removal of Bakradze and Mirtshkulava could be just a delayed-action cleanup of Beria men in top Georgian posts.

But a secretary of the Central Committee of the Communist Party of the Soviet Union from Moscow, N. N. Shatalin, presided at the purge session. His announced presence makes it obvious that he is the man who brought the orders from the Kremlin.

Shatalin is one of the three secretaries of the Central Committee in Moscow subordinate to the newly elected first secretary, Nikita Khrushchev. Presumably he gets his instructions from Khrushchev.

This suggests the two new men now running the party and government in Georgia may be Khrushchev men.

15 Convicted Of Rockview Riot Charges

BELLEFONTE, Pa., Sept. 22 (AP)—Fifteen inmates of Rockview Penitentiary tonight were found guilty of riot in connection with a three-day outbreak last January.

A Centre County Court jury returned the verdict to end a seven-day trial at which 113 witnesses were heard. Judge Ivan Walker sentenced 14 of the 15 defendants to 1½ to 3 years in prison starting at the expiration of their present terms.

Sentencing of the 15th prisoner, Donald L. Ray, Washington County, was held up pending a hearing Oct. 5. Ray was convicted yesterday of robbery charges growing out of the same disturbance.

Fourteen other inmates went on trial today on charges of riot. Earlier in the day another jury convicted John J. Ciesielski, Allegheny county, of riot and assault and battery but acquitted him of robbery arising out of the theft of pistols from guards held as hostages. He pleaded guilty to the riot charge.

Judge Ivan Walker sentenced him to one to two years in the county jail for assault and another one to two years for riot to run concurrently at the expiration of his present prison term. He is serving two sentences on armed robbery and robbery charges.

All had pleaded guilty. Bishop Kaczmarek set the keynote Monday with a statement, a part of his public confession, that he had been fighting communism since the Russian revolution of 1918.

The bishop drew a 12-year term.
