

New Profs Named to Ag School

Five changes in the faculty in the School of Agriculture have been announced by President Milton S. Eisenhower.

Dr. Bertil C. Anderson, former professor of biology at West Virginia University, has been named professor of zoology and head of the Department of Zoology and Entomology at the College. Anderson will fill the vacancy that resulted from the retirement of Dr. E. H. Dusham.

Anderson received his B.A. degree from Augustana College and Theological Seminary, and his M.S. and Ph.D. degrees from Iowa State University.

In 1930 he was appointed instructor in biology at Western Reserve University. He resigned in 1941 to become research associate at Franz Theodore Stone Laboratory of Ohio State University. He was appointed to the West Virginia University faculty in 1942.

Dr. Howard B. Sprague has been appointed professor and head of the Department of Agronomy succeeding Dr. Herbert R. Albrecht, who earlier was named associate dean and Director of Agricultural and Home Economics Extension.

Sprague has been on active duty with the Air Force for the past two years as a lieutenant colonel. From 1946 to 1951 he was head of the agricultural research division of Texas Research Foundation, where he supervised and administered research in soil science, plant breeding, crop production, pasture management, and plant physiology.

Sprague received his B.S. degree in agriculture and his M.S. degree in agronomy from the University of Nebraska. He received his Ph.D. degree from Rutgers University.

Dr. Alfred L. Bortree, professor of veterinary science, has been appointed head of the newly es-

tablished Department of Veterinary Science.

The new department will provide clinical services and will continue cooperative work with the departments of poultry husbandry, dairy husbandry, and animal husbandry.

Miss Leigh Cree and Miss Marjorie Wormeck have joined the staff of the Agricultural and Home Economics Extension Service. Miss Cree will assist with the information program and Miss Wormeck with nutrition and health.

Miss Cree was a member of the extension information staff at West Virginia University. She received her B.S. degree in home economics at the University of New Hampshire.

Miss Wormeck was graduated from Drexel Institute of Technology with a B.S. degree in home economics. She received her M.S. degree in nutrition at the College.

Krauss to Address Faculty Luncheon

"What We Can Learn from Rome's Fall" will be the subject of Dr. Franklin B. Krauss, professor of Latin and head of the Department of Romance languages, in his address to the Faculty Luncheon Club at noon Monday at State College Hotel.

The steering committee explained that after the table shortage last Monday they have arranged to have more tables available for this meeting.

Council to Hold 'Hillbilly' Mixer

Physical Education Student Council will hold a school mixer, "Hillbilly Hoedown," from 7:30 to 9 p.m. Wednesday in White Hall.

Committee heads are publicity, Martha Rojahn; refreshments, Patricia Patterson; games and entertainment, Harold B. White, assistant professor of Physical Education; decoration, Charles Russo, Theodore Mortenson, Leila Ferguson, and Margaret Powell.

Grad Students Receive Grants

Fellowships have been granted to five candidates for the doctor's degree in the metallurgy curriculum.

Fellowships have been offered by various industries allied with the School of Mineral Industries.

Robert H. Read received a fellowship from the Stackpole Carbon Co., St. Marys, for work in powder metallurgy.

Louis E. Colterzyahn received a grant from United States Steel Corp., Robert E. Caffrey from the advisory committee of co-operative progress in Metallurgy; and Frederick C. Langenberg, and Kenneth E. Pinnon from the Weirton Steel Co., Weirton, W. Va.

These men will be aided in their work by Dr. Amos J. Shaler, professor of metallurgy, and Prof. Robert Lindsay, associate professor of metallurgy.

Health Association To Meet Tonight

The Centre County Association for Health, Physical Education, and Recreation will meet at 7:30 tonight in 3 White Hall.

Dean John Lawther will discuss his recent trip to Mexico, where he conducted basketball clinics.

Philosophy Colloquium To Meet Each Month

Dr. John M. Anderson, professor and head of the Department of Philosophy, has announced that this year's philosophy colloquium will meet on the first Tuesday of each month at 3:10 p.m. in 305 Sparks.

"Basic Ideas of Western Culture" will be the main theme with Dr. Henry Johnstone, instructor in philosophy, presenting the first talk, "Casual Necessity and Hume's Argument Against It," on Tuesday.

Foreign Language Exam Scheduled for Nov. 2

Applicants for the foreign language reading examination, required for all candidates for advanced degrees and scheduled for Nov. 2, must register before Oct. 2, for French, Spanish and Russian in 300 Sparks, and for German in 229 Sparks.

Sprague to Speak

Dr. Howard B. Sprague, new head of the Agronomy department, will be guest speaker at the Clover Club meeting at 7 p.m. Tuesday in 117 Plant Industries. Dr. Sprague's theme will be opportunities for agronomy students.

'Moon Is Blue' Cast Announced

The cast for "The Moon Is Blue," first Center Stage production of the year, has been announced by Robert D. Reifsnider, director.

In the leading roles are Nancy May as Patty and Kenneth Williams as Don. Howard Warren plays David and Russell Miller plays Sergeant O'Neill.

The play will open Oct. 9 and run for six weeks. Ticket sales will begin Monday at the Student Union desk in Old Main.

Simkovich Gets Scholarship

A \$400 scholarship has been granted to Alex Simkovich, fifth semester metallurgy major, by the American Society of Metals.

Simkovich was awarded the grant Tuesday at the first meeting of the College chapter of the American Society of Metals. Dr. Amos J. Shaler, chief, Division of Metallurgy, presented the award.

Simkovich's average, 2.48, during his sophomore year, was the highest class average in his school.

The grant's purpose is to stimulate increased enrollment of higher grade students in the metallurgy curriculum.

Although the regular schedule for the pony express took ten days from St. Joseph, Mo., to the Pacific Coast, the record run was made in seven days and 17 hours.

Committees Set By Ed Council

Education Student Council yesterday began organizing six committees for the coming year. Included in the committees are elections, coffee hour, Education school newsletter, mixer, evaluation and handbook.

Members were asked to indicate committee preferences. Council president Harold Shanks will announce permanent committee appointments at the next meeting, 8 p.m. Tuesday. The meeting place will be announced.

Senate—

(Continued from page one)

he said, and undoubtedly the College would also take action against the group.

IFC Can Enforce

He said he favors the middle plan of enforcement of the state law. Total prohibition, he felt, would not work and, in addition to illegal operations, could cause resumption of the "bloody rush" from Bellefonte for beverages.

The IFC is fully capable of enforcing any new policy established by the College, but it can not be done overnight, he said. Present conditions, he added, are the best since 1946.

Lemyre said the committee will continue discussion of the problem at next week's meeting.

Schott said both the administration and the IFC are aware of the problem. The solution, he said, must be worked out in a way beneficial to all.

Oxford is no longer a one-collar style shirt

Styled by Manhattan

The shirting that buttoned-down the nation now appears in a fresh, new crop of Manhattan shirts, featuring a variety of new collar styles. All as comfortable and long wearing as ever—all tailored with the fine eye for style detail that has kept Manhattan famous. Stop in and see Oxford in all the brand new collar styles of the season.

Jack Harper

HATTER HABERDASHER TAILOR

OXFORD

—no longer a one-collar style shirt!

It's a bright era for oxford fans. For this rich soft shirting now comes in many smart new collar styles, three of which are illustrated below, in addition to the ever popular button-down. All handsome and long-wearing—with Manhattan's traditional tailoring detail subtly present in every stitch. Why not see them today, at your nearest Manhattan dealer.

REED—tabless tab, short point round collar.

DRESS 'N' PLAY—convertible bandless collar, angle stays.

MANROL BUTTON-DOWN—bandless, perma-roll wide spread collar.

BURT—regular "soft-roll" button-down collar.
