

48 Trailers Are Parked In Windcrest

The Windcrest trailer development, once a community of 350 College-owned government surplus trailers, has been reduced to a small group of 48 trailers, Otto E. Mueller, director of housing, said yesterday.

Abandonment of the trailers began in 1949 under a systematic removal system. Trailers were taken out when their condition no longer presented suitable living quarters. Tenants were then assigned new trailers.

Since the beginning of the fall semester, no reassignments have been made, Mueller said, and the development will be abandoned completely as soon as present tenants terminate their leases.

The original project, as started in 1946 to house returning war veterans. The College bought trailers from the government, erected them at Shortlidge road and College avenue, and leased them to veterans and other students. Students did not have to be veterans to apply for the trailers.

The College also leases trailer space to students who own trailers. At present there are three privately-owned trailers in the Windcrest area.

Nine Month Check
(The executive agreement with Spain provides that the United States grant Spain \$226 million in aid for the use of Spanish ports and airbases for the US Navy and Air Force. Most of the Western allies oppose the tie with the totalitarian dictator Franco.)

Since every American hired by the United Nations must be cleared by the organization, no Americans are being hired as the clearing process takes nine months and by then the jobs are gone, Mrs. Roosevelt explained.

After the Korean peace settlement, Mrs. Roosevelt said she hoped the UN would realize roundtable discussions on the whole Asia problem were needed. The former first lady last year made an extensive tour of India, Pakistan and the Near East.

Cabinet--

(Continued from page one)
to it by the deans.

Permanent members of the committee would be the director of student affairs, chairman of the Senate Committee on Student Affairs, dean of the student's school, and president of the student's school council. Members determined by the sex of the student involved would be the chairman of Judicial or Tribunal, the dean of men or women, and the president of the Women's Student Government Association or All-College president. A staff of faculty specialists would be designated by the sub-committee and requested by the student if he desired.

The resolution was opposed by some cabinet members because certain of the sub-committee members hearing the case in appeal would have heard the case previously.

Judicial Resolutions
The other recommended resolution stated that a decision of the All-College Elections committee might be appealed to the sub-committee on organization control of the Senate Committee on Student Affairs.

Cabinet approved the following resolutions of the judicial committee:

That group violations of college rules and regulations be tried by the sub-committee on social affairs of the Senate Committee on Student Affairs, and that fraternal groups be reviewed and referred by Interfraternity Council and Panhellenic Council,

That the work of the sub-committee on organization control of the Senate Committee on Student Affairs be publicized explaining its authority on constitutionality and scope of activity of student organizations.

That the judicial board of the Association of Independent Men assume responsibility for proper conduct in the men's dormitories,

supplementing the work of resident counselors.

That the IFC board of control be authorized to try individual members of fraternities.

That Tribunal be given greater judicial powers; to hear cases of lesser disciplinary nature as referred by the dean and to hear appeals from AIM and IFC.

That the campus patrol resume

the policy of giving guest stickers to campus visitors.

That the school council presidents consider the feasibility of

instituting an honor system within their school.

That the present judicial committee be continued.
