

UN, Reds to Set Place for Talks

WASHINGTON, Oct. 12 (AP)—The United States and its 16 Korean War Allies tonight offered to meet with Communist representatives at Panmunjom Oct. 26 to agree on a time and place for a Korean peace conference.

A formal note to the Chinese Communist government said the representatives would discuss the makeup of the peace conference only "to the extent consistent" with a UN Assembly decision barring neutrals.

The UN's stand appeared to rule out Communist demands that India, Indonesia, Burma, Pakistan and Russia be given seats at the conference table as "neutrals."

The note said:

To Ready Representatives
"The United States, after consultations with the other governments participating on our side, has authorized its representatives to agree on a time and place for a conference and to exchange views looking toward early agreement on procedural, administrative and related questions as to arrangements which it might be appropriate to discuss before the conference begins.

"Our representatives, therefore, will be prepared to deal with such questions and will also be prepared to exchange views on composition of the political conference to the extent consistent with the basis above set forth in the preceding paragraphs."

Reds Ask Conference
In the "preceding paragraphs" of its message, transmitted through the Swedish government, the UN side recalled that paragraph 60 of the armistice agreement limited conference roles to "the governments concerned on both sides."

The message recalled that it was the Communists themselves who insisted upon this type of conference, and, in effect, accused the Reds of lying when they claim they favored including neutral nations all along.

McCarthy Reveals Espionage in Army

NEW YORK, Oct. 12 (AP)—Sen. McCarthy (R-Wis.) said today his new probe has turned up indications of "extremely dangerous espionage" at the Ft. Monmouth, N.J., Signal Corps radar center and possibly throughout the Signal Corps.

He said that testimony before his Senate permanent investigations subcommittee "has all the earmarks that extremely dangerous espionage" has been committed recently at Ft. Monmouth.

McCarthy added without elaboration:

"If it develops as it has been it will envelop the whole Signal Corps."

Reds Wish To Regain Prisoners

PANMUNJOM, Tuesday, Oct. 13 (AP)—The Communists gave notice yesterday they are ready to begin this week an all-out struggle to win back 22,500 anti-Communist Chinese and North Korean prisoners.

The psychological war will be waged inside the demilitarized zone under supervision of the five-nation repatriation commission, headed by India.

It may touch off violent repercussions from prisoners who have vowed they would not be interviewed and have flung rocks and curses at Red officials.

Peiping radio said Lt. Gen. Lee Sang Cho, head of the Communist military armistice delegation, had informed the commission that Red persuasion teams were ready to start tomorrow or Thursday on explanations of repatriation rights to prisoners.

The United Nations command has completed a temporary "explanation center" of 20 tents but the Reds refused to go ahead until 12 more tents are put up tomorrow or the next day.

It was understood the Communists wanted to conduct 32 "explanations" at a time in an effort to coax back a maximum number of prisoners who have renounced communism.

Kidnapers Admit Planning Murder Of Greenlease

ST. LOUIS, Oct. 12 (AP)—Carl Austin Hall, a sullen drug addict, and his unkempt woman friend confessed today they prepared to kill Bobby Greenlease before they kidnaped the 6-year-old child.

Hall admitted to the FBI he killed the boy by firing a pistol bullet into the right side of his head after driving him across the Missouri-Kansas state line from Kansas City a short time after Bobby's kidnaping.

Mrs. Bonnie Brown Heady, 41-year-old alcoholic, confessed she was with Hall when he killed the boy, son of multi-millionaire parents who paid a record \$600,000 in ransom.

With the couple's signed confessions that the child was taken across a state line, the government immediately filed charges at Kansas City under the Lindbergh kidnaping law.

The confessions today cleared Thomas John Marsh, 37, tattooed ex-convict named earlier by Hall as the actual killer of Bobby, of any part in the crime.

The admissions also wiped out the Heady woman's earlier claim she was merely an innocent pawn in the case when she led the unsuspecting child from an exclusive Catholic school Sept. 28 on the pretext she was his aunt. She insisted she thought the boy was Hall's son, in custody of an ex-wife.

The 34-year-old Hall, ne'er-do-well son of a respected Kansas family, and his partner in the crime that has shocked the nation, were expected to go to trial on the kidnaping charge before a federal court jury in Kansas City.

Cleveland's Mayor Appointed to Senate

COLUMBUS, Ohio, Oct. 12 (AP)—Democrat Gov. Frank J. Lausche of Ohio today named his hometown friend, Democratic Mayor Thomas A. Burke of Cleveland, to the vacant seat of Robert A. Taft, late Republican leader in the U.S. Senate.

Lausche's surprise announcement, phoned on his way from Columbus to Cleveland for a Columbus Day observance, gave assurance that Burke would not try to upset the thin margin of Republican organization control in the Senate.

With the appointment of Burke, that body now has 48 Democrats, 47 Republicans and Sen. Wayne Morse of Oregon, who calls himself an independent but has promised to vote with the GOP on Senate organizational matters.

Vice President Richard M. Nixon, who presides over the Senate, can break tie votes in favor of the Republicans.

Burke by statute will serve under the appointment until Dec. 15, 1954. A senator to serve the remainder of Taft's term to Jan. 3, 1957, will be elected in November, 1954.

Lausche reached Cleveland after the telephoned announcement to his secretary in Columbus for press release had become public. The governor said:

"Prior to the appointment I did not speak to Thomas A. Burke and hence do not know when he will take the oath."

Burke in a statement at Cleveland expressed belief in the two

Red MIG Pilot Reverses Self

SEOUL, Oct. 12 (AP)—A refugee MIG pilot changed his mind today and said as far as he knew the Reds had not shipped any warplanes into North Korea after the armistice went into effect.

Noh Kum Suk, a North Korean who landed his MIG in Seoul Sept. 21, contradicted earlier statements that the Reds had shuttled in MIG jets and bombers in violation of the truce terms.

Was It a War or Not?

WASHINGTON, Oct. 12 (AP)—The Supreme Court today refused to review a decision that the Korean conflict was not a war in the legal sense.

The court said that while the minority should be constructively critical, the President should receive support in his program.
