

# Pro-Italy Youths Protest in Trieste

TRIESTE, Oct. 14 (AP)—A band of 2000 pro-Italian youths raided offices of the Yugoslav economic delegation here tonight, smashed windows and hurled out the furniture. They had been inflamed by Slovene-Communist rioting in behalf of President Marshal Tito.

# Dulles Hopes Big 3 Talks Will Succeed

WASHINGTON, Oct. 14 (AP)—Secretary of State Dulles, departing for London, expressed hope tonight that imminent Big Three talks will "make some progress" toward easing world tensions through international cooperation.

Dulles set out on his flying visit prepared to discuss with British Foreign Secretary Eden and French Foreign Minister Bidault the possibility of bringing one or more neutral nations into the projected Korean peace conference at a later stage as a possible way of breaking the stalemate holding up the conference.

The idea is that some nation such as India might serve in the role of "honest broker" between the two belligerent sides—the United Nations and the Communists.

It was also reported on excellent authority that Dulles was going with an open mind about the proposal of Yugoslavia's Marshal Tito for a United States-British-Italian-Yugoslav meeting on the Trieste crisis. Like the Korean problem, the whole Trieste situation is slated for study at London.

Dulles released a statement disclosing that he is carrying "best wishes" from President Eisenhower to Prime Minister Churchill and expressing pleasure at the prospect of finding Eden again at work after his serious illness of the spring and summer.

Dulles said the "unwavering objective" of the talks to be held Friday and Saturday will be "to seek out, with all of our Allies, the basis for a lasting peace." He did not detail the subjects to be discussed, but exchanges among Washington, Paris and London in the last few days made clear that no matter of international importance would be excluded.

# Early Trial Set For Kidnapers

KANSAS CITY, Oct. 14 (AP)—The government moved quickly today for an early trial of the kidnapers who killed 6-year-old Bobby Greenleaf.

As a step in bolstering the government's case against the two confessed kidnap-slayers, U.S. District Judge Richard M. Duncan called back into session a federal grand jury now in recess.

The 23-member body was ordered to reconvene Oct. 26 to consider the case.

Dist. Atty. Edward L. Scheufler, who requested that the jury be recalled, already had filed kidnaping charges against the couple, Carl Austin Hall, 34, and Mrs. Bonnie Brown Heady, 41.

Before taking the action Scheufler said it was just another step in making certain the government has the best case possible against Hall and Mrs. Heady.

Scheufler also announced he was taking personal charge of the prosecution.

As yet he has given no indication when the pair will appear for a hearing.

# Britain Tests A-Bomb

LONDON, Oct. 14 (AP)—Britain announced tonight an atomic weapon was successfully exploded early this morning at the proving grounds northwest of Woomera, Australia.

Where is the sweetest deal in town?

# PWs Show Indifference To 'Coaxers'

PANMUNJOM, Thursday, Oct. 15 (AP)—Chinese anti-Communist prisoners refused this morning to attend "explanations" at which the Reds hoped to coax them into returning to their Communist homeland, an authoritative source said.

The prisoners were moved into 250-man compounds but flatly refused to leave them for tent booths where the Communist "explainers" were waiting to interview them, the source said.

Gen. K. S. Thimayya, Indian chairman of the Neutral Nations repatriation Commission reportedly addressed the prisoners after their refusal to move.

Even the Communists did not anticipate smooth sailing when the Chinese and 7800 North Koreans began at 8 a.m. 6 p.m., Wednesday, EST.

Peiping radio, in a broadcast heard in Tokyo, predicted "the explanation work will not be a calm and smooth process."

It charged that "saboteurs and thugs" planted by the Allies would attempt to "waste as much of the explainers time as possible out of their eight-hour working day."

Bugles sounded in the compounds when the Red representatives were sighted by the prisoners—about 7:15 a.m. Then a rock barrage started. The stones rained down on the roads leading to the compounds.

Indian guards hastened to the compounds and quieted the clamor by 7:45 a.m. There were no reports of any of the Communist explanation team—described as "about 180 Chinese"—being injured by the rock-throwing.

# Communists Start Riot

Persons of both factions in the long dispute between Italy and Yugoslavia over the territory's future violated an order by Maj. Gen. Sir John Winterton, British commander of the Allied occupation forces, temporarily banning "public meetings, parades and demonstrations by political parties and associations."

Slovenes and pro-Yugoslav Communists started it.

About 2000-strong, they battled territorial police with fists and umbrellas in an angry demonstration in the center of Trieste to back Tito's protest against the transfer of Zone A to Italy's rule.

# Minor Demonstrations

More than 300 blue-clad police, part of a force of 4400 efficient and militarily trained men, broke the core of the riot in less than an hour, pushing and showing the demonstrators into side streets. The police used no clubs or other weapons. A few persons were arrested.

The attack on the Yugoslav economic offices came amid various minor demonstrations in narrow, shop-lined streets of the city after darkness fell.

# McCarthy Discloses Spy

NEW YORK, Oct. 14 (AP)—Sen. McCarthy (R-Wis.) said today a scientist pal of atom spy Julius Rosenberg admits taking 43 secret documents from Army Signal Corps files some years ago. Army agents later recovered them in a 1946 raid on the scientist's home, McCarthy said.

There was no evidence the secrets ever got beyond the scientist, although McCarthy said there was a possibility.

However, the Senator claimed a number of top secret radar documents—not necessarily the same ones the witness was talking about—eventually fell into Communist hands in East Germany.

McCarthy did not name the witness but called him a "top scientist" recently suspended at the Signal Corps laboratory at Ft. Monmouth, N.J. He also was said to be a self-described "close friend" of the recently executed Rosenberg. The atom spy once worked at Ft. Monmouth, nerve center of the Army's vital radar program of defense.

McCarthy said the witness told of taking the secret documents home with him because "it was

common practice."

"Another reason he gave for removing them was that he was studying up on his work," the Senator added.

The witness was quoted as saying he signed some of the papers out himself, while some were released to him by other unidentified parties.

McCarthy claimed the documents "were used by the Communists." Radar, an uncannily accurate detection device, is the backbone of America's defense against atomic attack. Secrets of its deployment and use would be invaluable to an enemy.

# U.S. to OK Neutral In Peace Conference

UNITED NATIONS, N.Y., Oct. 14 (AP)—The United States will accept a neutral nation as "honest broker" in the Korean peace conference if necessary, a Western diplomatic source said today.

He said the United States now feels that the conference might in its latter stages need the services of a neutral country, such as India, Sweden or Switzerland, to aid in the deliberations between the UN side and the Communist delegates.

# Views Communicated

This informant made it clear the United States will firmly oppose any attempt by the Communists to make the question of neutral representation the first item of business at the peace conference.

These American views will be communicated to the Communist Chinese and North Koreans when and if the United States representative, Arthur Dean, meets the Reds at Panmunjom for preliminary talks. The United States also will have to sell the idea to Syngman Rhee, president of the Republic of Korea. He is firmly opposed to giving India a UN seat at the conference.

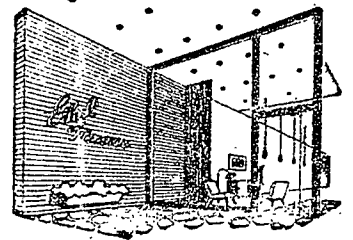

# 'Honest Broker' Needed

The Reds have been pressing for the inclusion in the formal conference of these countries as neutrals: The Soviet Union, India, Pakistan, Indonesia and Burma. The UN Assembly decided Aug. 28 that the Russians could attend on the Communist side if invited by the Reds. The assembly also voted to limit the UN side to belligerents.

Few diplomats here believe any agreement can be reached by the Communists and the UN side without the help of the "honest broker." Rhee was said to be highly suspicious of any attempt to bring in a neutral at any stage of the conference, fearing that, in the words of one diplomat, South Korea "may be sold down the river."

# France Favors Big 4 Meeting

PARIS, Oct. 14 (AP)—Premier Joseph Laniel's cabinet decided today to push for a Big Four meeting on Germany and Austria, in accord with Britain and the United States, and to forget for the time being the possibility of a Five-Power meeting including Communist China.

# Thru the Looking Glass

with Gabbi

Hi! Today we're about as groovy as an Italian movie with clues on card-hunting that's easier than your snap course if it's done at ETHEL'S. Let me tell you how to go about it clever-like . . .

# Personality prints for your pleasure . . .

ETHEL and I are real excited about the fascinating Panda Prints by Rosalind Welcher that are the greatest combination of sophistication and sentiment since Cupid. Without the usual cliches, they express perfectly the spirit of the occasion. They have the most rakish way of saying "happy birthday" or "get well" with gay poodle dogs, angelic devils, portish puppies and fluttery flappers.

# Not tree-trimming time yet, but . . .

Hustle down to ETHEL'S and get your Christmas card buying on the move. Each card is individually styled to add elegance to that are-old greeting. Whimsical and charming in their simplicity, they have the art of provoking the most unusual comments. Honestly, you'll just be bottom man on the totem pole if you don't listen to me just this once (the nagging wife in me) and play it cool by not waiting until the 24th to get hep.

# Tricky tips for the short-winded writer

When you just need a sheet of note paper to say hi, or thank ye, (or to write home for money) ETHEL'S have the unique and the unusual. Before going any further, they're \$1 a box, so stay with me. These, too, are patterned by Panda and come in various assortments like "Animals and Old Lace" or "Main Street, 1900." There are others such as the "Animal Kingdom" collection, that are realistic pictures of vegetables fashioned and photoed into people. You, too, could get a clearer picture if you wouldn't be so doggone stubborn and get down to ETHEL'S. Go ahead, take a break at ETHEL'S and browse. We'll be seeing you . . .

# Wable to Face Killing Charges

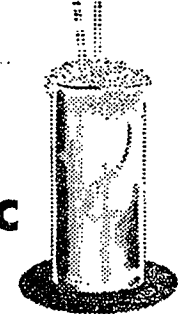

ALBUQUERQUE, Oct. 14 (AP)—A sullen handcuffed John Wesley Wable today boarded a train for his trip back to Pennsylvania to face charges of murdering two truck drivers.

The 24-year-old youth, accused of being the murderous terrorist of the Pennsylvania Turnpike, refused to answer questions of reporters and held this sweater in front of his face to avoid news photographers.
