

USSR Wants Seat In Trieste Talks

UNITED NATIONS, N. Y., Oct. 15 (AP)—Russia's Andrei Y. Vishinsky served notice today the Soviet Union never will agree to a Trieste settlement reached without Moscow's participation. He gave this blunt warning to the 11-nation UN Security Council at the end of a 40-minute speech in which he charged the United States and Britain violated the Italian Peace Treaty by deciding recently to turn over the administration of the American and British zone, known as Zone A, to the Italians.

Vishinsky Lashes Back

Henry Cabot Lodge Jr., chief American delegate, touched off fireworks in the Council by charging that the Russians brought up the Trieste issue only to make trouble and spread propaganda.

Vishinsky angrily lashed back that Trieste long had been on the council agenda and was no new problem in that body. He charged that the West had nominated persons to be governor of Trieste but had repudiated them as soon as the Russians approved them.

Issue Long Dormant

"It seems our approval is a taboo or a plague," the red-faced Vishinsky said.

Vishinsky raised the Trieste issue, long dormant in the Security Council, as the foreign ministers of the United States, Britain and France prepared for a meeting this weekend in London. Trieste is high on the list of problems facing those ministers and Vishinsky put at the top of that pile his flat warning that the Soviet Union will not countenance any unilateral action on Trieste reached by the United States, Britain, France, Italy or Yugoslavia. This was a reference to a proposal by President Tito that the problem be considered at a conference.

Rosenberg Named Spy Mastermind

NEW YORK, Oct. 15 (AP)—Atom spy Julius Rosenberg was named by Senate investigators today as mastermind of a Ft. Monmouth, N.J., radar spy ring that may have outlived him.

Sen. McCarthy (R-Wis.) claimed there is a "strong possibility" a Russian spy ring still is at work at Ft. Monmouth, and that it could be a holdover from the Rosenberg days.

"The evidence before us today has definitely convinced us that it will be absolutely necessary to interview Greenglass and maybe call him as witness," McCarthy said. "There is a strong indication that he can give us much valuable information."

Greenglass is serving a relatively light federal prison sentence of 15 years at Lewisburg, Pa. It was his reward for cooperating with the government in the prosecution of Rosenberg and his wife, Ethel, the sister of Greenglass.

In recent weeks, 10 persons reportedly have been dismissed as security risks from Ft. Monmouth, center of America's top secret radar defense against atomic attack.

Polio Cases Decline

WASHINGTON, Oct. 15 (AP)—The Public Health Service said today it received reports of 1288 new polio cases last week.

It was the third straight week there has been a sizeable drop-off in the number of new cases.

Ike Gains Tax Support

WASHINGTON, Oct. 15 (AP)—President Eisenhower picked up some congressional support today in an expected battle over the administration's strategy to avert major revenue losses from excise tax reductions next year.

The reductions, now set for April 1, 1954, would chop taxes on liquor, automobiles, cigarettes, beer, wine, gasoline and sporting goods by more than a billion dollars annually.

Some legislators, with an eye on next year's congressional elections, have insisted that the tax cuts should go into effect as scheduled.

Others noted that the reductions would strike at a time when

the administration will be struggling to approach a balanced budget for the next fiscal year, starting July 1.

Rep. Richard M. Simpson (R-Pa.) an influential member of the tax-writing House Ways and Means Committee, said today he didn't see how Congress could permit such a loss of revenue in view of the budget picture. He added, however, that other excise tax changes might be needed.

He stressed that taxpayers will get some \$5 billion in tax cuts on Jan. 1, when individual income tax rates are due to drop about 10 per cent, and the excess profits tax expires.

Dulles in London for Big 3 Talk

LONDON, Oct. 15 (AP)—U.S. Secretary of State Dulles flew into London tonight for Big Three talks which he said might help to douse possible flashpoints of war.

"We do not expect to produce any magic formula for peace," he warned in a statement at the airport to reporters. "But I am confident that this coming exchange of views among three friends will advance the cause of world-wide peace and justice."

Dulles, British Foreign Secretary Anthony Eden, and French Foreign Minister George Bidault, assembled here at a time of high tension between East and West over Korea and Germany and between Italy and Yugoslavia over Trieste, will meet tomorrow morning for the first of their new conferences. The meeting will be held in Eden's green-walled room at the British Foreign Office.

Dulles hurried from the airport to keep a dinner appointment with Prime Minister Churchill.

The 78-year-old British leader, with Eden and Lord Salisbury beside him, was expected to argue his case for a meeting between President Eisenhower, Soviet Premier Georgi Malenkov, himself, and possibly French Premier Joseph Laniel to ease world tensions. Lord Salisbury was acting foreign secretary in the spring and summer, when Eden was ill.

Color TV Called 'Very Impressive'

NEW YORK, Oct. 15 (AP)—The television industry gave an official demonstration of compatible color TV for the Federal Communications Commission today and Chairman Rosel Hyde called it "very impressive."

Asked whether the FCC might approve color for commercial use by Christmas, Hyde said that "doesn't seem to be an unreasonable speculation."

Chem-Phys Photos To Be Taken Today

Seniors in the School of Chemistry and Physics may have pictures taken for LaVie today through Monday at the Penn State Photo Shop.

Agriculture seniors must return LaVie picture proofs to the photo shop by Saturday, Herman Golomb, editor, has announced.

490 of 500 Chinese Reject Communism

BULLETIN

PANMUNJOM, Friday, Oct. 16 (AP)—North Korean anti-Communist prisoners of war refused to face Communist explainers today, and the second day's talks with reluctant POWs had failed to start a half hour after the scheduled hour of 10 a.m. (8 p.m. Thursday EST.)

PANMUNJOM, Friday, Oct. 16—Ninety-eight percent of the first Chinese prisoners interviewed by the Reds yesterday chose the United Nations in a screaming, face-to-face repudiation of Communism.

Of the first 500 who reluctantly went to the explanation booths—and then belatedly after Indian troops had threatened to drag them there—only 10 walked through the door carefully pointed out to them as the one leading back to Red rule.

The other 490 cast their lot with the free world, walking out the door back to UN custody after shouting insults at the sweating and embarrassed Red persuasion experts.

One Chinese, left alone for five minutes to make his decision, was still there when everybody came back. He said he was too afraid he might go out the wrong door—the one back to Communism.

"Do you ever think of your family?" was the first question asked.

"Yes," shrieked one prisoner. "They were all killed by the Communists."

The Reds get the chance to try it again today with 1000 more of their former soldiers—at least 500 of them North Koreans.

It was too early to make any solid predictions. The rules of the Neutral Nations Repatriation Commission (NNPC) gives the Reds almost unlimited opportunity to call prisoners back for repeated questioning.

The long-awaited explanations started at 3:12 p.m. yesterday after the 5000 neutral Indian guard troops barely averted mass riot.

Questioning was to have opened at 8 a.m. The nervous Chinese, fearing Communist trickery, staged a sitdown strike when the Indians started to move them out.

For seven hours a "battle of wills"—as Maj. Gen. S. P. M. Thorat of India called it—went on. Finally, with a combination of threats, explanations and persuasion, the Indians got the Chinese moving.

Nobel Prize In Writing To Churchill

STOCKHOLM, Oct. 15 (AP)—Sir Winston Churchill, the greatest phrase-maker of his time, won the Nobel prize for literature today and disclosed with a grin that he still thinks Kipling and Shaw were better writers.

The Swedish Academy, which awards the prize annually under the will of dynamite maker Alfred Nobel, voted it to Churchill as both author and orator. It cited his "mastery in historical and biographical writing, and the brilliant art of oratory with which he has stepped forth as a defender of high human values."

"I am very proud indeed to receive an honor which is international," Churchill said. "I have received several honors which are national, but this is the first time that I have received one which is international in its character."

"It is a literary distinction, and I am particularly proud of that."

He noted that Rudyard Kipling was the first Englishman to receive the Nobel prize in literature (1907) and that Bernard Shaw also had won it (1925).

Stock Market Rises

NEW YORK, Oct. 15 (AP)—The stock market swept ahead today in the best advance of the year.

A sudden burst of buying at mid-session spread to all areas of the list.
