

Cabinet Hears Three Reports

Two encampment reports and a National Students' Association report were presented to All-College Cabinet Thursday night.

Cabinet approved the recommendations on student-town relationships presented by John Flanagan, chairman of that encampment committee.

Flanagan recommended that a committee of students and townspeople be formulated to investigate the possibility of Sunday movies, that the incoming freshmen each year be instructed in manners to be used in business relations in downtown State College, and that a committee be formed to incorporate a dance or social affair through which freshmen can meet people of the town.

Flanagan Heads Committee

He also recommended that closer cooperation between student publications and the Centre Daily Times be encouraged, that parking facilities be made available in the downtown area on weekends, that a satisfactory plan of seating in Recreation Hall be developed so that townspeople could attend athletic contests, and that various organized groups on campus meet with the faculty and townspeople in their homes.

Flanagan was appointed chairman of a committee to improve student-town relations.

David Jones, chairman of the Board of Publications and chairman of the encampment committee on student publications, presented the recommendations of his committee, and they were approved.

Committee Continued

The report included a recommendation for the combining of Inking and Pivot, and if this fails, the recognition of Inking as the campus literary magazine. It was also recommended that the Board of Publications seek sources of financing Inking, and that an adviser be named for the student handbook.

A committee to work on the recommendations of the report throughout the year will be formulated. Jones was appointed chairman of the group.

Cabinet approved a report on the National Students Association given by Robert Smoot, campus NSA coordinator, asking for a coordination of faculty rating programs in the various schools. Smoot recommended that Cabinet Secretariat investigate the evaluation programs for the following points: the methods of obtaining the evaluations, what information will be obtained, to whom this information will be available, and methods which would discourage using the program for airing personal grievances and thereby making accurate results impossible.

"It is understood that the secretariat will not be dictating to the school councils as to how to run their programs, but will be suggesting improvements for the good of the students," Smoot said. When this work has been completed, a report of the systems at Penn State would be sent to the national offices of NSA by secretariat.

Members of the Traffic Court were appointed by All-College President Richard Lemyre. Donald Herbein will serve as chairman. Other members are Mark Wiener, Thomas Kidd, Thomas Claypoole, Thomas Calover, junior members, and Stanley Juras and Theodore Cohen, sophomore members.

Shoemaker Sets Turf Record With 391st Win

ALBANY, Calif., Oct. 16 (AP)—Wee Willie Shoemaker, the Texas-born turf terror, galloped to racing immortality at Golden Gate Fields today aboard a horse named The Hoop.

The 22-year-old jockey from El Paso rode his 391st winner of the year for a new world record. A crowd estimated at close to 8000 gave "Silent Shoe" a big ovation as he guided his mount into the winner's circle.

Vets to Hear Selders

Dr. Gilbert Selders, instructor of education, will speak on "Study Habits" at a meeting of the Veterans Club at 7:30 p.m. Tuesday in 110 Electric Engineering. All veterans are invited to attend the meeting.

Six Appointed To NSA Board

Six persons have been selected for membership to the National Student Association screening board by the NSA interview board.

These include two juniors, Terry Stuver, and Ellsworth Smith, and four sophomores, Charles Christiansen, Ruth Grigoletti, Helen Sidman, and Helen Spagnolo.

Serving as the interview board and also members of the screening board are All-College president, Richard Lemyre; NSA chairman, Edward Haag; and NSA coordinator, Robert Smoot.

This board has been organized to screen the NSA programs, eliminate those not applicable to Penn State and present the remaining programs as workable plans to cabinet.

Air Force Backs Sgt. Toth Arrest

WASHINGTON, Oct. 16 (AP)—The Air Force said today that former Air Force Sgt. Robert T. Toth of Pittsburgh had been legally arrested and therefore the U.S. Circuit Court of Appeals should dismiss a writ of habeas corpus issued by a lower court last summer.

The Air Force said in a 92-page brief that not only did the new uniform code of military justice "unquestionably" give it authority to act as it did but that the armed forces have had such authority for 90 years.

Toth, 22-year old steelworker, was arrested last May and flown to Korea to face a court-martial trial on charges of murdering and conspiring to murder a South Korean civilian.

By order of the U.S. District Court for the District of Columbia he later was brought back to this country.

District Judge Alexander Holtzoff issued a writ of habeas corpus on Sept. 3 but stayed the effectiveness of the writ pending the Air Force's appeal. Toth meantime was free under \$1000 bond and permitted to return to Pittsburgh.

The whole case up to this point involves the constitutional question of whether Toth, a civilian at the time, had been legally arrested and transported to a foreign country.

Red Compensation Sought by Britain

B LONDON, Oct. 16 (AP)—Britain today demanded 20,000 pounds (\$56,000) compensation from Red China for a "wanton and unprovoked" shelling of a Royal Navy motor launch by a Chinese warship Sept. 9 off Hong Kong.

Britain handed a note to the Mao Tze-Tung government in Peiping denouncing the attack, in which seven seamen were killed and five others wounded. The note rejected categorically Chinese Communist claims of Sept. 12 that the attack was in reprisal for an earlier assault by the naval launch and two RAF planes.

"American husbands spend more on themselves than on their wives," a government survey reveals.

The Professor Who Couldn't Say "No"

OR ... What to do when you can't afford to flunk

Once there was a Professor who was reluctant to flunk the Team's Top Muscle-Man ... a fullback named Printwhistle, of impressive Physical Proportions but intellectually a Lump. The Professor sought a Loophole. "Printwhistle," he said, "I am no pedant who believes that the sole purpose of education is to cram the Mind with Facts. Rather is its aim to broaden the Mind and make it more Productive. If you can come to me within 24 hours with one—just one—original and worthwhile Idea, I shall not Flunk you."

The dejected Printwhistle explained his Dilemma to his roommate. "Relax," said the latter. "Simplest thing in the world" ... and he expounded a Stratagem.

Next morning the evidence was in. Telegrams ... hundreds of 'em ... on the Professor's desk, from practically everybody on the Campus. All bearing the same message: "Printwhistle must not Flunk! Old Blackstrap needs him. This Approach is his Idea."

Did it work? Well, there's a certain All-American named Printwhistle whose voice shakes with grateful Emotion when anyone mentions Western Union in his Presence.

When you want to Swing a Deal ... Telegrams work wonders. They're grade-A Date Bait, great for coaxing cash from home, practical for arranging anything from a Weekend to a Job Interview. When you want to get inside the Opponent's ten-yard line ... let Western Union carry the ball.
